Background

This collection of information is required by the Trademark Act of 1946, 15 U.S.C. 1051 et seq., which provides for the Federal registration of trademarks, service marks, collective trademarks and service marks, collective membership marks, and certification marks. The Protocol Relating to the Madrid Agreement Concerning the International Registration of Marks (Madrid Protocol) is an international treaty that allows a trademark owner to seek registration in any of the participating countries by filing a single international application.

In support of RIN 0651- AD65 (Setting and Adjusting Trademark Fees During Fiscal Year 2025), USPTO is changing ten fees and adding eight fees to this information collection.
