SUPPLEMENTARY INFORMATION:

Title: Federal Highway Administration (FHWA) Performance Progress Report (PPR) Form.

Background: FHWA is administering over 40 discretionary grant and cooperative agreement programs, including those established under the

Bipartisan Infrastructure Law (BIL), enacted as the Infrastructure Investment and Jobs Act, (November 15, 2021, Pub. L. 117-58) and the Inflation Reduction Act, 2022 (August 16, 2022, Pub. L. 117-169). The Uniform Administrative Requirements in 2 CFR part 200 require recipients of Federal financial assistance awards to monitor activities under Federal awards to ensure compliance with applicable Federal requirements and performance expectations are being achieved. In addition, the regulations require Federal awarding agencies, such as FHWA, to use OMB-approved common information collections. The FHWA PPR form will be used by recipients of FHWA grant awards and cooperative agreements to report performance and progress of a Federal financial assistance-funded construction or non-construction project.

Respondents: Recipients of a discretionary grant or cooperative agreement award administered by FHWA. Discretionary grant or cooperative agreement recipients include but are not limited to State DOTs as defined in 23 U.S.C. 101, U.S. Territories, Federally recognized tribes, and other entities identified as eligible for federal financial assistance from FHWA.

Frequency: The information will be collected quarterly, semiannually, or annually, as required by the Notice of Funding Opportunity (NOFO) for the grant program.

Estimated Average Burden per Response: 1 hour per respondent per form per grant award. This includes time to review the form instructions, research existing sources to gather necessary data, complete and review the form before submitting to FHWA.

Estimated Total Annual Burden Hours: It is expected that approximately 2,500 respondents will complete up to 4 PPR forms for a up to 10 grant awards per respondent for an estimated total of 100,000 annual burden hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended; and 49 CFR 1.48.

Issued on November 25, 2024.

Jazmyne Lewis,

Information Collection Officer.

Notice of Final Federal Agency Actions on Transportation Project in Washington State

AGENCY: Federal Highway Administration (FHWA), Department of Transportation (DOT),

ACTION: Notice of limitation on claims for judicial review of actions by FHWA.

SUMMARY: This notice announces actions taken by the FHWA that are final. The action relates to the SR 3 Freight Corridor—New Alignment project, located in western Washington within the City of Bremerton, Kitsap County, and Mason County. The Project will construct the SR 3 Freight Corridor—New Alignment to the east of the existing SR3 with a design and posted speed of 50 miles per hour. The proposed alignment will begin at MP 22.81 on existing SR 3 and connect back to the existing SR 3 alignment at MP 29.49. The project includes stormwater treatment facilities, 12-foot lanes with 8-foot shoulders, and roundabouts at the north and south connections to existing SR 3. The FHWA's Finding of No Significant Impact (FONSI) provides details on the Selected Alternative for the proposed improvements.

DATES: A claim seeking judicial review of the Federal agency actions on the listed highway project will be barred unless the claim is filed on or before May 1, 2025. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: Liana Liu, Area Engineer, Federal Highway Administration, 711 S Capitol Way, Suite 501, Olympia, WA, 98501–1284, (360) 753–9553, liana.liu@dot.gov or Washington.FHWA@dot.gov, or Victoria Book, Environmental & Hydraulics Manager, WSDOT Olympic Region, P.O. Box 47440, Olympia, WA 98504–7440, (360) 570–6707, victoria.book@wsdot.wa.gov.

SUPPLEMENTARY INFORMATION: Notice is hereby given that FHWA has taken final

agency actions within the meaning of 23 U.S.C. 139(l)(1) by issuing a NEPA Finding of No Significant Impact (FONSI) for the SR 3 Freight Corridor–New Alignment Project in Mason and Kitsap Counties, Washington. The action(s) by FHWA and the laws under which such actions were taken, are described in the FONSI and the associated agency records. That information is available by contacting FHWA at the addresses provided above.

The project proposed to provide a reliable, high-speed, regional route between Kitsap and Mason Counties. This new route will move freight and regional traffic between Shelton and Bremerton, thus bypassing the urban center of Belfair. This project will reduce congestion and improve safety through Belfair and provide an alternate route during highway closures resulting from vehicular crashes and other incidents. Construction of this project will provide safe and reliable regional access to jobs, goods, and services, and improve efficiencies for all public service providers, on SR 3 through Belfair. A FONSI for the project was signed on November 15, 2024.

Information about the NEPA FONSI and associated records are available from FHWA at the addresses provided above and can be found at: <https://wsdot.wa.gov/construction-planning/search-projects/sr-3-freight-corridor-new-alignment>.
