PARTICIPATION REQUEST

You are receiving this participation request because we are interested in your perspectives on the Robert Noyce Teacher Scholarship Program (Noyce Program), even if you have not been directly involved with the Noyce Program in the past. Projects funded by the Noyce Program may be called different names at different schools or institutions. Noyce Program projects focus on supporting STEM (Science, Technology, Engineering, and Mathematics) teacher education/leadership and often pair STEM education students with local K-12 schools.

To support the National Science Foundation's (NSF's) ongoing efforts, WhitworthKee Consulting (https://whitworthkee.com/) is conducting an evaluation of the Noyce Program with the following goals: (a) to understand overall perceptions of the Noyce Program and (b) to identify what is working well and opportunities for growth. This information will help support the overall goal of increasing diversity within the STEM teacher education field. In addition, NSF may use the information from this evaluation to inform other NSF or government agency efforts.

If you agree to participate, we will ask you to complete this questionnaire, which will take about 20 minutes, and may also invite you to participate in either an individual

interview or a focus group at a later time. Note that even if you agree to complete this questionnaire, you can later choose to decline if you are invited to participate in an interview or focus group.

Would you be willing to participate in the Robert Noyce Teacher Scholarship Program evaluation?

    a. Yes, I would like to complete this questionnaire and understand that I might receive an invitation to participate in an interview or focus group
    b. No, not at this time
    c. Unsure

[PROGRAMMER NOTE: NEW PAGE]

[PROGRAMMER NOTE: IF YES, PRESENT]: Thank you for your interest. Please provide your name and email address below. You may be contacted after this questionnaire to participate in a focus group or interview.

Please note that your name and email address will only be used for communication purposes and will not be analyzed with your questionnaire responses.

INTRODUCTION

Thank you for agreeing to complete the Noyce Program evaluation questionnaire. The purpose of the questionnaire is to gather information about who you are, where you work, and any experiences with or impressions of the Noyce Program you may have. We anticipate that the questionnaire will take no more than 20 minutes to complete.

No personal identifying information about you or your institution will be shared with anyone (including NSF staff or other Noyce project members) outside of the WhitworthKee Consulting Evaluation Team. To maintain data security, questionnaire responses will be stored in a password-protected, cloud-based drive for at least five (5) years.

THANK YOU

Thank you for responding to the Noyce Program Evaluation Questionnaire. Your responses will provide valuable information for the Noyce Program evaluation and NSF. You may be contacted with an invitation to participate in an interview between the Fall of 2024 and the Summer of 2025.

We would also like to ask for your help contacting other Noyce colleagues and scholars/fellows to inform them about this evaluation. Once you exit this screen, we will send you an email to forward to individuals involved with your Noyce project. Please forward this email to anyone in the following roles on your Noyce project:

- Former or current scholar or fellow
- Evaluator
- Program support staff or program coordinator
- Participant supervisor or faculty mentor
- K-12 school leader, district leader, or administrator involved in coordination/ collaboration with Noyce Program(s) in higher education

Your help identifying other people affiliated with your Noyce award is crucial to the success of our evaluation in providing a comprehensive understanding of the Program and considerations for program improvements.

Any information shared by colleagues/students from your Noyce award will not be used to evaluate your project specifically, and individually identifiable participant responses will not be shared with anyone (including NSF staff or other Noyce team members) outside of the WKC Evaluation Team.

If you would like additional information about the evaluation, please visit the evaluation website (https://whitworthkee.com/nsf-noyce-program-evaluation/) or contact WKCNoyceEval@WhitworthKee.com. Thank you again for your participation and your support of the Noyce Program.
