

SSA will insert the following revised Privacy Act Statement into the form as soon as possible:

**Privacy Act Statement
Collection and Use of Personal Information**

Section 211(a)(1) of the Social Security Act, as amended, allows us to collect this information. Furnishing us this information is voluntary. However, failing to provide all or part of the information may prevent an accurate and timely decision on any claim filed.

We will use the information to determine if income from farm rentals should be included in your Social Security earnings record. We may also share your information for the following purposes, called routine uses:

- To employers or former employers, including State Social Security administrators, for correcting and reconstructing State employee earnings records and for Social Security purposes; and
- To Federal, State, or local agencies (or agents on their behalf) for the purpose of validating Social Security numbers used in administering cash or non-cash income maintenance programs or health maintenance programs (including programs under the Social Security Act).

In addition, we may share this information in accordance with the Privacy Act and other Federal laws. For example, where authorized, we may use and disclose this information in computer matching programs, in which our records are compared with other records to establish or verify a person's eligibility for Federal benefit programs and for repayment of incorrect or delinquent debts under these programs.

A list of additional routine uses is available in our Privacy Act System of Records Notices (SORN) 60-0059, entitled Earnings Recording and Self-Employment Income System, as published in the Federal Register (FR) on January 11, 2006, at 71 FR 1819; and 60-0089, entitled Claims Folders Systems, as published in the FR on October 31, 2019, at 84 FR 58422. Additional information, and a full listing of all of our SORNs, is available on our website at www.ssa.gov/privacy.
