Project Semi-Annual AND Final Reporting Template Burden Statement for EPA Form Number 5900-692

This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2060-0754). Responses to this collection of information are voluntary (2 CFR 200 at 2 CFR 1500). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information is estimated to range from 12.6 to 14.2 hours per response. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to the Regulatory Support Division Director, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

Instructions

Per grant agreement terms and conditions, this reporting template should be submitted 1) every 6 months throughout the project period of performance and 2) a Final Report (120-days after) the completion of the grant period. Please work with relevant parties (i.e., transportation contractor, bus dealer, etc.) to ensure information submitted is accurate. Information that is submitted on semi-annual reports should NOT be changed in future semi-annual report submissions unless approved by EPA. Please only update information for the specific quarter in which this report is being submitted. The grant recipient only needs to fill out shaded cells highlighted blue with a diagonal pattern (///). Cells highlighted yellow are simply for informative purposes and/or automated from other tabs in this spreadsheet. Please complete tabs in this workbook according to the instructions below.

Excel Workbook Tab	<u>Definition</u>
1. Instructions	Basic instructions for all worksheets in this reporting workbook.
2. Work Plan	The tab should be completed within the first month of working with your project officer and reflects the approved work plan. For school district applicants, only the first row of Table 2 will be completed. For third-party applicants, please list all school-district beneficiary information. Please refer to the School District data definitions on tab 12 (Data Dictionary) for additional guidance on each field.
3. Amendments	The Amendments tab should be used to update any changes in bus numbers, charger numbers, and/or funding amounts post-award. Please update this tab on an annual basis at the end of each year of project performance and at project closeout.
4. Financial Summary	Financial summary for the entire grant period of performance. Please only complete shaded cells highlighted blue with a diagonal pattern (///) that contain grantee and original project budget information. Other cells on this worksheet will automatically feed from information in tabs 3-5 (Year 1-Year 3). If a modification to the grant is approved, please update the financial tabs accordingly.
5. Year 1	Financial summary for the first year of the project period. For each semi-annual report, please complete all financial and narrative descriptive cells highlighted blue with a diagonal pattern (///) for each period the report is submitted. Other cells in this worksheet are informative or may be automated from subsequent tabs. Below the financial information, please ensure to complete the programmatic questions regarding the grant.
6. Year 2	Financial summary for the second year of the project period if grant period of performance is longer than one year. For each semi-annual report, please complete all shaded financial and narrative descriptive cells highlighted blue with a diagonal pattern (///) for each period the report is submitted. Other cells in this worksheet are informative or may be automated from subsequent tabs. Below the financial information, please ensure to complete the programmatic questions regarding the grant.
7. Year 3	Financial summary for the third year of the project period if grant period of performance is longer than two years. For each semi-annual report, please complete all shaded financial and narrative descriptive cells highlighted blue with a diagonal pattern (///) for each period the report is submitted. Other cells in this worksheet are informative or may be automated from subsequent tabs. Below the financial information, please ensure to complete the programmatic questions regarding the grant.

8 CSB Priorities	The tab should be completed based upon community engagement, sustainability, workforce development, climate impact resiliency, and/or leveraging of additional external funds commitments defined in the proposed workplan. Please complete this tab SEMI-ANNUALLY, if the proposed workplan committed to ANY community engagement, sustainability, workforce development, climate impact resiliency, and/or leveraging of additional external funds commitments as referred to in the evaluation metrics defined in the NOFO. During each semi-annual reporting period of the project period of performance, please complete updates on these defined project commitments. The final report submission for the project should contain the end results of community engagement, sustainability, workforce development, climate impact resiliency, and/or leveraging of additional external funds commitments completed during the project period.
9. Fleet Description	The Fleet Description should detail all vehicles impacted under the project. The Fleet Description should be updated semi-annually with all vehicle upgrades completed. Please only fill out shaded cells highlighted blue with a diagonal pattern (///). For third-party applicants, please list ALL school districts in this one worksheet. You do NOT need to make a separate worksheet for each school district. This Fleet Description is broken into two sections: 1) Current Vehicle Information and 2) New Vehicle Upgrade Information. The sheet has capacity for 100 vehicles. Please refer to the Fleet Description data definitions on tab 12 (Data Dictionary) for additional guidance on each field.
10. EV Infrastructure	The EV Infrastructure Description should detail all electric vehicle supply equipment (EVSE) and supporting infrastructure purchased under the project. For third-party and large school districts applicants, the EV Infrastructure needs to be listed by school district and/or city. That is, if School District A and School District B are procuring the same EVSE, the EVSE Equipment Information with appear as two separate EV Infrastructure Groups. Similarly, for large school districts, if EV infrastructure is being installed in two different locations, the EVSE equipment information needs to appear as two separate EV Infrastructure Groups. The EV Infrastructure worksheet should be updated as EVSEs are procured and installed. Please only fill out shaded cells highlighted blue with a diagonal pattern (///); however, additional rows may be add as needed to capture all EVSEs. Please refer to the EV Infrastructure data definitions on Tab 12 (Data Dictionary) for data field definitions. Reminder: All Level 2 EVSEs must be ENERGY STAR certified.
11. Final Report	Final project details including actual emission and programmatic results. Please only complete shaded cells highlighted blue with a diagonal pattern (///). The final report submission for the project should contain the end results of community engagement, sustainability, workforce development, climate impact resiliency, and/or leveraging of additional external funds commitments completed during the project period.
12. Data Dictionary	Please refer to the dictionary on this tab for support in completing the Fleet Description (tab 9) and EV Infrastructure (tab 10).

Instructions

Please complete this tab if your organization committed to ANY community engagement, sustainability, workforce development, climate impact resiliency, or leveraging of additional external funds actions or commitments in your application, as referred to in the evaluation metrics defined in section V.A. Evaluation Criteria in the NOFO. Only cells shaded in blue need to be filled out; cells shaded in yellow will automatically populate based on information entered in earlier tabs. If planned activities or commitments changed between the submitted application and approved workplan, please indicate on the first question below. Please use the drop downs for columns to indicate any updates that occurred during the reporting period indicating continued progress towards commitments. At the end of each of the sections below, there is a cell to provide additional narrative responses, as appropriate. For narrative responses, please include at least 1-2 sentences. Please take care to ensure all questions are answered; the final question is on row 142 of this sheet.

Did any planned activities or commitments change between the submitted application and the approved workplan?

(Y or N or N/A)

If no, please jump to the next section, "Prioritized Communities and Withdrawn Participants." If yes, please provide context and details to the approved changes (example: the number of school buses was reduced due to partial funding).

Table 14. Prioritized Communities and Withdrawn Participants

1. Did the workplan demonstrate that the project will benefit school district(s) that meet one or more of the criteria for prioritization listed in the NOFO in Section I.B? Specifically, communities served by high-need local educational agencies; rural school districts; Bureau of Indian Affairs-funded school districts; and school districts receiving basic support payments for children who reside on Indian land? Or did the proposed workplan demonstrate that the project will benefit school district(s) that self-certified their prioritization (Y or N or N/A) status? 2. Did any of the school district beneficiaries from the workplan decide to no longer participate in the project? If yes, please use the rows below to indicate which school district beneficiaries withdrew their participation from the project, and if applicable, please note what school district beneficiary was chosen as a replacement. Note: Please add additional (Y or N or N/A) rows as needed. Prioritization Status on Replacement School District Withdrawn School District Brief Description of Reason for NCES ID Date of Withdrawal **Prioritized District List** Beneficiary (use "N/A" if school NCES ID Beneficiary Withdrawal or Self-Certified district beneficiary not replaced) (Y or N or N/A) **Select Reporting Period** (Y or N or N/A) **Select Reporting Period**

2. For any school district(s) prioritized under self-certification Category 2B, which identifies a sub-group of schools within the district receiving Title I funding, are the buses serving this school district(s) continuing to primarily serve the sub-group of Title I funded schools? If no, please provide an explanation below.			(Y or N or N/A)	
	Table 15. Comm	unity Engagement		
	Did the workplan demonstrate actions and/or commitments to engage communities? If no, please juit rest of this section.	mp to the next section, "Project Sustainab	oility". If yes, please complete the	(Y or N or N/A)

Please provide programmatic and narrative financial results on the project.		
Question	Answer	
1. Provide a narrative description of the project.		
2. Explain the reason for any differences in proposed versus actual outputs/outcomes identified in Table 15 above.		
3. Provide a narrative discussion of the actual project results (outputs and outcomes) and how the results are quantified. These may include, but are not limited to: 2. Number of replaced or retrofitted engines/vehicles/equipment and/or hours of idling reduced; 2. Adoption of an idle-reduction policy or changes in driver behavior regarding idling practices 2. Dissemination of the project information and increased knowledge via list serves, websites, journals, and press/outreach events (provide web links where applicable); 2. Widespread adoption of the implemented technology; 3. Increased public awareness of project and results 3. Other		
4. Provide information on subrecipients and vendors: PSubrecipient information (name, award amount, project description); Vendor information (name, payment amount, good/services provided);

Fields: Please refer to the following data field dictionary for support in completing tabs 2-11.

2. PROPOSED WORK PLAN

School District Summary

Select yes if the school district listed on the 2023 CSB Grants Program Prioritized School District List.

If the school district self-certifies as Prioritized, indicate which of the three criteria the school district is using to self-certify.

Select yes if school district is located in a non-attainment or Maintenance area.

4. Financial Summary

Funding Information

Federal project award amount approved from final work plan.

Non-EPA funds that support the proposed project activities such as public private-partnerships, grants from other entities, or the issuance of school bonds.

9. FLEET DESCRIPTION

Current Vehicle Information

Basic Vehicle Information

Enter the VIN number for each vehicle. Note that a VIN is 17 characters, which does not include the letters O(o), I(i), or Q(q) to avoid confusion with the number 0, 1, and 9.

Enter the manufacturer of the existing vehicle.

Enter the model of the existing vehicle.

Enter the model year of the existing vehicle.

Select the type of fuel that is currently being used (prior to upgrade).

Enter the Engine Family name of the existing Engine. NOTE: unregulated engines will not have an Engine Family Name. If unregulated, then NA

Enter the gross vehicle weight rating (GVWR) of the existing vehicle.

Select from the dropdown menu the bus.

Enter the existing bus's current odometer reading, in miles.

Enter the average number of vehicle miles traveled per year per vehicle.

Enter the average number of hours the vehicle idles per year.

Enter the amount of fuel used in gallons/year.

Enter the remaining life of baseline engine/vehicle in years at the time of the upgrade action.

Select a vehicle disposition option.

Select the outcome of a scrappage waiver request if applicable.

Basic Fleet Information

Enter the first and last name and email address of the individual or organization that owns the fleet.

Enter the name of the school district in which the bus to be scrapped, sold, or donated has operated in.

Enter the name of the National Center for Education Statistics (NCES) ID associated with the school district in which the bus to be scrapped, sold, or donated has operated in. If you are unsure of the district's NCES ID, you can search for the district at https://nces.ed.gov/ccd/districtsearch/.

Select the two letter postal code for the state in which the bus to be scrapped, sold, or donated has operated in.

Enter the county in which the bus to be scrapped, sold, or donated has operated. If it has operated in multiple counties, record all and separate using a colon (e.g., Polk: Butler).

Enter the city in which the bus to be scrapped, sold, or donated has operated in.

Enter the zip code in which the bus to be scrapped, sold, or donated has operated in. If it has operated in multiple zip codes, record all and separate using a colon (e.g., 50190: 50191).

Enter the percent of time the bus to be scrapped, sold, or donated has operated in each county. If there is more than one. separate using a colon (Polk - 80%: Butler 20%).

New Replacement Vehicle Information

Upgrade Vehicle Information

Enter the year the upgrade happened.

Enter the vehicle identification numbers (VIN) of the new vehicle.

Enter the manufacturer of the new vehicle.

Enter the model of the new vehicle.

Enter the model year of the new vehicle.

Enter the engine family name of the new propane vehicle or the vehicle family name of the new electric vehicle.

Select the fuel type of the new vehicle.

Enter the gross vehicle weight rating (GVWR) of the new vehicle.

Enter the cost of vehicle in dollars per unit.

Enter the federal funds expended per vehicle in dollars per unit.

New Vehicle Annual Data

Enter the new average number of idling hours for the new engine.

Enter the average number of vehicle miles traveled per year per new vehicle.

Enter the new annual fuel volume, in gallons/year for propane or CNG only.

Select yes or no to specify whether the vehicle is equipped with an auxiliary heater.

If bus has an auxiliary heater, enter the type.

Zero Emission Vehicle Data

Select yes or no into the cell to specify whether the vehicle is capable of bidirectional charging.

Enter the estimated range in miles for the zero-emission vehicle.

Enter the battery capacity in kilowatt-hours for the zero-emission vehicle.

Select yes or no into the cell to specify whether the vehicle battery warranty is included.

If the battery includes a warranty, indicate the number of years the coverage is valid for.

If the battery includes a warranty, indicate the number of miles the coverage is valid for.

If the battery includes a warranty, indicate the total kWh of battery discharge the coverage is valid for.

Select yes or no into the cell to specify whether a powertrain battery warranty is included.

If the powertrain includes a warranty, indicate the number of years the coverage is valid for.

If the powertrain includes a warranty, indicate the number of miles the coverage is valid for.

Select yes or no into the cells it specify whether the vehicle is equipped with telematics.

Select yes or no.

Enter First and Last name and email address.

New Vehicle Fleet Information

Enter the first and last name and email address of the individual or organization that owns the fleet.

Select yes or no.

Enter the name of the school district in which the new bus will operate in. If it will operate in multiple school districts, list all and separate with a colon (e.g., Hampton School District: Edgewood School District).

Enter the name of the National Center for Education Statistics (NCES) ID associated with the school district in which the new bus will operate in. If it will operate in multiple school districts, list all NCES IDs and separate with a colon (e.g., 1234567: 7654321).

Select ves or no.

Enter the percent of time the new bus will operate in each county. If there is more than one, separate using a colon (Polk 80%: Butler 20%)

10. EV INFRASTRUCTURE

EVSE Equipment Information

Enter the type of charger, either Level 2 (AC charging up to 19.2 kW) or DC Fast Charging.

Confirm and select yes if applicable. Please see https://www.energystar.gov/

Enter the manufacturer of the charging equipment

Enter the model name of the charging equipment.

Enter the year the charging equipment was manufactured.

Select an option. EVSE manufactured on or after July 1, 2024 must be meet BABA requirements.

Enter the maximum power output of the charging equipment, measured in kilowatts.

Enter the number of plugs installed on each unit of the charging equipment.

Select yes or no into the cell to specify whether the charging equipment is capable of bidirectional charging.

Select yes or no into the cell to specify whether the buses and charging equipment will be used for vehicle-to-grid (V2G) services.

Enter the quantity of charging equipment unit

Enter the cost of the charging equipment per unit.

Select the source(s) of all funds being using to purchase EVSE equipment from the dropdown. The listed funding sources are from the SF-424 and should reflect the activities updates of other leveraged funds from tabs 4-7 and tab 11.

Enter the total Federal funds expend for charging equipment per unit.

No action - autopopulated

No action - autopopulated

Enter the date on which the EVSE is permanently affixed.

Location of FV Infrastructure

Select the two letter postal code for the state in which the charging equipment will be located.

Enter the county in which the charging equipment will be located.

Enter the city in which the charging equipment will be located.

Enter the zip code in which the charging equipment will be located.

Enter the street address in which the charging equipment will be located.

Enter the name of the school district or organization that owns the charging equipment.

Select yes or no

Enter the name of the school district in which the EVSE will serve. If it will serve multiple school districts, list all and separate with a colon (e.g., Hampton School District: Edgewood School District).

Enter the name of the National Center for Education Statistics (NCES) ID associated with the school district in which the EVSE will serve. If it will serve multiple school districts, list all NCES IDs and separate with a colon (e.g., 1234567: 7654321).

Infrastructure Installation Information

Enter the total installation costs for the charging equipment for the EV infrastructure group column.

Select the source(s) of all funds being using to purchase EVSE equipment from the dropdown. The listed funding sources are from the SF-424 and should reflect the activities updates of other leveraged funds from tabs 4-7 and tab 11.

Enter the total Federal funds expended for installation costs for the charging equipment for the EV infrastructure group column.

No action - autopopulated

Please enter yes or no into the cell to specify whether the indicated cost of the charging equipment above includes any installation expenses.

Enter a description of the work performed to install the charging equipment, such as design and engineering, trenching, wiring and electrical upgrades, labor, and permitting.

Enter the name(s) of the organization(s) that performed the installation work described above.

Select electrician category

If a waiver is being used to meet BABA compliance requirements, select the waiver type

Automated cell that will calculate the total Federal Funds expended for the charging equipment and installation for an EV Infrastructure Group.

Automated cell that will calculate the total Leveraged Funds expended for the charging equipment and installation for an EV Infrastructure Group.

If a EVSE purchased with EPA funds, please list the serial number for that unit. Each cell should only contain one serial number.

On-Site Power Generation Equipment Information

Select a type of energy generation, solar or wind.

Enter the generation capacity of the system as either kW or MW. Please indicate unit of measurement.

Battery Energy Storage System (BESS) Equipment Information

Select a type of battery

Enter the generation capacity of the system as either kWh or MWh. Please indicate unit of measurement.

EPA Form Number: 5900-692
