2021 FTA Stakeholder Survey

Introduction

Every two years the Federal Transit Administration surveys stakeholders on their opinions and points of view regarding the services that we provide. In this survey we are requesting your feedback about what we are doing well, and what we could be doing better.

Your participation is voluntary. There is no penalty to you or your organization if you choose not to fill out the survey. All data are stored in a password-protected electronic format. To help protect confidentiality, the survey responses do not contain your name, organization's name, or email address, and responses (with the exception of written comments) are reported in aggregate.

We estimate that it will take approximately 15 minutes to fill out the survey.

Your candor will help us to improve FTA's services and we appreciate your honest opinion on the topics in the survey.

OMB Paperwork Reduction Act Statement - The Paperwork Reduction Act of 1995 requires us to notify you that this information collection is in accordance with the clearance requirements of Section 3507 of the Paperwork Reduction Act of 1995. We estimate that it will take about 15 minutes to respond to the questions. Please note that a federal agency may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection of information is 2132-0564.

2021 FTA Stakeholder Survey
Open-Ended Questions
The following open-ended questions are optional. We invite you to discuss any ideas
or concerns that would help FTA better serve your organization's needs. All
responses are anonymous.
20. Please list any FTA services that you find particularly helpful in meeting your needs.
21. Please list any services that you believe FTA should improve to directly benefit your organization.
22. Are there any areas where the burden of federal transit law or regulations on your organization should be
reduced? (please be as specific as possible)

23. Please explain any other issues that FTA should be aware of that affect your ability to provide the best
public transportation possible.
