

Treatment PHA Survey: Follow-Up

MTW Evaluation: Landlord Incentives

Last Modified: October 31, 2024

Study Overview and Introduction to Survey

Thank you very much for taking the time to complete this brief survey. HUD has hired Abt Global to study the Moving to Work (MTW) – Landlord Incentives Cohort. The goal of this study is to understand how PHAs are implementing landlord incentives and determine the impacts of landlord incentives on the Housing Choice Voucher program. We are sending this survey to all PHAs in the Landlord Incentives Cohort of the MTW expansion. When your agency received MTW designation, your agency also agreed to participate in the evaluation, so participation in this survey is required.

In this survey, we will ask you about the MTW activities that you have implemented and any other changes to your program. This information will help us understand the current state of your program and will help us prepare for the final round of site visits that we plan to conduct in the spring/summer of 2025.

We will share the findings from this survey with HUD and PHAs to help improve the Housing Choice Voucher Program. **Your agency's responses will be combined with responses from the other landlord incentive MTW agencies in updates to HUD, publications, and reports about the study. These updates and reports will not include staff names but may report responses and study findings by agency. Your responses will be used for research purposes only, not for auditing purposes or funding determinations.**

This survey has been reviewed by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995. **The OMB control number is XXXX-XXXX, expiring XX-XX-XXXX.** We expect the survey to take less than 30 minutes to complete.

By completing this survey, you consent to participate in this study. Feel free to share the survey with other staff as needed to answer the questions. If you cannot answer a question, you may skip it and move to the next one.

If you have any questions about this survey, please contact Nishi Kumar, PHA Survey Lead, at nishi_kumar@abtassoc.com or 617-520-2680.

Thank you for completing the survey!

Public Reporting Burden for this information collection is estimated to average 30 minutes per respondent, including time to review the information in the Study Overview and Introduction to Survey. The MTW Evaluation: Landlord Incentives is a study of the implementation and impacts of providing selected incentives to landlords to participate in the Housing Choice Voucher (HCV) program. This information is being collected to establish a follow-up measure of PHA activities that could affect landlord participation in the HCV program. PHAs in the MTW Landlord Incentives cohort are required to respond. The information requested is protected and held confidential in accordance with 5 U.S.C. § 552a (Privacy Act of 1974) and OMB Circular No. A-130.
