Request for Approval Under Generic Clearance for CDC Fellowship Programs Assessments (OMB Control Number: 0920-1163)

TITLE OF INFORMATION COLLECTION: 2024 Epidemic Intelligence Service (EIS) Supervisor Survey and Supervisor Exit Survey

Instruction: This form should be completed by the primary project representative at the CIO sponsoring the genIC, after consultation with the Center, Institute, or Office (CIO) PRA contact. An FTE is required to serve as the primary investigator for all information collection requests.

Instruction: Please provide no more than two sentences for each item in this box.

Goal of the study: To conduct surveys for supervisors of the CDC's Epidemic Intelligence Service (EIS) fellowship to track fellowship outcomes and foster continuous program improvement.

Intended use of resulting data: Data will be used by EIS program staff to monitor program outcomes related to officers and to make improvements to the fellowship program re: supervisor/host site experience.

Methods to be used to collect data: Data will be collected through two web-based data collection instruments that will include open and closed-ended questions. One instrument will be for the supervisors of EIS class of 2022 officers (EIS Supervisor Exit Survey) and one instrument will be for the supervisors of EIS class of 2023 officers (EIS Supervisor Survey).

Subpopulation to be studied: Supervisors of EIS class of 2022 and 2023 officers. This GenIC is specifically for the supervisors at non-federal sites (state, tribal, local, and territorial [STLT] agencies).

How data will be analyzed: Descriptive statistics will be used to analyze quantitative data. Qualitative data analysis will be conducted on open-ended survey responses.

CIO or Division PRA Contact
Name: Carter Clinebell
Email: sei1@cdc.gov
Phone: 404-498-6424

Project Representative
Instruction: Complete the fields below with information about the project lead.
Name: Meagan Davis
Title: Public Health Analyst/Evaluation Unit Lead
Affiliation (CIO/Division): PHIC/DWD
Email: yly5@cdc.gov
Phone: (404) 498-6311

Abbreviated Supporting Statement A

DETERMINE IF YOUR INVESTIGATION IS APPROPRIATE FOR THIS GENERIC CLEARANCE MECHANISM

Instruction: Before completing and submitting this form, first determine if the proposed investigation is appropriate for the Data Collection for CDC Fellowship Programs Generic ICR mechanism. Complete the checklist below. If you select "yes" to all criteria in Column A, the Data Collection for CDC Fellowship Programs Generic IR mechanism ***can*** *be used. If you select "yes" to any criterion in Column B, the Data Collection for CDC Fellowship Programs Generic ICR mechanism* ***cannot*** *be used.*

Column A	**Column B**
Information gathered is intended for CDC fellowship service improvement and program management purposes. [x] Yes [ ] No	The investigation is conducted to contribute to generalizable knowledge. [ ] Yes [x] No
Data collection will be completed in 90 days or less. [x] Yes [ ] No	Data collection is expected to require greater than 90 days. [ ] Yes [x] No
No incentive (e.g., money, reimbursement of expenses, token of appreciation) will be provided to participants. [x] Yes [ ] No	An incentive (e.g., money, reimbursement of expenses, token of appreciation) will be provided to participants. [ ] Yes [x] No

Did you select "yes" to **all** criteria in Column A?

If so, the *Data Collection for CDC Fellowship Programs* Generic ICR might be appropriate for your investigation. You may proceed with this form.

Did you select "yes" to **any** criterion in Column B?

If so, the *Data Collection for CDC Fellowship Programs* Generic ICR is not appropriate for your investigation. Stop completing this form now and consult your PRA contact about alternatives.

PURPOSE

Instruction: Provide a brief description of the Epidemic Intelligence Service *collection purpose and how it will be used. If this is part of a larger study or effort, please include this in your explanation.*

The Centers for Disease Control and Prevention's (CDC) (EIS) is a 2-year fellowship in applied epidemiology. EIS officers are placed in host sites for the fellowship. EIS supervisors work closely with EIS officers in their host sites throughout the fellowship, providing mentorship, direction on projects, and feedback that is critical for officers' on-the-job learning in applied epidemiology. Supervisors are an important data source for providing feedback on the program, including how host sites have benefited from the officer's service and how officer's work has contributed to public health action.

Data collected will be used to answer the following questions, specifically:
(1) To what extent do host sites benefit from the service provided by EIS officers?
(2) How has EIS officers' work been used for public health action?
(3) How can we improve the fellowship experience for host sites and supervisors?

Questions #1-2 are only relevant for the EIS Supervisor Exit Survey (at the end of the 2-year fellowship), not the EIS Supervisor Survey (at the 1-year mark in the fellowship).

CDC is requesting OMB approval to collect data from supervisors employed at STLT host sites to track EIS officer contributions to host sites and public health and general. EIS staff will also use these results for program improvements.

DESCRIPTION OF RESPONDENTS
Instruction: Provide a brief description of the group(s) targeted for this information collection. These groups must have experience with the program.
Check all that apply.

[ ] Potential applicants or applicants
[ ] Current fellows (nonfederal employees)
[ ] Alumni
[x] Mentors or supervisors
[ ] Employers of alumni
[ ] Other (describe): _____

TYPE OF COLLECTION
Instruction: Check all that apply.

[ ] Focus group
[ ] Face-to-face interview
[ ] Telephone interview
[ ] Self-administered hard copy questionnaire
[x] Self-administered Internet questionnaire
[ ] Self-administered electronic questionnaire (e.g., fillable form)
[ ] Other (describe): _____

CERTIFICATION
Instruction: Please read the certification carefully. If you incorrectly certify, the collection will be returned as improperly submitted or it will be disapproved.

I certify the following to be true:

1. The collection is voluntary.
2. The collection is low burden for respondents and low cost for the Federal Government.
3. The collection is noncontroversial and does not raise issues of concern to other Federal agencies.
4. Information gathered will be used primarily to inform programs of efficiency and effectiveness of fellowship programs and will not be used for the purpose of substantially informing influential policy decisions.

5. The collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the future.
6. With the exception of information needed to contact participants, personally identifiable information (PII) is collected only to the extent necessary and is not retained.
7. If this genIC requires collections of race and ethnicity data, the questions are consistent with HHS policy and standard OMB classifications.
8. A copy of the IRB approval or exemption determination with description of participation consent and secure collection, storage, and management of participant data and information is attached.
9. A currently valid OMB control number and expiration date is displayed in the upper-right corner at the beginning of the data collection instrument.
10. The following statement is displayed at the bottom of the first page of the data collection instrument or will be read to the participant prior to data collection: "Public reporting burden of this collection of information is estimated to average [number of] minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS H21-8 Atlanta, Georgia 30333; ATTN: PRA (0920-1163)."
    a. If the Privacy Act applies, the following statement is also included: "The Privacy Act applies to this information collection. The requested information is used toward assessment and continuous quality improvement of CDC fellowship activities and services. CDC will treat data/information in a secure manner and will not disclose, unless otherwise compelled by law."
11. A Part II Worksheet is included in this submission.

Certified by CDC Sponsoring Program Division or CIO PRA Oversight Official:

Name: Marion Carter
Date of Certification (MM/DD/YYYY):____5/30/2024____
Email: ___acq0@cdc.gov_____
Phone: ___404-639-8035_____

To assist review, please provide answers to the following questions:

Personally Identifiable Information

1. Is personally identifiable information (PII) collected? [ ] Yes [x] No
2. If Yes:
    a. Is the information that will be collected included in records that are subject to the Privacy Act of 1974?
    [ ] Yes [ ] No
    b. Please provide justification for collecting PII: _____
    c. Please describe efforts to use existing PII to avoid duplication (e.g., information from the Fellowship Management System [OMB No. 0920-0765], FedScope):
    _____

d. In advance of any data collection, the following statement will be provided directly to the participant (e.g., in a written statement on a survey tool prior to beginning a questionnaire, read to participant prior to interview): "The Privacy Act applies to this information collection. The requested information is used toward assessment and continuous quality improvement of CDC fellowship activities and services. CDC will treat data/information in a secure manner and will not disclose, unless otherwise compelled by law."

Sensitive Questions
Instruction: If sensitive questions will be asked, provide justification and specific use.

The survey will NOT ask personal identifiers such as name and email address. We do intend to ask demographic questions, including race, ethnicity, and gender. These questions will be optional for all survey respondents. This information is important to understanding how demographics might impact outcomes.

BURDEN HOURS
Instruction: Complete Table 1 using the following column headings to calculate the burden hours for respondents.

- **Category of Respondents:** *Identify who you expect the respondents to be in terms of the following categories: (1) Potential applicants/applicants, (2) Current fellows (nonfederal employees), (3) Alumni, (4) Mentors or supervisors, (5) Employers of alumni, (6) Other (please describe).*

- **Form Name***: Include the type of data collection (e.g., "Electronic survey of fellowship applicants," "Telephone interview of recent graduates").*

- **No. of Respondents***: Provide an estimate of the number of respondents.*

- **No. of Responses per Respondent***: Provide the number of times the same respondent will be contacted for data/information collection.*

- **Average Burden per Respondent (in hours):** *Provide an estimate of the amount of time required for a respondent to participate (e.g., time required to fill out a survey or participate in a focus group).*

- **Total Burden Hours:** *Provide the total burden hours by multiplying as follows: ([No. of Respondents] x [No. of Responses per Respondent] x [Average Burden per Respondent]) in each row. Then total the rows.*

Table 1. Estimated Burden

Category of Respondent	Form Name	No. of Respondents	No. of Responses per Respondent	Average Burden per Respondent (in hours)	Total Burden Hours

Non-federal primary supervisors of EIS class of 2023 officers	EIS Supervisor Survey	31	1	10/60	5.17 hr (310 min)
Non-federal primary supervisors of EIS class of 2022 officers	EIS Supervisor Exit Survey	28	1	20/60	9.33 hr (560 min)
Totals		**59**	1		**15hr (870 min)**

The average burden per response is 14.75 minutes (870 minutes / 59 responses).

FEDERAL COST

Table 2. Estimated Cost to the Government

Staff or Contractor	**Average Hours**	**Average Hourly Rate**	**Total Cost**
GS-13 Public Health Analyst: *Coordinate survey design, creation, and approval; review instruments, analysis plans, and reports*	10	54.64	$546.40
GS-12 Health Scientist: *Support survey design and creation, analyze EIS data and report results*	30	43.31	$1,299.30
Total	**40**		**$1,845.70**

Link to U.S. Office of Personnel Management Pay Tables: https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/2019/general-schedule/.

PROJECT SCHEDULE

Instruction: Provide an estimated schedule indicating start dates, allowing sufficient time for delays and unforeseen circumstances. Sample activities and time schedules are provided; please modify as needed.

Project Time Schedule	
Activity	**Time Schedule**

Design methods and data collection instruments	April-May 2024
Human subjects determination	TBD (STARS PD submitted May 2024)
Pilot test instrument	April-May 2024
Develop genIC request	April-May 2024
Submit genIC to ICRO (then ICRO into ROCIS)	May 2024
Receive OMB approval for genIC	June 2024
Implement data collection	As soon as genIC is approved or as indicated by the genIC data collection plan
Analyze data as planned	Approximately within 3 months of close of data collection
Produce technical and summary report	Approximately within 6 months of close of data collection: communicate to leadership about results and recommendations for improvement or actions

Abbreviated Supporting Statement B

Selection of targeted respondents
Instruction: Please provide a description of how you plan to identify your potential group of respondents and how you will select them.

All supervisors of current EIS officers will receive the survey invitation emails (see Attachment 3 for the email invitation for the EIS class of 2023 supervisors and see Attachment 7 for the email invitation for the EIS class of 2022 supervisors).

Administration of the instrument
Instruction: Identify how the information will be collected.

1. How will you collect the information? (Check all that apply)
   [x] Electronic
   [ ] Telephone
   [ ] In-person
   [ ] Hard copy
   [ ] Other, explain: _____

2. Will trained interviewers or facilitators be used? [ ] Yes [x] No [ ] N/A

Methods to maximize response

Instruction: Provide a brief description of the procedures planned to maximize response rates.

The email invitation introduction will contain the purpose of the information collection and directions for completing the web-based data collection instrument. The introduction will emphasize the importance of input from EIS supervisors. The web-based format is expected to increase the response rate because it will ease administration of the assessment. Additionally, at least three reminder emails (see Attachment 4 for the reminder email for the EIS class of 2023 supervisors and see Attachment 8 for the reminder email for the EIS class of 2022 supervisors) will be sent to those who have not yet completed and who have partially completed a survey.

Analysis plan

Instruction: Provide a brief description of the analysis plan, including quality control procedures, and estimation procedures

An Excel spreadsheet of the data will be exported from the online survey platform and stored on a CDC-secured location. Descriptive statistics will be calculated in Excel or R. Open-ended responses will be qualitatively analyzed.

Pilot testing

Instruction: Provide a brief description of pilot-test efforts.

The surveys were piloted with 5 public health professionals in May 2024 to assess the clarity of the questions and response categories and estimated time required to complete the data collection.

Instruction: Describe efforts to improve or refine the instruments based on the pilot-test findings and feedback.

[ ] No changes necessary, based on pilot-test findings and feedback.

[x] Changes (please describe): Minor formatting and wording edits were made after pilot testing.

Consultation on statistical aspects

Were outside agencies, partners, or organizations consulted on statistical aspects of the design?

[ ] Yes

[x] No

If yes, list the following information of all persons consulted.

Name: _____

Agency/organization (e.g., companies, state or local governments): _____

Title: _____

Telephone number: _____

Email address: _____

Please ensure that all instruments, instructions, and scripts are submitted with this request.

DATE SUBMITTED TO DWD INFORMATION COLLECTION REQUEST LIAISON (ICRL)
Instruction: Please indicate the date (MM/DD/YYYY) the request is submitted to the ICRL.
5/30/2024

Email the completed form to the DWD PRA Coordinator Carter Clinebell sei1@cdc.gov
