

The Approved RMP does not recommend full revocation of the Alaska Native Claims Settlement Act 17(d)(1) Public Land Orders (PLOs) but does recommend revoking the withdrawals in part for the limited purpose of allotment selection by Alaska Native Vietnam-era veterans under Section 1119 of the Dingell Act. The Approved RMP also designates 21 Areas of Critical Environmental Concern (ACEC) or Research Natural Areas, encompassing approximately 3,601,000 acres (see Appendix M of the Approved RMP).

The BLM provided the Proposed RMP/Final EIS for a 30-day public protest period starting on April 26, 2024, and received six letters containing valid protest issues. The Assistant Director addressed the protests and issued a Protest Resolution Report (see **ADDRESSES**); no changes to the Central Yukon Proposed RMP/Final EIS were necessary.

The BLM provided the Proposed RMP/Final EIS to the Governor of Alaska for a 60-day Governor's consistency review on April 26, 2024. The Governor's Office identified concerns and potential inconsistencies between the Proposed RMP/Final EIS and State and local plans, policies, and programs. The BLM considered the concerns and potential inconsistencies and responded on August 13, 2024. While the BLM determined that the Proposed RMP/Final EIS was consistent with the State's land use plans, policies, and programs, it did add the three State plans to the Approved RMP, Appendix C. The additions were made in the interest of open discussion, were minor, and did not represent a change requiring the BLM to provide the public with an opportunity to comment as discussed in 43 CFR 1610.2(f)(5) and 1610.5–1. On September 13, 2024, the Governor of Alaska appealed the State Director's decision not to accept the State's recommendations to the BLM Director. After careful review and consideration, the BLM Director determined that the Alaska State Director properly considered all applicable State and local plans, policies, and programs in the Central Yukon planning effort, and that no changes are necessary to provide for a reasonable balance between the national interest and the State's interest. The Director's response to the State of Alaska's Appeal was transmitted to State Officials on November 12, 2024, prior to approval of the ROD. Consistent with the BLM regulations at 43 CFR 1610.3–2 the Director's Response will also be published in the **Federal Register**.
