Title: Federal Highway Administration (FHWA) Performance Progress Report (PPR) form.

Background: FHWA is administering over 40 competitive grant and cooperative agreement programs,

including those established under the Infrastructure Investment and Jobs Act (November 15, 2021, Pub. L. 117–58) and the Inflation Reduction Act, 2022 (August 16, 2022, Pub. L. 117–169). The Uniform Administrative Requirements in 2 CFR part 200 require recipients of Federal financial assistance awards to monitor activities under Federal awards to ensure compliance with applicable Federal requirements and performance expectations are being achieved. In addition, the regulations require Federal awarding agencies, such as FHWA, to use OMB-approved common information collections. The FHWA PPR form will be used by recipients of FHWA grant awards and cooperative agreements to report performance and progress of a Federal financial assistance-funded construction or non-construction project.

Respondents: Recipients of a competitive grant or cooperative agreement award administered by FHWA. Competitive grant or cooperative agreement recipients include but are not limited to State DOTs as defined in 23 U.S.C. 101, U.S. Territories, federally recognized Tribes, and other entities identified as eligible for Federal financial assistance from FHWA.

Frequency: The information will be collected quarterly, semiannually, or annually, as required by the Notice of Funding Opportunity (NOFO) for the grant program.

Estimated Average Burden per Response: 1 hour per respondent per form per grant or cooperative agreement award. This includes time to review the form instructions, research existing sources to gather necessary data, complete and review the form before submitting to FHWA.

Estimated Total Annual Burden Hours: It is expected that approximately 2,500 respondents will complete up to 4 PPR forms for a up to 10 grant awards per respondent for an estimated total of 100,000 annual burden hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended; and 49 CFR 1.48.

Issued on May 13, 2025.

[Docket No. FRA–2025–0012]

Proposed Agency Information Collection Activities; Comment Request

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice of information collection; request for comment.

SUMMARY: Under the Paperwork Reduction Act of 1995 (PRA) and its implementing regulations, this notice announces that FRA is forwarding the Information Collection Request (ICR) summarized below to the Office of Management and Budget (OMB) for review and comment. The ICR describes the information collection and its expected burden. On March 12, 2025, FRA published a notice providing a 60-day period for public comment on the ICR. FRA received no comments in response to the notice.

DATES: Interested persons are invited to submit comments on or before June 16, 2025.

ADDRESSES: Written comments and recommendations for the proposed ICR should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find the particular ICR by selecting “Currently under Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Ms. Arlette Mussington, Information Collection Clearance Officer, at email: arlette.mussington@dot.gov or telephone: (571) 609–1285 or Ms. Joanne Swafford, Information Collection Clearance Officer, at email: joanne.swafford@dot.gov or telephone: (757) 897–9908.

SUPPLEMENTARY INFORMATION: The PRA, 44 U.S.C. 3501–3520, and its implementing regulations, 5 CFR part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages. See 44 U.S.C. 3506, 3507; 5 CFR 1320.8

through 1320.12. On March 12, 2025, FRA published a 60-day notice in the **Federal Register** soliciting public comment on the ICR for which it is now seeking OMB approval. See 90 FR 11873. FRA has received no comments related to the proposed collection of information.

Before OMB decides whether to approve this proposed collection of information, it must provide 30 days’ notice for public comment. Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30-day notice is published. 44 U.S.C. 3507(b)–(c); 5 CFR 1320.12(d); see also 60 FR 44978, 44983, Aug. 29, 1995. The 30-day notice informs the regulated community of their opportunity to file relevant comments and affords the agency adequate time to consider public comments before it renders a decision. 60 FR 44983, Aug. 29, 1995. Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect.

Comments are invited on the following ICR regarding: (1) whether the information collection activities are necessary for FRA to properly execute its functions, including whether the information will have practical utility; (2) the accuracy of FRA’s estimates of the burden of the information collection activities, including the validity of the methodology and assumptions used to determine the estimates; (3) ways for FRA to enhance the quality, utility, and clarity of the information being collected; and (4) ways to minimize the burden of information collection activities on the public, including the use of automated collection techniques or other forms of information technology.

The summary below describes the ICR that FRA will submit for OMB clearance as the PRA requires:

example, FRA uses the information collected to ensure that regulated employees are subject to a random alcohol and drug testing program in which each employee has a reasonable expectation of being tested at any time while on duty. This information collection also covers on-duty railroad or contractor employees involved in a train incident who die within 12 hours of the incident due to the operation of on-track equipment, regardless of whether the employee was performing regulated service at the time. Information is also collected regarding foreign-railroads’ foreign-based employees who perform train or dispatching service in the United States.

Type of Request: Extension without change (with changes in estimates) of a currently approved collection.

Affected Public: Railroads.

Form(s): FRA F 6180.73; 6180.74; 6180.75.

Respondent Universe: 745² railroads (includes 2 foreign-based railroads); 2,600 regulated contractors; and 160,822 regulated employees.

Estimated Annual Responses: 456,302.

Total Estimated Annual Burden: 2,674 Hours.

Total Estimated Burden Hour Dollar Cost Equivalent: \$238,317.

FRA informs all interested parties that it may not conduct or sponsor, and a respondent is not required to respond to, a collection of information that does not display a currently valid OMB control number.
