

III. 2025 TRIP Data Call

Treasury, through an insurance statistical aggregator, will accept group or insurer registration forms through <https://tripsection111data.com>. Registration is mandatory for all insurers participating in the 2025 TRIP Data Call. Upon registration, the aggregator will transmit individualized data collection forms (in Excel format) to the reporting group or insurer via a secure file transfer portal. The reporting group or insurer may transmit a complete data submission via the same portal using either the provided Excel forms or a .csv file.¹³

Copies of the instructions and data collection forms are available on Treasury's website in a read-only format. Reporting insurers will obtain the fillable reporting forms directly from the data aggregator only after registering for the data collection process.

Reporting insurers are required to register and submit complete data to Treasury no later than May 15, 2025. Because of the statutory reporting deadline for Treasury's 2025 Small Insurer Study to Congress, no extensions will be granted. Reporting insurers can ask the data aggregator questions about registration, form completion, and submission at tripsection111data@iso.com. Reporting insurers may also submit questions to the Treasury contacts listed above. Questions regarding submission of data to state insurance regulators should be directed to the appropriate state insurance regulator or the NAIC.

All data submitted to the aggregator is subject to the confidentiality and data protection provisions of TRIA and the Program Rules, as well as to section 552 of title 5, United States Code, including any exceptions thereunder. In accordance with the Paperwork Reduction Act (44 U.S.C. 3501–3521), the information collected through the web portal has been approved by OMB under Control Number 1505–0257. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number.

SUPPLEMENTARY INFORMATION:

Title: Verification of VA Benefits (VA Form 26–8937).

OMB Control Number: 2900–0406
<https://www.reginfo.gov/public/do/PRASearch>.

Type of Review: Revision of a currently approved collection.

Abstract: VA Form 26–8937 is designed to assist lenders and VA in the completion of debt checks in a uniform manner. The form restricts information requested to only that needed for the debt check and also eliminates unlimited versions of lender-designed forms. This form is also occasionally used to inform the lender prior to loan closing if a Veteran is eligible for an exemption from the funding fee.

Lenders ensure the completion of the upper portion of VA Form 26–8937, including the veteran's authorization for release of the information, and forward it to the appropriate VA Office. VA personnel perform the debt check, complete the balance of the form, and

return it to the lender, who considers any repayment terms in evaluating the veteran's creditworthiness. Following the closing of any loan, the lender submits the form with the loan report and related documents for post-closing review. The form is reviewed by a loan examiner to ensure that debt check requirements have been observed in each case.

The decrease in the use of the form is due to system enhancements which now allow VA to provide the lenders more reliable and timely updates (Veteran's funding fee exemption status, the amount of a Veteran's VA service-connected disability award, or the loan level requirement for VA pre-close prior approval) on the veteran's Certificate of Eligibility, which in turn has reduced the need for the lenders to submit the verification form. The form is still required from the lender for VA pending pre-discharge claims or when system issues prevent automatic COE updates.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The **Federal Register** Notice with a 60-day comment period soliciting comments on this collection of information was published at insert citation date: 90 FR 4852, January 16, 2025.

Affected Public: Individuals or Households.

Estimated Annual Burden: 250 hours.

Estimated Average Burden per

Respondent: 5 minutes.

Frequency of Response: One time.

Estimated Number of Respondents: 3,000.
