This is an example of the application questions with which you will be presented. It is recommended that you compose the answers to the paragraph questions in a word processing program and then cut and paste that text into the online application.

SAM Registration

The System for Award Management (SAM) is a web-based, government-wide application that collects, validates, stores, and disseminates business information about the federal government's trading partners in support of the contract awards, grants, and electronic payment processes.

All applicants are now required by federal law to have an active registration with the federal government's [System for Award Management](#), prior to applying for the NCUA's Community Development Revolving Loan Fund grant.

Registration is necessary for the NCUA to meet federal grant disclosure requirements, and instructions for creating an account and registering your credit union are available on the NCUA's website [here](#). Instructions may also be found on the System for Award Management's website. There is no registration fee.

Credit unions with questions about registering should contact the [Federal Service Desk](#) online or by telephone at 866-606-8220. For questions related to the NCUA's CDRLF program, email CUREAPPS@ncua.gov.

Important SAM.gov Account Policy Changes

Maintaining an active account status in SAM.gov is a prerequisite to apply for federal financial assistance programs such as CDRLF grants. Credit unions registering a new account in SAM.gov or recertifying an existing SAM.gov account must submit a notarized letter to SAM.gov stating that they are the authorized Entity Administrator within 30 days of account activation. This policy change may impact how long it takes the General Services Administration (GSA) to activate or recertify SAM.gov accounts. Therefore, credit unions interested in applying for CDRLF grants are encouraged to register in SAM.gov or recertify existing SAM.gov accounts **as soon as possible**.
