NOTICE OF LATE FILING

This is notice that your Application for Sickness Benefits and Statement of Sickness were not received within the prescribed 10-day time limit. Because we could not tell why your application was filed late, we can start your benefits no earlier than 03-20-17. If you tried to file your application earlier but were not able to do so, please give us the information requested on the back of this letter.

If you complete the questions on the reverse side and return this notice, we will consider your reason(s) for filing late and either start your benefits with an earlier date or notify you why your benefits cannot begin earlier.

If you do not return this form but still think your benefits should start with an earlier date, you may request reconsideration. Your request must be in writing and should explain why you disagree with the beginning date we have established for your benefits. If you request reconsideration, your request must be received at an office of the Railroad Retirement Board within 60 days of the date of this letter. Please be sure to sign your name and give your social security number on any letter that you send to us.

The RRB is authorized to collect the information requested on this form under section 5(b) of the Railroad Unemployment Insurance Act. Although you are not required to provide the information, failure to do so could result in a loss of benefits to you. We estimate that the form takes an average of 4 minutes to complete, including time for reviewing the instructions, getting needed data, and reviewing the completed form. Federal agencies may not conduct or sponsor, and respondents are not required to respond to a collection of information unless it displays a valid OMB number. If you wish, send comments regarding the accuracy of our estimate or any other aspect of the form, including suggestions for reducing completion time, to the Associate Chief Information Officer for Policy and Compliance, Railroad Retirement Board, 844 N Rush St, Chicago, IL 60611-1275.
