

Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer at (240) 276-0361.

Comments are invited on: (a) whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Substance Abuse Prevention and Treatment Block Grant Synar Report Format, FFY 2024–2026—(OMB No. 0930–0222)—Extension

Section 1926 of the Public Health Service Act (42 U.S.C. 300x–26) stipulates Substance Use Prevention, Treatment, and Recovery Services Block Grant (SUPTRS) funding agreements for alcohol and drug abuse programs for fiscal year 1994 and subsequent fiscal years require States to have in effect a law stating that it is unlawful for any manufacturer, retailer, or distributor of tobacco products to sell or distribute

any such product to any individual under the age of 21. This section further requires that States conduct annual, random, unannounced inspections to ensure compliance with the law; that the State submit annually a report describing the results of the inspections, the activities carried out by the State to enforce the required law, the success the State has achieved in reducing the availability of tobacco products to individuals under the age of 21, and the strategies to be utilized by the State for enforcing such law during the fiscal year for which the grant is sought.

Before making an award to a State under the Block Grant, the Secretary must make a determination that the State has maintained compliance with the regulations. If a determination is made that the State is not in compliance, penalties shall be applied. There are three (3) penalty options for failure to comply with the Synar requirements: (1) States may be fined a penalty up to 10 percent of the SUPTRS). (2) States may elect to submit a corrective action plan to the Assistant Secretary for Mental Health and Substance Use within 90 days of receipt of notice that they are not in compliance with the Synar regulations, which outlines strategies they will take to reduce the Retail Violation Rate to 20 percent or less. (3) States certify to the Secretary by May 1 of the fiscal year for which the funds are appropriated, consistent with subparagraph (B), that the State will commit additional State funds, in accordance with paragraph (1),

to ensure that retailers do not sell tobacco products to individuals under 21 years of age; (Pub. L. 116–94 Stat., sec. 604 pg. 593). Respondents include the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, Palau, Micronesia, and the Marshall Islands. Red Lake Indian Tribe is not subject to tobacco requirements.

Regulations that implement this legislation are at 45 CFR 96.130, are approved by OMB under control number 0930–0163, and require that each State submit an annual Synar report to the Secretary describing their progress in complying with section 1926 of the PHS Act. The Synar report, due December 31 following the fiscal year for which the state is reporting, describes the results of the inspections and the activities carried out by the State to enforce the required law; the success the State has achieved in reducing the availability of tobacco products to individuals under the age of 21; and the strategies to be utilized by the State for enforcing such law during the fiscal year for which the grant is sought. SAMHSA is requesting an extension of OMB approval of the current report format associated with section 1926 (42 U.S.C. 300x–26) to 2026. Extending OMB approval of the current report format will continue to facilitate consistent, credible, and efficient monitoring of Synar compliance across the States.

ANNUAL REPORTING BURDEN

45 CFR citation	Number of respondents ¹	Responses per respondents	Total number of responses	Hours per response	Total hour burden
Annual Report (Section 1—States and Territories) 96.130(e)(1–3)	59	1	59	15	885
State Plan (Section II—States and Territories) 96.130(e)(4,5)96.130(g)	59	1	59	3	177
Total	59	118	1,062

¹ Red Lake Indian Tribe is not subject to tobacco requirements.

BILLING CODE 4162–20–P

DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

Intent to Request Revision From OMB of One Current Public Collection of Information: Federal Flight Deck Officer Program

AGENCY: Transportation Security Administration, DHS.

ACTION: 60-Day notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652–0011, that we will submit to OMB for an extension in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection requires interested volunteers to fill out an application to determine their qualification for participating in the

Federal Flight Deck Officer (FFDO) Program.

DATES: Send your comments by November 26, 2024.

ADDRESSES: Comments may be emailed to TSAPRA@tsa.dhs.gov or delivered to the TSA PRA Officer, Information Technology (IT), TSA-11, Transportation Security Administration, 6595 Springfield Center Drive, Springfield, VA 20598-6011.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh at the above address, or by telephone (571) 227-2062.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <https://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652-0011; Federal Flight Deck Officer Program. TSA initially required this information collection under the authority of the Arming Pilots Against Terrorism Act (APATA), which was enacted as title XIV, section 1402(a) of the Homeland Security Act (Pub. L. 107-296, 116 Stat. 2135, 2300, Nov. 25, 2002), as amended by title VI, section 609(b) of the Vision 100-Century of Aviation Reauthorization Act (Vision 100) (Pub. L. 108-176, 117 Stat. 2489, 2570, Dec. 12, 2003), as codified at 49 U.S.C. 44921. TSA is seeking to renew this information collection to continue collecting the information described in this notice to comply with its statutory mission. The APATA required TSA to

establish a program to deputize volunteer pilots of passenger air carriers as Federal law enforcement officers to defend the flight deck of their aircraft against acts of criminal violence or air piracy. With the enactment of Vision 100, eligibility to participate in the FFDO program expanded to include pilots of all-cargo aircraft, as well as flight engineers and navigators on both passenger and cargo aircraft.

To screen volunteers for entry into the FFDO program, TSA collects information from applicants, including name, address, prior address information, personal references, criminal history, limited medical information, financial information, and employment information, through comprehensive applications they submit to TSA.

TSA is revising the collection by discontinuing the TSA verbal interview and enabling online submission of answers to certification questions. TSA previously verbally interviewed each applicant who completed the questionnaire to certify their compliance with the FFDO program requirements. In lieu of a verbal interview, TSA has now added these certification questions to the "Certification and Release of Information" section of the questionnaire, allowing all the required information to be completed during the online application process. This revision reduces the burden to the collection by removing the burden time to complete the TSA verbal interview. In addition, the change eliminates duplication of certain questions that had been asked in the TSA verbal interview that were identical to questions asked by the background investigators who later interview applicants.

Based on the average number of new applicants to the FFDO program, TSA estimates a total of 1,700 respondents annually. TSA estimates that the online application will take one hour for each applicant to complete for a total burden of 1,700 hours.

Dated: September 23, 2024.

Christina A. Walsh,

*TSA Paperwork Reduction Act Officer,
Information Technology.*

BILLING CODE 9110-05-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[BLM_NM_FRN_MO4500180051; NMNM-035829]

Notice of Application for Withdrawal Extension, Public Meeting, and Availability of a Legislative Environmental Assessment; McGregor Range, New Mexico

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of proposed extension.

SUMMARY: The Department of the Army (Army) filed an application with the Bureau of Land Management (BLM) for extension of the withdrawal of public lands for the Army's use for the McGregor Range, located in Otero County, New Mexico. The McGregor Range encompasses 608,385 acres that Congress withdrew from all forms of appropriation under the public land laws, including the mining, mineral leasing, and geothermal leasing laws, subject to valid existing rights, for a 25-year period and reserved for the Army's use. The current withdrawal will expire on November 6, 2026, unless Congress approves the extension. This notice advises the public of an opportunity to comment on the application, attend a public meeting, and review the legislative environmental assessment (EA).

DATES: Comments regarding this withdrawal application must be received by December 26, 2024. In addition, the BLM and the Army will host public meetings addressing the withdrawal application.

The BLM and the Army will hold a virtual public meeting in connection with the proposed withdrawal extension on November 20, 2024, via Zoom at 6 p.m. (Mountain Time). To register for the meeting, visit https://blm.zoomgov.com/webinar/register/WN_0NWB3vqpsUuJzi955PHQpw.

ADDRESSES: All comments should be sent to State Director, Bureau of Land Management, New Mexico State Office, 301 Dinosaur Trail, Santa Fe, New Mexico 87508.

FOR FURTHER INFORMATION CONTACT: Jillian Aragon, Project Manager, Bureau of Land Management, New Mexico State Office, telephone: 505-564-7722 or email: jgaragon@blm.gov.
