Certification of Lessons Completed – OMB 2900-0353

Summary of Changes from Currently Approved Collection

- Updated Federal Register publication information for associated Final Rule 2900-AQ88

1. Need for the Information Collection

The Department of Veterans Affairs (VA) is required to pay education benefits for correspondence training under chapters 30, 32, 33, and 35 of title 38, United States Code, and chapter 1606 of title 10, U.S.C., section 903 of Public Law 96-342, the National Call to Service Provision of Public Law 107-314, and the Omnibus Diplomatic Security and Antiterrorism Act of 1986. Benefits are payable quarterly based on the number of lessons completed by the student and serviced by the school. Benefits are not payable when training is interrupted, discontinued or previously completed.

The student receives VA Form 22-6553b, Certification of Lessons Completed, completes their portion showing the number of lessons completed since the previous certification of lessons were completed, and sends the form to the school.

The school's Certifying Official certifies the number of lessons serviced by the school and sends the form to VA for processing. VA Form 22-6553b and VA Form 22-6553b-1 are identical forms; however, VA Form 22-6553b is computer-generated quarterly (i.e., March, June, September, and December) for chapter 35 students with their name, mailing address, and other pertinent information printed on the form at the time the form is generated. VA Form 22-6553b-1 is used for students in other VA education benefit programs, and the student's name, mailing address and other pertinent information is entered on the form manually. For this submission however, these two forms are considered to be one and the same.

The following administrative and legal requirements necessitate the collection:

a. 38 U.S.C. 3032(d), 3034, 3241, 3323, 3474, 3481, 3484, 3534(b), 3680(b), 3684, 3686(a), and 10 U.S.C 16131(e), and chapter 31 section 510.

b. 38 C.F.R. 21.4203(e), 21.4206, 21.5200(d) & (g), 21.7140(c)(3), 21.7159, 21.7640(a)(4), 21.7659, and 21.9720.

This collection of information is associated with rulemaking RIN 2900-AQ88.

2. Use of the Information

VA uses information from the current collection to determine the number of lessons completed by the student and serviced by the correspondence school, and to determine the date of completion or termination of correspondence training. VA pays education benefits based on the information furnished on the form. Without this information, VA would be unable to determine the proper payment or the student's training status.

3. Use of Information Technology

The electronic version of the VA Form 22-6553b-1 is available on the va.gov website in a fillable electronic format.

4. Non-duplication

5. Burden on Small Businesses

This information collection does not impose a significant economic impact on a substantial number of small businesses or entities.

6. Less Frequent Technology

If this information is not collected or were collected less often, VA would not be able to properly administer payments. There are no technical or legal obstacles to reducing the burden of this information collection.
