

**Federal Transit Administration (FTA) Safety Stakeholder Survey  
Public Transportation Agency Safety Plan (PTASP) Resources and Implementation**

The purpose of the Federal Transit Administration (FTA) Safety Stakeholder Survey is to help us learn how you are using FTA’s resources to support implementation of 49 C.F.R. Part 673, FTA’s Public Transportation Agency Safety Plan (PTASP) regulation and how well these resources support the needs of our safety stakeholders. This survey also reflects on where you are in the process of PTASP implementation and asks you to identify any specific issues, challenges and questions where FTA assistance would help. Your candor will help us to improve FTA’s safety programs and we appreciate your honest opinion.

*OMB Paperwork Reduction Act Statement - The Paperwork Reduction Act of 1995 requires us to notify you that this information collection is in accordance with the clearance requirements of Section 3507 of the Paperwork Reduction Act of 1995. We estimate that it will take about 15 minutes to respond to the questions. Please note that a federal agency may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection of information is 2132-0572.*
