1 GENERAL INFORMATION

1.1 Overview

The Programs of All-Inclusive Care for the Elderly (PACE) is a pre-paid, capitated plan that provides comprehensive health care services to frail, older adults in the community, who are eligible for nursing home care according to State standards. PACE programs must provide all Medicare and Medicaid covered services; financing of this model is accomplished through prospective capitation of both Medicare and Medicaid payments.

CMS regulations at 42 CFR § 460.98(b) (2) require a PACE Organization (PO) to provide PACE services in at least the PACE center, the home, and inpatient facilities. The PACE center is the focal point for the delivery of PACE services; the center is where the interdisciplinary team (IDT) is located, services are provided, and socialization occurs with staff that is consistent and familiar to participants. The PACE model of care includes, as core services, the provision of adult day health care and IDT care management, through which access to and allocation of all health services is managed.

Physician, therapeutic, ancillary and social support services are furnished in the participant's residence or onsite at a PACE center. Hospital, nursing home, home health and other specialized services are furnished in accordance with the PACE participant's needs, as determined necessary by the IDT. To provide PACE participants with flexibility regarding access to quality care, CMS has allowed POs to offer some services in other settings which are referred to as an alternative care setting (ACS). An ACS can be any physical location in the PACE organization's CMS approved existing service area other than the participant's home, an inpatient facility, or PACE center.

Section 4801 of the Balanced Budget Act of 1997 (BBA)(Pub. L. 105-33) authorized coverage of PACE under the Medicare program by amending Title XVIII of the Social Security Act ("the Act") and adding section 1894, which addresses Medicare payments and coverage of benefits under PACE. Section 4802 of the BBA authorized the establishment of PACE as a state option under Medicaid by amending Title XIX of the Act and adding section 1934, which directly parallels the provisions of section 1894. The regulations implementing these PACE statutory requirements are set forth in 42 CFR Part 460.

The Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000, (BIPA) amended the PACE statute to provide authority for CMS to modify or waive certain PACE regulatory provisions. CMS-1201-IFC, Programs of All-inclusive Care for the Elderly (PACE); Program Revisions, published October 1, 2002, 67 FR 61496, established a process through which existing and prospective POs may request a waiver of Medicare and Medicaid regulatory requirements. On December 8, 2003, the Congress enacted the MMA of 2003 (Pub. L. 108-173). Several sections of the MMA impact POs. Most notably, section 101 of the MMA affected the way in which POs are reimbursed for providing certain outpatient prescription drugs to any Part D eligible participant. As specified in sections 1894(b)(1) and 1934(b)(1) of the Act, POs shall provide all necessary services including prescription drugs, without any limitation or condition as to amount, duration, or scope and without application of deductibles, co-payments, coinsurance, or other cost sharing that would otherwise apply under Medicare or Medicaid.

In 2006, CMS issued a final rule (71 FR 71244, Dec 8, 2006) that finalized both the PACE interim final rule with comment period published in the Federal Register November 24, 1999 (64 FR 66234) and the PACE interim final rule with comment period published in the Federal Register on October 1, 2002 (67 FR 61496). For a legislative history of the PACE program between 1999 and 2006, please see 71 FR 71244 through 71248 (Dec. 8, 2006).

CMS issued a final PACE rule (CMS-4168-F), effective August 2, 2019, which updated and modernized the PACE program. This final rule codified CMS' existing practice of relying on automated review systems for processing initial applications to become a PACE organization and expansion applications for existing PACE organizations. In addition, the final rule modified the PACE regulations to eliminate the need for PACE organizations to request waivers for a number of the most commonly waived provisions.

CMS finalized a PACE rule (CMS-4190-F2 (86 FR 5864)), applicable January 1, 2022. This rule largely impacted the participant rights aspect of the application by adding 3 new distinct rights as well as requirements related to participant appeals. The rule also included new service determination request provisions, which enable PACE participants to request initiation of a service, modification of an existing service or continuation of a service that a PACE organization recommends be discontinued or reduced

CMS issued a final rule ([CMS-4201-F \(88 FR 22120\)](#)), applicable January 1, 2024. CMS amended the definition of contract year at § 460.6 to state that a PACE organization's initial contract year may be 19 to 30 months, as determined by CMS, but in any event will end on December 31. Additionally, CMS updated requirements for contracted services that PACE organizations use, both administrative or care-related, to furnish services to participants;

CMS finalized updates to the PACE program under a final rule ([CMS-4201-F3 and CMS-4205-F \(89 FR 30448\)](#)), applicable January 1, 2025. Updates in this rule include, incorporating an evaluation of past performance into the review of applications submitted by PACE organizations that seek to offer a PACE program or expand an approved program by adding a geographic service area and/or PACE center site or sites; defining what constitutes a complete and valid PACE application; compliance actions for failure to comply with the terms of the PACE program agreement; updates to the required PACE participant rights; and updates to the required procedures for grievances and appeals for PACE participants.

1.2 Technical Support

CMS provides training information available on the CMS website at: <https://www.cms.gov/Medicare/Health-Plans/PACE/Overview>. This includes both an overview of the PACE application process as well as training to assist applicants with navigating the Health Plan Management System (HPMS), which is the system used by applicants to prepare and submit their electronic applications. All applicants are strongly encouraged to view these trainings prior to initiating the application process.

CMS staff are available to provide Health Plan Management System (see Section 1.3, below)

technical support to all applicants and answer questions during the PACE application process. While preparing the application, applicants may send inquiries to the PACE portal at: <https://PACE.lmi.org>. Please note: this is a webpage, not an email address.

1.3 The Health Plan Management System (HPMS)

HPMS is the primary information collection vehicle through which PACE applicants will communicate with CMS during the application process, the Part D bid submission process, and for reporting and oversight activities.

Applicants are required to enter contact and other information in HPMS in order to facilitate the application review process. Applicants must promptly enter organizational data into HPMS and keep the information up to date. These requirements ensure that CMS has current information and is able to provide guidance to the appropriate contacts within the organization. In the event that the application is approved and CMS executes a 3-way program agreement with the applicant entity and the applicable state, this contact information will also be used for frequent communications during the operational period of the PACE program. Therefore, it is important that this information be accurate at all times.

HPMS is also the vehicle used to disseminate CMS guidance to POs. This information is then incorporated into the appropriate manuals. It is imperative for POs to independently check HPMS memos and follow the guidance as indicated in the memos.

1.4 Submitting Notice of Intent to Apply (NOIA)

Organizations interested in becoming a new PO must complete a nonbinding NOIA in order to submit an initial PACE application to be approved as a PACE organization. The NOIA form is available on the CMS website at: <https://www.cms.gov/Medicare/Health-Plans/PACE/Overview>. The completed form must be submitted to the PACE portal at: <https://PACE.lmi.org>.

To ensure adequate time for processing, applicants should submit the completed NOIA to the PACE portal during the first month of the quarter in which the applicant intends to submit the application. **(Applications must be created, completed and submitted within the same quarter to HPMS.)** NOIAs that are not submitted timely may result in an organization's inability to submit the application during the desired quarterly cycle. Upon submission of the completed NOIA form to CMS, the organization will be assigned a pending contract number (H number) to use throughout the application and subsequent operational processes. This contract number starts with an H and is followed by 4 numbers (Hxxxx).

Once a contract number is assigned, the applicant should request a CMS User ID, which is needed to access CMS systems. To request a user ID, follow the "Instructions for Requesting Plan Access via EFI" link in the **Downloads** section of the following website: <https://www.cms.gov/Research-Statistics-Data-and-Systems/Computer-Data-and-Systems/HPMS/UserIDProcess.html>. This process may take 2-4 weeks, so applicants must allow sufficient time to obtain access and complete the application prior to the quarterly

submission deadline. Upon approval of the CMS User ID request, the applicant will receive a CMS User ID(s) and password(s) for HPMS access.

Note that a NOIA is not required of existing, operational PACE organizations that seek to submit an expansion application. However, expansion applicants should inform their CMS Account Managers of any plans to submit a service area expansion application.

1.4.1 Protecting Confidential Information

Applicants may seek to protect their information from disclosure under the Freedom of Information Act (FOIA) by claiming that FOIA Exemption 4 applies. The applicant is required to label the information in question “confidential” or “proprietary” and explain the applicability of the FOIA exemption it is claiming. When there is a request for information that is designated by the applicant as confidential or that could reasonably be considered exempt under FOIA Exemption 4, CMS is required by its FOIA regulation at 45 CFR 5.65(d) and by Executive Order 12600 to give the submitter notice before the information is disclosed. To decide whether the applicant’s information is protected by Exemption 4, CMS must determine whether the applicant has shown that: (1) disclosure of the information might impair the government’s ability to obtain necessary information in the future; (2) disclosure of the information would cause substantial harm to the competitive position of the submitter; (3) disclosure would impair other government interests, such as program effectiveness and compliance; or (4) disclosure would impair other private interests, such as an interest in controlling availability of intrinsically valuable records, which are sold in the market place. Consistent with our approach under other Medicare programs, CMS would not release information that would be considered proprietary in nature if the applicant has shown it meets the requirements for FOIA Exemption 4.

1.5 Application Determination and Appeal Rights

Pursuant to 42 CFR §460.20, if CMS denies an application, including for past performance deficiencies (§460.18), CMS must notify the entity in writing of the basis for the denial and the process for requesting reconsideration of the denial.

2 INSTRUCTIONS

2.0 Overview

Applicants must complete the PACE initial and service area expansion (SAE) application using HPMS as instructed. All documentation must contain the appropriate CMS-issued contract (“H”) number. Applications are accepted on a quarterly basis, on a designated day, which is generally the last Friday in March, June, September and December, with possible modification to account for a holiday. While applications may be created at any time during a specific quarterly cycle, the completed application (i.e., attestation responses and all uploaded documentation, as required) may not be transmitted until the applicant hits the “Final Submit” button on the designated day. CMS provides the submission dates for a given year through an HPMS blast or email in the early part of the year and includes an announcement in HPMS to indicate when the next cycle applications are due.

In preparing a response to the prompts throughout this application, the applicant must mark “Yes” or “No” or “N/A” in sections organized with that format. By responding “Yes,” the applicant is certifying that its organization complies with the relevant requirements as of the date the application is submitted to CMS, unless a different date is stated by CMS.

Applicants should carefully enter their service area into HPMS and ensure that it aligns with the counties and/or zip codes that they have been granted by the state.

The address entered into HPMS for the PACE center must be the physical address for the center. Placeholder addresses will not be accepted. Throughout this application, applicants are asked to provide various documents in HPMS. All required documents to be submitted are specified at the end of each attestation section; a chart of all required attestations and uploads associated with initial and SAE applications is also included in Section 2.2.

CMS strongly encourages PACE applicants to refer to the regulations at 42 CFR §460. Nothing in this application is intended to supersede the regulations at 42 CFR §460. Failure to reference a regulatory requirement in this application does not affect the applicability of such requirement; applicants are required to comply with all applicable requirements of the regulations. Applicants must read HPMS memos and visit the CMS website periodically to stay informed about new or revised guidance documents.

2.1 Types of Applications

Initial Applications are for:

- Applicants who are seeking to become a PACE organization for the first time.

Service Area Expansion Applications are for:

- Existing PACE organizations who are seeking to expand the service area of an existing contract number. This includes an expansion of the currently-approved geographic service area and/or the addition of a new PACE center site.

2.2 Chart of Required Attestations and Uploads

This chart (Chart 1) describes the required attestations and uploads for both initial PACE and SAE applications. Note that SAE applicants must generally respond to the same attestations, as well as upload all documents required of initial applicants. (See Section 2.3.1, below, regarding upload submission instructions and information specific to SAE applications.) The purpose of this chart is to provide the applicant with a summary of the attestation topics.

Chart 1 - Required Attestations and Uploads

* Financial documentation is not a requirement of SAE applicants. However, applicants may be asked to provide specific information as part of the Request for Additional Information (RAI) process if CMS is unable to verify that the applicant is maintaining a fiscally sound operation.

** Marketing materials for both initial and SAE applications are captured separately, via the HPMS PACE marketing module. Applicants must upload marketing materials in the HPMS marketing module for CMS/State review and approval following application submission. Additional information regarding the marketing materials associated with an application may be found in Section 3.5 of this application.

*** The State Readiness Review is required but may or may not be uploaded as part of the initial submission of the application; the State Readiness Review may be uploaded after the initial application submission, subsequent to CMS's RAI.

2.3 Document (Upload) Submission Instructions

Required upload documents must generally be grouped together in a zipped file before uploading. The Readme files for both the PACE and Part D applications (found in the appropriate download templates) details which files to group together and which are to be uploaded individually. Note that each succeeding upload overwrites any previous upload. Therefore, when re-uploading a grouped file, applicants MUST include ALL files in the group in the re-upload.

In addition, the Readme Files provide Naming Conventions for uploaded files. PACE applicants must use these naming conventions, where applicable, and be sure to include the assigned H number in the file name of all submitted documents.

2.3.1 Document (Upload) Instructions Specific to SAE Applications

Generally, the same attestation and upload requirements are required of both initial and SAE applicants. One key exception is Section 3.4 (Fiscal Soundness), which includes different attestation requirements for initial and SAE applicants. In addition, while there is no required financial upload for a PACE SAE application, an applicant may be asked to provide specific information as part of a request for additional information. Documentation submitted in conjunction with initial and SAE applications will be reviewed and incorporated as part of the amended program agreement following approval of the application.

All applicants must upload a signed “State Assurances” document provided by an authorized official of the State Administering Agency (SAA) to demonstrate that the SAA supports the application. All initial applications and any SAE application that includes the addition of a new PACE center require a State Readiness Review (SRR) of the new center. Note that SAE applications that do not include a new PACE center site generally do not require a readiness review; however, the SAA must consider whether the existing PACE center has the capacity to adequately serve new potential participants who reside in the proposed expanded geographic area. SAAs may vary in their requirements for approval of the SAE under these circumstances.

NOTE regarding SAE applications: Active PACE organizations may not submit a service area expansion application if an application is currently pending. PACE organizations that seek to submit another expansion application must wait until CMS has made a final determination regarding the pending application before submitting another as part of a subsequent quarterly cycle. Therefore, organizations should carefully consider expansion proposals and plan accordingly when submitting expansion applications.

2.4 Part D Prescription Drug Benefit Instructions

The Medicare Part D Application is to be completed by those newly forming POs that intend to provide the Part D benefit to eligible participants. Applicants must use the current Medicare Part D Application for new POs that can be accessed via the link below. CMS will not accept or review in any way those submissions using prior versions of the application.

The Medicare Part D Application for new POs can be found at:

http://www.cms.gov/Medicare/Prescription-Drug-Coverage/PrescriptionDrugCovContra/RxContracting_ApplicationGuidance.html.

The Part D application must be submitted simultaneously with this PACE application, and both will be reviewed within the same timeframes.

3 ATTESTATIONS

3.0 Administrative Requirements – Trial Period (SAE applicants only)

The purpose of this section is to ensure that SAE applicants have successfully completed the first trial period audit in order to be able to proceed with the submission of a SAE application consistent with the requirements of 42 CFR §460.12.

A. In HPMS, complete the attestations and applicable uploads below:

RESPOND ‘YES’ OR ‘NO’ TO THE FOLLOWING STATEMENT: TRIAL PERIOD	YES	NO
<p>1. Applicant acknowledges that the first trial period audit has been successfully completed.</p> <p>(If the response is “No,” the applicant may not proceed with the SAE application because CMS and the State Administering Agency (SAA) will only approve a service area expansion or PACE center site expansion after the PACE organization has successfully completed its first trial period audit and, if applicable, has implemented an acceptable corrective action plan per 42 CFR §460.12(d).)</p>		

3.1 Service Area

The purpose of this section is to ensure that all PACE applicants define the proposed geographic area that will be served consistent with the requirements of 42 CFR §460.12, §460.70, and §460.98.

A. In HPMS, complete the attestations and applicable uploads below:

RESPOND 'YES' OR 'NO' TO EACH OF THE FOLLOWING STATEMENTS: SERVICE AREA	YES	NO
1. Applicant ensures that contracted services are accessible to participants and located near or within the geographic service area as specified in §460.70(b)(2).		
2. Applicant agrees to operate at least one PACE center within or contiguous to the geographic service area with capacity to allow routine attendance by participants as specified in §460.98(d)(1).		

B. In HPMS, on the Contract Management/Contract Service Area/Service Area Data page, enter the state and county information for the area the Applicant proposes to serve.

C. In the Documents Section, upload a detailed map, with a scale of the complete geographic service area that includes county, zip code, street boundaries, census tract or block or tribal jurisdiction and main traffic arteries, physical barriers such as mountains and rivers and location of the PACE center (including the address of the PACE center facility), hospital providers, ambulatory and institutional services sites. Depict on the map the mean travel time from the farthest points on the geographic boundaries to the nearest ambulatory and institutional service sites. Service area expansion applications that include a geographic expansion must clearly distinguish the proposed expansion area from the currently approved service area.

Note: The map must be developed in accordance with 42 CFR §460.12, §460.70, and §460.98.

3.2 Legal Entity and Organizational Structure

The purpose of this section is to ensure that all PACE applicants are organized under State law and have a current chart outlining the organizational structure consistent with the requirements of 42 CFR §460.60.

A. In HPMS, complete the attestations and applicable uploads below:

RESPOND 'YES' OR 'NO' TO EACH OF THE FOLLOWING STATEMENTS: LEGAL ENTITY AND ORGANIZATIONAL STRUCTURE	YES	NO	N/A
1. Applicant ensures that the corporate entity that signs the Program Agreement has the legal authority to do so.			
2. Applicant agrees that the Program Director is responsible for oversight and administration of the entity (§460.60(a)).			
RESPOND 'YES' OR 'NO' TO EACH OF THE FOLLOWING STATEMENTS: LEGAL ENTITY AND ORGANIZATIONAL STRUCTURE	YES	NO	N/A
3. Applicant agrees that the Medical Director is responsible for delivery of participant care, clinical outcomes and implementation and oversight of the quality improvement program (§460.60(b)).			
4. Applicant agrees to maintain an up-to-date organizational chart indicating the persons and titles of all officials in the PO (§460.60(c)).			
5. Applicant agrees to indicate relationships to the corporate board, parent, affiliates, and subsidiary corporate entities in an organizational chart. Note: If the applicant is not part of a corporate entity, then the applicant should respond "N/A".			
6. Applicant agrees to notify CMS and SAA in writing at least 14 days before a change in the organizational structure takes effect (§460.60(c)(3)).			
7. For any planned change in ownership, the applicant agrees to comply with all requirements in 42 CFR part 422, subpart L, and must notify CMS and the SAA, in writing, at least 60 days before the anticipated effective date of the change (§460.60(d)).			
8. Applicant ensures that they are organized to operate within the state consistent with all applicable state laws.			
9. If planning to do business as (d.b.a.) under a name that is different from the name of the organization, applicant attests that it has state approval for the d.b.a.			

B. In the Documents Section, upload a description of the organizational structure of the PO, including the relationship to, at a minimum: the governing body, program director, medical director, and to any parent, affiliate or subsidiary entity.

3.3 Governing Body

The purpose of this section is to ensure that all PACE applicants have appropriate resources and structures available to effectively and efficiently manage administrative issues associated with PO operations and participant concerns consistent with the requirements of 42 CFR §460.62.

A. In HPMS, complete the attestations and applicable uploads below:

RESPOND ‘YES’ OR ‘NO’ TO EACH OF THE FOLLOWING STATEMENTS: GOVERNING BODY	YES	NO
<p>1. Applicant ensures operation under an identifiable governing body such as a board of directors or a designated person functioning as such who provides oversight and authority for the following functions:</p> <ul style="list-style-type: none"> • Governance and operation; • Development of policies consistent with its mission; • Management and provision of all services, including the management of subcontractors; • Personnel policies (that address adequate notice of termination by employees or contractors with direct participant care responsibilities); • Fiscal operations; • Development of policies on participant health and safety; and • Quality improvement program. (see §460.62(a)(7)) 		
<p>2. Applicant ensures a Participant Advisory Committee is established of which the majority consists of participants and participant representatives who advise the governing body on participant concerns and provide them with meeting minutes that include participant issues (§460.62(b)).</p>		
<p>3. Applicant agrees to appoint a participant representative to act as a liaison between the governing body and Participant Advisory Committee and present participant issues from the Participant Advisory Committee to the governing body per §460.62(c).</p>		

B. In the Documents Section, upload a current list of the governing body members/board of directors and their titles and indicate which members are PACE participant representative(s). Include the name and phone number of a contact for the governing body and the name and phone number of the PACE Program Director responsible for

oversight and administration as described in §460.60(a).

3.4 Fiscal Soundness

3.4.1 Initial Application

The purpose of this section is to ensure that all PACE applicants meet the financial requirements consistent with 42 CFR §460.80, §460.204, and §460.208.

A. In HPMS, complete the attestations and applicable uploads below:

RESPOND ‘YES’ OR ‘NO’ TO EACH OF THE FOLLOWING STATEMENTS: FISCAL SOUNDNESS	YES	NO	N/A
1. Applicant agrees to maintain a fiscally sound operation as specified in 42 CFR §460.80(a)(1-3): <ul style="list-style-type: none"> • Total assets greater than total unsubordinated liabilities; • Sufficient cash flow and adequate liquidity to meet obligations as they become due; and • A net operating surplus or a financial plan for maintaining solvency that is satisfactory to CMS and the SAA. 			
2. Applicant agrees to provide CMS a copy of the signed “Subordinated/Guaranteed Debt Attestation” form for each financial reporting period.			
3. Applicant agrees to upload a documented plan in the event of insolvency as specified in 42 CFR §460.80(b).			
4. Applicant agrees to provide CMS and the SAA accurate financial reports as specified in 42 CFR §460.204.			
5. Applicant agrees to submit quarterly and annual certified financial statements in a format acceptable to CMS and the SAA as specified in 42 CFR §460.208.			
6. Applicant agrees to provide any reserve requirements and other financial requirements set by the state in which the applicant proposes to operate its PACE program, and any supporting documentation necessary to demonstrate how the applicant meets these requirements.			

- In the Documents Section, upload the independently audited financial statements for the three most recent fiscal year periods or, if operational for a shorter period of time, for each operational fiscal year.

Note: If the PACE legal entity (applicant) is a line of business of the parent organization, and audited annual financial statements are not available at the PACE legal entity level, the applicant may provide audited statements relating to the parent organization. The applicant may also upload independently audited financial statements of guarantors and lenders (e.g. organizations providing loans, letters of credit or other similar financing arrangements, excluding banks), if audited financial statements are not available for either the legal entity or the parent organization.

Audits provided in the Documents section of the application, must include:

- Opinion of a certified public accountant;
- Statement of revenues and expenses;
- Balance sheet;
- Statement of cash flows;
- Explanatory notes; and
- Statements of changes in net worth.

- B. In the Documents Section, upload the most recent year-to-date unaudited financial statements of the PACE applicant legal entity, or if unavailable, for the parent organization, guarantors or lenders.
- C. In the Documents Section, upload financial projections.

Note: Provide financial projections beginning with program commencement through one year beyond break-even. (Financial projections should be prepared using the accrual method of accounting in conformity with generally accepted accounting principles (GAAP). Prepare projections using the pro-forma financial statement methodology. For a line of business, assumptions need only be submitted to support the projections of the line.) Projections must include:

- Opening and annual balance sheet
 - Quarterly statements of revenues and expenses for legal entity
 - Projections in gross dollars which include year-end totals. (In cases where the plan is a line of business, the applicant should also complete a statement of revenue and expenses for the line of business).
- Statement and justification of assumptions
 - State major assumptions in sufficient detail to allow an independent financial analyst to reconstruct projected figures using only the stated assumptions;
 - Include operating and capital budget breakdowns;
 - Address all periods for which projections are made and include inflation assumptions;
 - Justify assumptions to the extent that an independent financial analyst would be convinced that they are reasonable; and

- Base justification on such factors as the applicant's experience and the experience of other POs.

D. In the Documents Section, upload the Subordinated/Guaranteed Debt Attestation form (if applicable).

Note: Subordinated debt is defined as an unsecured debt whose repayment to its parent organization ranks after all other debts have been paid when the subsidiary files for bankruptcy. Guaranteed debt is defined as secured debt in which another entity promises to pay a loan or other debt if the organization that borrowed the money fails to pay. If subordinated/guaranteed debt is identified by the PACE organization (legal entity), it should be included in the total PACE liabilities and the amount of subordinated/guaranteed debt must be clearly identified on the balance sheet of the financial statements and financial projections (if applicable). Please submit a detailed description, including the name and nature of the subordinated/guaranteed debt amount.

E. In the Documents Section, upload your Insolvency Plan.

F. In the Documents Section, upload documents that demonstrate the applicant can, in the event it becomes insolvent, cover expenses of at least the sum of one month's total capitation revenue to cover expenses the month prior to insolvency and one month's average payment to all contractors, based on the prior quarter's average payment, to cover expenses the month after the date insolvency is declared or operations cease. (Arrangements to cover expenses may include, but are not limited to, insolvency insurance or reinsurance, hold harmless arrangements, letters of credit, guarantees, net worth, restricted state reserves or State law provisions.) (42 CFR §460.80)

G. In the Documents Section, upload a description of any reserve requirements and other financial requirements set by the State and supporting documentation to demonstrate how the applicant meets these requirements (if applicable).

3.4.2 Service Area Expansion Application

The purpose of this section is to ensure that all PACE applicants meet the financial requirements consistent with 42 CFR §460.80, §460.204, and §460.208. CMS reserves the right to request additional financial information such as the most recent audited annual financial statements and most recent unaudited financial statements, as it sees fit to determine if the applicant is maintaining a fiscally sound operation.

A. In HPMS, complete the attestations and applicable uploads below:

RESPOND 'YES' OR 'NO' TO EACH OF THE FOLLOWING STATEMENTS: FISCAL SOUNDNESS	YES	NO	N/A
<p>1. Applicant maintains a fiscally sound operation as specified in 42 CFR §460.80(a)(1-3):</p> <ul style="list-style-type: none"> • Total assets greater than total unsubordinated liabilities; • Sufficient cash flow and adequate liquidity to meet obligations as they become due; and • A net operating surplus or a financial plan for maintaining solvency that is satisfactory to CMS and the SAA. 			

Note: CMS will confirm the attestation response by reviewing the most recent audited annual financial statements submitted by the applicant through the Fiscal Soundness Module in HPMS. If the most recent audited annual financial statements in the HPMS fiscal soundness module do not demonstrate that the applicant is maintaining a fiscally sound operation by at least maintaining total assets greater than total unsubordinated liabilities, the applicant must demonstrate that it is meeting fiscal soundness requirements and upload either:

1. The final audited annual financial statements for the most recent fiscal year end, demonstrating the applicant is maintaining a fiscally sound operation by at least maintaining a positive net worth (total assets greater than total unsubordinated liabilities) in accordance with 42 CFR Section 460.80(a)(1); or
2. The most recent quarterly or annual financial statements and include an opinion (such as a letter, not a full audit) from the applicant's independent auditor confirming that the organization's most recent quarterly or annual financial statements are meeting CMS's fiscal soundness requirement by at least maintaining a positive net worth (total assets exceed total unsubordinated liabilities) in accordance with 42 CFR Section 460.80(a)(1).

B. In the Documents Section, upload the most recent independently audited financial statements.

Audits provided in the Documents section of the application, must include:

- Opinion of a certified public accountant;
- Statement of revenues and expenses;
- Balance sheet;
- Statement of cash flows;
- Explanatory notes; and
- Statements of changes in net worth.

C. In the Documents Section, upload the most recent year-to-date unaudited financial statements of the PACE legal entity.

3.5 Marketing

The purpose of this section is to ensure that all PACE applicants develop a plan for marketing and marketing materials consistent with the requirements of 42 CFR §460.82 and the PACE Marketing Guidelines.

A. In HPMS, complete the attestations and applicable uploads below:

RESPOND ‘YES’ OR ‘NO’ TO EACH OF THE FOLLOWING STATEMENTS: MARKETING	YES	NO

2. Applicant agrees that the following information on restriction in services is included in their marketing materials: <ul style="list-style-type: none"> • Participant must receive all needed health care, including primary care and specialist physician services (other than emergency services), from the PO or from an entity authorized by the PO; and • Participants may be fully and personally liable for the costs of unauthorized or out-of-network services. 		
3. Applicant agrees that the marketing material is free of inaccuracies, misleading information, or misrepresentations.		

RESPOND 'YES' OR 'NO' TO EACH OF THE FOLLOWING STATEMENTS: MARKETING	YES	NO
4. Applicant agrees to make marketing materials available to prospective and current participants in English and in any other principal languages of the community as determined by the State in which the PACE organization is located (in the absence of a State standard, a principal language of the community is any language that is spoken by at least 5 percent of the individuals in the PACE organization's service area), and in Braille, if necessary, per 42 CFR §460.82(c).		
5. Applicant agrees to submit marketing material, as outlined in the PACE Marketing Guidelines, to the HPMS module and obtain CMS Regional Office and SAA approval of all marketing information before distribution.		
6. Applicant agrees that its employees or agents will not use the following prohibited marketing practices in accordance with 42 CFR 460.82(e): <ul style="list-style-type: none"> • Discrimination of any kind, except that marketing may be directed to individuals eligible for PACE by reason of their age; • Activities that could mislead or confuse potential participants or misrepresent the PO, CMS, or the SAA; • Gifts or payment to induce enrollment; • Marketing by any individual or entity that is directly or indirectly compensated by the PACE organization based on activities or outcomes unless the individual or entity has been appropriately trained on PACE program requirements; and • Unsolicited door-to-door marketing or other unsolicited means of direct contact. 		
7. Applicant agrees that its employees or agents will not use any marketing practices that are prohibited according to PACE regulation at 42 CFR §460.82.		

NOTE: PACE organizations may begin submitting marketing materials for review after the application has been submitted and the PACE organization gains access to the HPMS Marketing Module. If a PACE organization does not have an executed contract with CMS, any submitted and approved marketing materials will be considered as conditionally approved, pending the outcome of the application review. Initial PACE applicants may not

begin marketing until they have been approved and have received a copy of their program agreement signed by all parties; SAE applicants may not begin marketing in the expanded geographic area, as applicable, until the SAE has been approved and the PACE organization has received the amended program agreement.

3.6 Explanation of Rights

The purpose of this section is to ensure that all PACE applicants have a Participant Bill of Rights, and policies and procedures consistent with the requirements of 42 CFR §460.82, §460.110, §460.112, §460.116, and §460.118.

A. In HPMS, complete the attestations and applicable uploads below:

<p>5. Applicant agrees to do the following when enrollment is denied to a prospective participant because his/her health or safety would be jeopardized by living in the community as specified in §460.152(b):</p> <ul style="list-style-type: none"> • Notify the individual in writing of the reason for the denial; • Refer the individual to alternative services, as appropriate; • Maintain supporting documentation of the reason for the denial; and • Notify CMS and SAA in the form and manner specified by CMS and make documentation available for review. 		

RESPOND 'YES' OR 'NO' TO EACH OF THE FOLLOWING STATEMENTS: ENROLLMENT	YES	NO
<p>6. Applicant agrees to give the enrolled participant the following items after the enrollment agreement is signed as specified in §460.156(a):</p> <ul style="list-style-type: none"> • A copy of the enrollment agreement; • A PACE membership card; that indicates the individual is a PACE participant and includes the PACE phone number; and • Emergency information to be posted in the participant's residence identifying the individual as a PACE participant and explaining how to access emergency services. 		
<p>7. Applicant agrees to submit participant information to CMS and SAA in accordance with established procedures as specified in §460.156(b).</p>		
<p>8. Applicant agrees to meet the following requirements when making necessary changes in the enrollment agreement as specified in §460.156(c):</p> <ul style="list-style-type: none"> • Give an updated copy to the participant; and • Explain the changes to the participant, caregiver, or representative in a way they understand. 		
<p>9. Applicant ensures that the effective date for participant enrollment in the PACE program is the first day of the calendar month following the date the PO receives the signed enrollment agreement as specified in §460.158.</p>		
<p>10. Applicant agrees to continue enrollment until the participant's death, regardless of changes in health status, unless either of the following actions occur as specified in §460.160(a):</p> <ul style="list-style-type: none"> • The participant voluntarily disenrolls; or • The participant is involuntarily disenrolled in accordance with PACE regulations. 		
<p>11. Applicant agrees to cooperate with the annual SAA reevaluation of the participant's continued need for nursing facility level of care as required under the Medicaid state plan. If the SAA permanently waives the requirement due to SAA determination that there is no reasonable expectation of improvement or significant change in the participant's condition, applicant agrees to maintain documentation of SAA waiver and justification in the participant's medical record as specified in §460.160(b)(1).</p>		

RESPOND ‘YES’ OR ‘NO’ TO EACH OF THE FOLLOWING STATEMENTS: ENROLLMENT	YES	NO
12. Applicant agrees to continue enrollment for the participant who no longer meets the state Medicaid nursing facility level of care requirements, if the SAA deems the participant eligible to continue until the next annual revaluation because the participant reasonably would be expected to meet the nursing facility level of care requirement within the next 6 months without continued participation in the PACE program as specified in §460.160(b)(2).		
13. Applicant agrees to work in consultation with the SAA in making a determination of deemed continued eligibility as specified in §460.160(b)(3): <ul style="list-style-type: none"> • Make a determination of “deemed continued eligibility” based on a review of the participant’s medical record and plan of care by applying the SAA established criteria. Criteria used to make the determination must be specified in the program agreement. 		

- A. In the Documents Section, upload policies and procedures for eligibility and enrollment, including the state’s criteria used to determine if individuals are able to live in a community setting without jeopardizing their health or safety at the time of enrollment.

Note: The policies and procedures for eligibility and enrollment must be developed in accordance with 42 CFR §460.150, §460.152, §460.154, §460.156, §460.158, and §460.160.

- B. In the Documents Section, upload any additional enrollment criteria. If not applicable, please enter N/A in the required document upload template document.

3.29 Quality Improvement Program

The purpose of this section is to ensure that all PACE applicants take appropriate actions to improve performance, including the establishment and operation of a quality improvement program in accordance with 42 CFR §460, Subpart H, §460.200, and §460.202.

A. In HPMS, complete the attestations and applicable uploads below:

<p>RESPOND 'YES' OR 'NO' TO EACH OF THE FOLLOWING STATEMENTS: QUALITY IMPROVEMENT PROGRAM</p>	<p>YES</p>	<p>NO</p>
<p>1. Applicant agrees to do the following as specified in §460.130:</p> <ul style="list-style-type: none"> • Develop, implement, maintain and evaluate an effective, data-driven quality improvement program; • Reflect the full range of services furnished by the PACE organization; and • Take action resulting in improvements in its performance in all types of care; and • Meet external quality assessment and reporting requirements, as specified by CMS or the SAA, in accordance with §460.202. 		

<p>RESPOND ‘YES’ OR ‘NO’ TO EACH OF THE FOLLOWING STATEMENTS: QUALITY IMPROVEMENT PROGRAM</p>	<p>YES</p>	<p>NO</p>
<p>2. Applicant agrees to use data collected through the health information system to identify areas for improvement in the delivery of services, quality, and safety across care domains (PACE center, home, inpatient, outpatient, rehabilitative etc.) as specified in §460.136 by doing the following:</p> <ul style="list-style-type: none"> • Using a set of outcome measures to identify areas of good or problematic performance; • Taking actions targeted at maintaining or improving care based on outcome measures; • Incorporating improvements into standard practice to sustain performance; • Prioritizing performance improvement activities based on clinical outcomes, prevalence of the problem in the PACE population, and severity of the problem; and • Immediately correcting an identified problem that directly or potentially threatens the health or safety of participants. 		
<p>3. Applicant agrees that the designated quality improvement coordinator will do the following as specified in §460.136:</p> <ul style="list-style-type: none"> • Coordinate and oversee implementation of the quality improvement activities; and • Encourage PACE participants and caregivers to participate in quality improvement activities, including providing information about their satisfaction with services. 		
<p>4. Applicant ensures that the IDT, PACE staff, and contract providers are involved in the development and implementation of quality improvement activities and are aware of the results of these activities as specified in §460.136.</p>		
<p>5. Applicant agrees to have one or more committees with community input to do the following as specified in §460.138:</p> <ul style="list-style-type: none"> • Evaluate outcome data measuring quality performance; • Address the implementation of the quality improvement plan and the results from quality improvement activities; and • Provide input related to ethical decision-making on issues such as end-of-life, participant self-determination, and other participant health rights and concerns. 		

RESPOND 'YES' OR 'NO' TO EACH OF THE FOLLOWING STATEMENTS: QUALITY IMPROVEMENT PROGRAM	YES	NO
6. Applicant agrees to submit, upon request from CMS and/or SAA, data to monitor its operations, costs, quality, and effectiveness of care and to establish payment rates, specified in §460.200(c).		
7. Applicant ensures a health information system to collect, analyze, integrate, and report data to measure the organization's performance as specified in §460.202.		
8. Applicant agrees to submit data and information pertaining to its provision of participant care in the manner, and at the time intervals, specified by CMS and the SAA as specified in §460.202.		
9. Applicant ensures a written quality improvement plan as specified in §460.132.		

B. In the Documents Section, upload a copy of the applicant’s quality improvement plan. Service area expansion applicants are to upload a current description of their quality improvement program.

Note: The quality improvement plan must be developed in accordance with 42 CFR §460.132. A quality improvement program must be developed in accordance with 42 CFR §460.134, including requirements in 42 CFR §460.120(f) and 42 CFR §460.122(i).

3.30 State Attestations

The purpose of this section is to ensure that the state is willing to enter into a PACE program agreement with the applying entity, or, as applicable, is willing to amend the program agreement with a PACE organization applying to expand its service area and/or add a PACE center site, and that it has processes in place to ensure compliance with its obligations under the program at 42 CFR §460.12(b).

A. In HPMS, complete the attestations and applicable uploads below:

RESPOND 'YES' OR 'NO' TO EACH OF THE FOLLOWING STATEMENTS: STATE ATTESTATIONS	YES	NO
1. (Initial Applicants): Applicant has assurance from the SAA of the state in which the program is located indicating that the state considers the entity to be qualified to be a PACE organization and is willing to enter into a PACE program agreement with the entity.		
1. (SAE Applicants): Applicant has assurance from the SAA of the state in which the program is located indicating that the state considers the entity to be qualified to expand its PACE program and is willing to amend its existing PACE program agreement with the entity.		

- B. In the Document Section upload the State Assurances document signed by an authorized official from the state agency responsible for administering a PACE program agreement.

Note: The document should include the written name and title of the official and the name of the state agency, and the date the document is signed should be within the quarter in which the application is submitted.

- C. In the Documents Section upload the state’s CMS-approved Medicaid capitation payment amount, or the methodology used to calculate the amount, as described in 42 CFR §460.182(b).

Note: If more than one capitation payment is applicable, please identify by cohort. If using the rate methodology, it must be consistent with the methodology included in the approved Medicaid state plan.

- D. In the Documents Section upload a description of the state's procedures for any adjustment to account for the difference between the estimated number of participants on which the prospective monthly payment was based and the actual number of participants in that month, as required at 42 CFR §460.182(d).

- E. In the documents section upload a description of the state’s process for enrollment of participants into the state system, per §460.182(d), including the criteria for deemed continued eligibility for PACE in accordance with 460.160(b)(3). If the state opts to permit permanent waiver of the annual recertification requirement for nursing home level of care based on a determination that there is no reasonable expectation of improvement or significant change in the participant's condition because of the severity of a chronic condition or the degree of impairment of functional capacity, include in this document in accordance with 460.160(b)(1).

- F. In the documents section upload the SAA’s criteria for determining if a potential

PACE enrollee is safe to live in the community at the time of enrollment and a description of the state’s process to oversee the applicant’s administration of the criteria, per §460.150(c) and §460.152(b).

G. In the documents section, upload a description of any information provided by the state to participants, to include information on how beneficiaries access the State Fair Hearings process.

H. In the documents section upload a description of the state’s process for disenrollment of participants from the state’s system, per §460.182(d), as well as the process for prior review of involuntary disenrollments in accordance with §460.164(f).

Note: Disenrollment dates must be in accordance with §460.162(a) and §460.164(a).

3.31 Waivers

PACE applicants are permitted to submit waiver requests consistent with 42 CFR §460.26 and 42 CFR §460.28.

A. In HPMS, complete the attestations and applicable uploads below:

RESPOND ‘YES’ OR ‘NO’ TO EACH OF THE FOLLOWING STATEMENTS: WAIVERS	YES	NO	N/A
1. Applicant is requesting specific modifications or waivers of certain regulatory provisions as part of this application as permitted under Section 903 of the Benefits Improvement and Protection Act (BIPA) of 2000.			
2. Applicant ensures that specific modifications or waivers of certain regulatory provisions as part of this application have been submitted to the SAA for review, as specified in 42 CFR 460.26.			

B. If you are submitting a waiver request in conjunction with your application, please upload a copy of your waiver request, in the Documents Section. Your request should include: Identification of the regulatory section the applicant is requesting to have waived; the rationale behind the waiver request; if applicable, process(es), policies and procedures that will be followed to ensure participant care is not compromised; and a State letter indicating the State's concurrence, concerns and conditions related to the waiver request. Please note that the waiver request is reviewed separately from the application process itself.

3.32 Application Attestation

Applicants are required to upload a completed and signed attestation certifying that all information and statements made in the application are true, complete, and current to the best of their knowledge and belief and are made in good faith.

A. Please upload your application attestation document.

3.33 State Readiness Review

Applicants are required to submit a State Readiness Review of their PACE center.

A. Please upload your State Readiness Review. Note: The State Readiness Review upload is required for initial PACE applications and SAE applications that include a new PACE center. The State Readiness Review may be submitted in response to a request for additional information if not available at the time of application submission. If applying for an SAE with no new PACE Center, the upload is not required.

4.12 Medicare and State Medicaid Capitation Payment

MEDICARE AND STATE MEDICAID CAPITATION PAYMENT

[Appendix M of Program Agreement]

CMS makes a prospective monthly payment to the PO of a capitation amount for each Medicare participant in the payment area. Based on sections 1894(d) and 1853(n)(5) of the Act, prospective payments are made up of the pre-ACA county rate (calculated pursuant to section 1853(k)(1) of the Act), unadjusted for Indirect Medical Education (IME), and multiplied by the sum of the individual risk score and the organization frailty score. The following is a brief description of PACE payment and the differences between PACE payment and payment for Medicare Advantage plans below.

County Rates

The prospective payment rates for PACE are based on the applicable amount calculated under section 1853(k)(1) of the Act, unadjusted for IME.¹ In rebasing years, this rate is the greater of: 1) the county's FFS rate for the payment year or 2) the prior year's applicable amount increased by the payment

¹ The applicable amount is the pre-Affordable Care Act rate, which is phased-out under the Affordable Care Act for Medicare Advantage plans, with transition to a new benchmark methodology finalized nationwide in CY2017. Pursuant to section 1853(n)(5) of the Act, the applicable amount calculated under section 1853(k)(1) continues to apply for PACE.

year's National Per Capita Medicare Advantage Growth Percentage. In non-rebasing years, this rate is the prior year's applicable amount increased by the payment year's National Per Capita Medicare Advantage Growth Percentage. To determine whether a given year is a rebasing year, and for rules applicable to specific payment years, refer to the applicable Rate Announcement (available online at: <https://www.cms.gov/Medicare/Health-Plans/MedicareAdvtgSpecRateStats/Announcements-and-Documents.html>)

Section 1853(k)(4) of the Act requires CMS to phase out indirect medical education (IME) amounts from MA capitation rates. PACE programs are excluded from the IME payment phase out under that section pursuant to section 1894(d)(3).

Effective CY 2006 and subsequent years for MA organizations, CMS makes advance monthly per capita payments for aged and disabled enrollees based on the bidding methodology established by the MMA. See section 1854 of the Act. POs are not required to bid; however, CMS also makes advance monthly per capita payments to POs for their enrollees, based on the PACE county benchmark amounts as the capitation rate.

Risk Adjustment

For the final payment rate, the county rate for the PO is multiplied by the individual participant risk score. Risk adjustment allows CMS to pay plans for the risk of the beneficiaries they enroll, instead of an average amount for Medicare beneficiaries. The individual participant risk score for Medicare Advantage and PACE is calculated using a CMS-HCC model (community, long-term institutionalized, End-Stage Renal Disease (ESRD) or new enrollee), which is published in the annual Announcement of Calendar Year Medicare Advantage Capitation Rates and Medicare Advantage and Part D Payment Policies and Final Call Letter (Rate Announcement).

Section 1894(d)(2) of the Act requires CMS to take into account the frailty of the PACE population when making payments to POs. Therefore, a frailty factor is added to each individual's risk score for PACE payment. Risk adjustment predicts (or explains) the future Medicare expenditures of individuals based on diagnoses and demographics. Because risk adjustment may not explain all of the variation in expenditures for frail community populations, the frailty adjustment is used to predict the Medicare expenditures of community populations with functional impairments.

The frailty score added to the beneficiary's risk score is calculated at the contract-level, using the aggregate counts of ADLs among HOS-M survey respondents enrolled in a specific organization who responded to the survey the prior year. More information regarding the HOS-M can be found in section 10.30 in Chapter 10 of the PACE manual chapter, Quality Assessment and Performance Improvement, located online at: <https://www.cms.gov/Regulations-and->

[Guidance/Guidance/Manuals/downloads/pace111c10.pdf](#)

Because the CMS-HCC model adequately predicts the costs of beneficiaries under age 55 or who are among the long-term institutionalized population, frailty adjustments are added to the risk scores for community-based and short-term institutionalized enrollees aged 55 and older. Updated frailty factors are published in the Rate Announcement for the payment year in which they are first used.

Additional Information

For additional, more detailed information about PACE Medicare payment, please see the following documents:

- Payments to Medicare Advantage Organizations, Chapter 8, Medicare Managed Care Manual
- Risk Adjustment, Chapter 7, Medicare Managed Care Manual
- CMS publishes changes to the Medicare Advantage payment methodologies in the Advance Notice of Methodological Changes for Medicare Advantage (MA) Capitation Rates and Part C and Part D Payment Policies (Advance Notice) in mid-February at <http://www.cms.gov/MedicareAdvtgSpecRateStats/> for public comment. The final payment methodologies are published in the Announcement of Medicare Advantage Capitation Rates and Medicare Advantage and Part D Payment Policies and Final Call Letter (Rate Announcement) on the first Monday in April at the same website.

Medicare Part D

In order for POs to continue to meet the statutory requirement of providing prescription drug coverage to their enrollees, and to ensure that they receive adequate payment for the provision of Part D drugs, beginning January 1, 2006, POs began to offer qualified prescription drug coverage to their enrollees who are Part D eligible individuals. The MMA did not impact the manner in which POs are paid for the provision of outpatient prescription drugs to non-part D eligible PACE participants.

POs are required to annually submit two Part D bids: one for a Plan Benefit Package (PBP) for dually eligible enrollees and one for a PBP for Medicare-only enrollees. The Part D payment to POs comprises several pieces, including the risk adjusted direct subsidy, reinsurance payments, and risk sharing. Payments for eligible enrollees of either PBP will also include a low-income premium subsidy and a low-income cost-sharing subsidy for basic Part D benefits. With a few exceptions, Part D payments are made to POs in the same manner as to MA-PD and standalone PDP plans.

The dual eligible plan differs from the defined standard plan in that there is a nominal cost-sharing amount in the defined standard benefit that low-income

beneficiaries pay themselves for each prescription drug event. Because POs cannot apply cost sharing, the dual eligible PACE plan pays this nominal amount, estimated to be 2 percent, and the government in turn reimburses the PACE organizations. Therefore, payments for dually eligible enrollees will also include an additional amount to cover nominal cost sharing amounts (“2% capitation”).

Dual eligible PACE participants are not responsible for Part D premium payments and receive 100 percent premium assistance for the portion of the basic premium below the low-income benchmark. Therefore, there is an additional premium payment to dual eligible plans in situations where the PO’s basic Part D beneficiary premium is greater than the regional low-income premium subsidy amount.

STATE ATTESTATIONS/ASSURANCES SIGNATURE PAGES

[Template for State Attestations/Assurances Document]

The purpose of this section is to ensure that the state is willing to enter into a PACE program agreement with the entity, and that it has processes in place to ensure compliance with its obligations under the program. Please upload the following assurances with all blanks filled in and with the appropriate signature from the State Administering Agency (SAA). Any application submitted that does not include this signed document will be deemed incomplete and will not be reviewed.

State certifies that the entity described in this application is qualified to be a PACE provider and operate in the proposed geographic service area.

State has elected PACE as part of its Medicaid state plan which allows for operation of the applicant within the state.

State of _____ is willing to enter into a program agreement with the applicant.

PACE center address for this application: _____
(enter N/A if an expansion application without a new PACE center)

Service area specific to this application. (Include name of each applicable county and specify either full or partial for each. If partial, list all applicable zip codes specific to each county. For expansion applications, only enter the new service area being added. Enter N/A if an expansion application that does not include new service area.)

For a geographic service area expansion application, state agrees that the existing PACE center site(s) is adequate to serve PACE participants who reside in the proposed geographic service area.

State certifies that this PACE organization will have an enrollment limit of _____ participants (if state enrollment limit applies).

State agrees to establish a process to ensure that all potential participants, including any individual who is not eligible for Medicaid, are assessed to determine that he or she needs the level of care required under the Medicaid state plan for coverage of nursing facility services. (42 CFR §460.152(a)(3))

State agrees to establish a process to receive participant enrollment information from the applicant for purpose of enrollment of Medicaid participants into the program. (42 CFR §460.156 (b))

State agrees to establish a process to ensure that, at least annually, participants will be evaluated to determine if the participant continues to need the level of care required under the Medicaid state plan for coverage of nursing facility services. (42 CFR §460.160(b))

State may agree to establish a process to permanently waive the annual recertification requirement for a participant if it determines that there is no reasonable expectation of improvement or significant change in the participant's condition because of the severity of a chronic condition or the degree of impairment of functional capacity.

When the state determines a PACE participant no longer meets the state Medicaid nursing facility level of care requirements, the state agrees to establish a process that may deem participants to continue to be eligible for PACE until the next annual reevaluation if, in the absence of continued coverage under the program, the participant reasonably would be expected to meet the nursing facility level of care requirement within the next 6 months.

State agrees to establish criteria to use in making the determination of deemed continued eligibility.

State agrees to make a determination of continued eligibility in consultation with the applicant, based on a review of the participant's medical record and plan of care.

State agrees to oversee the applicant's administration of the criteria for determining if a potential PACE enrollee is safe to live in the community at the time of enrollment.

State agrees to establish a process to ensure that beneficiaries have access to the State Fair Hearings process as an external appeal avenue.

State agrees that before an involuntary disenrollment is effective, the SAA will review documentation and determine in a timely manner that the applicant has adequately documented acceptable grounds for disenrollment. (42 CFR §460.164(f))

State agrees to establish a process to receive participant disenrollment information for purposes of coordinating the disenrollment date between Medicare and Medicaid. (42 CFR §460.166)

State agrees that it will work with CMS and the applicant to reinstate a disenrolled participant in other Medicaid programs for which the participant is eligible. (42 CFR §460.168)

State agrees to make a prospective monthly payment to the applicant of a capitation amount for each participant. (42 CFR §460.182)

State agrees to ensure that the capitation amount:

- Is less than what would otherwise have been paid under the state plan if the participants were not enrolled in PACE
- Takes into account the comparative frailty of PACE participants
- Is a fixed amount regardless of changes in the participant's health status

State agrees to establish procedures for the enrollment and disenrollment of participants in the SAA's system, including procedures for any adjustment to account for the difference between the estimated number of participants on which the prospective monthly payment was based, and the actual number of participants in that month.

State agrees to cooperate with CMS in oversight and monitoring of the operations of the applicant's program to ensure compliance with PACE requirements. (42 CFR Part 460 Subpart K))

State agrees that it will ensure that the Medicare benefit requirements are protected for dually eligible PACE participants upon entering a facility, in accordance with 42 CFR §460.94, including details on when and how Medicaid share of cost requirements are imposed.

State certifies that the SAA will verify that the PACE organization has qualified administrative and clinical staff employed or under contract prior to furnishing services to participants.

STATE READINESS REVIEW

CMS will only approve applications from potential PACE organizations that satisfy federal requirements as determined based on review of the PACE application, and have met the requirements of a State Readiness Review (SRR). The SRR is performed by the state at the applicant's PACE center. At the time of the SRR, the entity will not be operational and thus will have no enrolled participants. The purpose of this review is to determine the organization's readiness to administer the PACE program and enroll participants. The SRR will include a minimum set of criteria established by CMS in conjunction with the states. The states are free to add any additional criteria to the readiness review based on state specific requirements or they deem necessary to help them determine if the applicant: 1) meets the requirements stipulated in the PACE regulation; 2) has developed policies and procedures consistent with the PACE regulation; and 3) has appropriate staffing and established contracts necessary to provide all-inclusive, quality care to its participants.

The SRR includes but is not limited to: A review of policies and procedures; the design and construction of the PACE center; emergency preparedness; the site's compliance with OSHA, FDA, state and local laws, and adherence to Life Safety Code requirements. There are several areas of the SRR that defer to state and local laws and regulations for compliance. If the applicant's state has more stringent laws and regulations, those laws will apply in place of the federal requirement. However, it is incumbent upon the SRR team to ensure that their state laws or regulations encompass each of the items identified in the federal requirement.

The state is required to complete a readiness review for new PACE organizations as well as existing PACE organizations that propose to expand by adding a new PACE center site.

Upon completion of the SRR, the state will be responsible for preparing and submitting a completed SRR report ensuring that all required areas are met.
