

Clinical Performance Measures, Required and Optional Sample

Progress toward all six required performance measure goals must be tracked over the course of the 3-year period of performance. Starting with the Required Clinical Performance Measures Forms submitted with the FY 2021 limited competition application, add two new rows (as seen in red in the table below) to provide numeric data to date and a narrative explanation of progress in relation to the goal. Do not edit any information previously included in the FY 2021 forms.

If optional clinical performance measures were included in the FY 2021 limited competition application, progress toward all measures must be tracked over the course of the 3-year period of performance. Starting with the Optional Clinical Performance Measures Forms submitted with the FY 2021 limited competition application, add two new rows to provide numeric data showing progress to date and a narrative explanation of progress in relation to the goal. Do not edit any information previously included in the FY 2021 forms. If Optional Clinical Performance Measures Forms were not included in the FY 2021 limited competition application, do not include any in this submission.

OMB No.: 0915-0285. Expiration Date: 3/31/2023

DEPARTMENT OF HEALTH AND HUMAN SERVICES Health Resources and Services Administration NATIVE HAWAIIAN HEALTH CARE SYSTEM Required Clinical Performance Measures		FOR HRSA USE ONLY	
		Grant Number	Application Tracking Number
1. Focus Area: Diabetes Hemoglobin A1c (HbA1c) Poor Control (> 9 percent)			
Performance Measure	Percentage of patients 18–75 years of age with diabetes who had hemoglobin A1c (HbA1c) greater than 9.0 percent during the measurement period.		
Target Goal Description			
Numerator Description	Patients whose most recent HbA1c level performed during the measurement period was greater than 9.0 percent or patients who had no HbA1c test conducted during the measurement period.		
Denominator Description	Patients 18 through 74 years of age with diabetes with a medical visit during the measurement period. Exclusions: <ul style="list-style-type: none"> • Patients who were in hospice care during the measurement period • Patients aged 66 or older who were living long-term in an institution for more than 90 consecutive days during the measurement period • Patients aged 66 and older with advanced illness and frailty 		
Baseline Data	Baseline Year: Measure Type: Numerator: Denominator:

2. Focus Area: Controlling High Blood Pressure

Performance Measure	Percentage of patients 18–85 years of age who had a diagnosis of hypertension overlapping the measurement period or the year prior and whose most recent blood pressure (BP) was adequately controlled (less than 140/90 mmHg) during the measurement period.
Target Goal Description	
Numerator Description	Patients whose most recent blood pressure is adequately controlled (systolic blood pressure less than 140 mmHg and diastolic blood pressure less than 90 mmHg) during the measurement period.
Denominator Description	Patients 18 through 84 years of age who had a diagnosis of essential hypertension overlapping the measurement period or the year prior to the measurement period with a medical visit during the measurement period. Exclusions: <ul style="list-style-type: none"> • Patients with evidence of ESRD, dialysis, or renal transplant before or during the measurement period • Patients with a diagnosis of pregnancy during the measurement period • Patients who were in hospice care during the measurement period • Patients aged 66 or older who were living long-term in an institution for more

Public Burden Statement: Health centers (section 330 grant funded and Federally Qualified Health Center look-alikes) deliver comprehensive, high quality, cost-effective primary health care to patients regardless of their ability to pay. The Health Center Program application forms provide essential information to HRSA staff and objective review committee panels for application evaluation; funding recommendation and approval; designation; and monitoring. The OMB control number for this information collection is 0915-0285 and it is valid until 3/31/2023. This information collection is mandatory under the Health Center Program authorized by section 330 of the Public Health Service (PHS) Act (42 U.S.C. 254b). Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to HRSA Reports Clearance Officer, 5600 Fishers Lane, Room 14N136B, Rockville, Maryland, 20857 or paperwork@hrsa.gov.
