## Zero Suicide Evaluation Consumer Study Interest Form (C-SIF)

---

### Description of Participation

The Substance Abuse and Mental Health Services Administration (SAMHSA) of the Department of Health and Human Services is evaluating SAMHSA's Zero Suicide in Health Systems program. Aptive Resources along with its partner ICF (Team Aptive) are contracted by SAMHSA to conduct this evaluation. We are asking you to participate in this survey. This survey will take about 15 minutes to complete.

### Right Regarding Participation

Your participation in this survey is completely voluntary.

There are no penalties or consequences to you if you do not participate.

You may stop the survey or skip a question at any time for any reason.

You may contact the evaluation principal investigator with any questions you have before, during, or after completion.

### Privacy

We will take every precaution to protect your privacy.

All survey responses will be confidential. Your name will never appear in any report. All findings will be reported in aggregate; that is, they will be combined with responses from other individuals. If you are selected to participate in follow-up surveys your responses across administration will be linked with a unique identifier, but your name and responses will not be linked. Your individual responses will not be shared with anyone, including your provider or other grantee-funded staff.

Contact information will be entered into a password-protected database which can only be accessed by a limited number of individuals (selected Team Aptive staff) who require access.

### Benefits

Your participation will not result in any direct benefits to you. However, your input will contribute to a national effort to prevent suicide.

### Incentive

In appreciation the respondent will receive a \$5 electronic gift card for completing this survey.

### Risks

Completing this survey poses few, if any, risks to you. Some questions may make you feel uncomfortable. You can choose not to answer any question for any reason. You may choose to stop the survey at any time, or not answer a question for whatever reason. You will not be penalized for stopping. You can contact the principal investigator of the project at any time. -

### Contact Information

If you have any concerns about completing this survey or have any questions about the study, please contact Christine Walrath, principal investigator, at (646) 695-8154 or [christine.walrath@icf.com](mailto:christine.walrath@icf.com).

For any questions related to your rights as they related to this research, please contact the ICF IRF at [IRB@icf.com](mailto:IRB@icf.com).

Thank you for helping us invite this consumer to participate in the survey opportunity. We will use the information we learn to better understand how we can support behavioral health consumers at risk for suicide, as well as document all of the successes that you have helped this consumer achieve throughout their care.

This form consists of **two sections** that need to be completed during a consumer's **first appointment** after enrolling in a suicide care management plan or other suicide-specific services.

1. **Section 1 (Staff-Completed):** This section contains a few brief questions about the consumer's care. Staff members should complete this section.
2. **Section 2 (Participant-Completed):** These questions should be asked directly to interested participants. Providers can choose to ask verbally during an appointment or provide a tablet, computer, or other device for participants to complete these questions directly. Additional instructions are available in Section 2 to help guide a participant through the questions if they are completing it through self-report.

## **Section 1. Consumer and Screening Information**

1. Does this consumer have a National Outcome Measures (NOMS) Participant ID?
  - Yes. Please list the NOMS ID here: \_\_\_\_\_
  - No
  - I don't know
2. When was this consumer's first appointment with your agency? \_\_\_\_\_
3. Does this consumer have an active suicide care management plan?
  - Yes
  - No
  - I don't know

## Section 2. Study Interest and Contact Information

### Consumer Study Interest Form Administration Guide

This section of the form asks questions about the participants' interest in study participation and their suicide risk. These questions may be asked verbally to participants during an appointment, or you may hand a tablet, computer, or other device to the participant and ask them to complete the questions independently.

**When you are ready to proceed to the participant questions, click next below. If you are asking participants to self-report this information directly, you may pass them the device after clicking next.** Participants will be asked to hand the device back to you after the questions are complete. Those who complete this section are eligible for a \$5 gift card. Information needed to redeem this gift card will be shown at the end of the survey. Please also be sure to provide consumers with this gift card information if you are asking questions to participants verbally.

You're invited to take part in a study about your experiences with your healthcare provider. If you're interested, there are a few things you need to know:

1. **Initial Questions:** You'll answer a few questions now. These will help us understand your current mental health and care experiences.
2. **Surveys:** You'll also receive a survey via email in a few days, as well as a follow-up survey in about six months. These surveys will ask you additional questions about your mental health, the services you have received, and your experiences with care.
3. **Optional Interview:** If you would like, you also have the opportunity to participate in a 60-minute interview to share more about your experiences. If you are interested and selected to participate, you will receive an additional email or phone call to schedule your interview. Interviews will take place over the phone or through a video call.
4. **Purpose:** By participating, you'll help us learn how the services you received have impacted you over time. We are interested in your experiences because we want to improve support for people like you throughout their care journey.
5. **Time Commitment:** The two surveys will take approximately 20-25minutes each, or up to 50 minutes total. If you are selected to participate, the interview will take approximately 60 minutes.
6. **Survey Gift Cards:** As a thank-you, you'll receive up to \$30 total in gift cards, including:
  - o **\$5 Gift Card Today** after you complete the initial questions and provide your contact information.
  - o **\$10 Gift Card** after you complete the first follow-up survey in a few days.
  - o **\$15 Gift Card after** completing the second survey in about six months.

7. **Interview Gift Cards:** Those who are selected to participate in the optional interviews will receive an additional \$30 gift card after completing the interview. Interviews will be scheduled on a rolling basis, so keep an eye on your email for more information from the study team.

Thank you for considering participation! Your insights matter.

This study is being conducted by the Substance Abuse and Mental Health Services Administration, or SAMHSA, with help from Team Aptive. Team Aptive includes two research and evaluation companies, Aptive Resources and ICF, who are contracted by SAMHSA for the evaluation.
