Introduction

This publication presents potato estimates of acreage, yield per acre, production, farm disposition, season average price, value, and utilization of sales including processing for the 2021 season with historic comparisons. Also included are first of the month potato stocks (December, February, April, and June) for the 13 potato producing States. Percent of acreage planted by type, and certified seed acres are also included for selected States.

These estimates are based on information furnished by producers, processors, and cooperating State or Federal Agencies. The various sources include: Market News Service rail and truck shipments, Federal-State inspections, and miscellaneous data available through marketing programs.

Price estimates represent average returns to growers for all uses and for all methods of sale. These prices are applied to total production to compute value of production, and to the quantity sold to compute value of sales. Some unsold potatoes contribute to the value of production, including farm use for seed, feed, home use, and loss. The United States season average price is obtained by weighting State prices by quantities sold.

A crop year is associated with the calendar year in which harvest is accomplished. Generally, the marketing season closely follows harvest except for fall harvested potatoes, when marketing from storage may extend through August of the following year.

2021 Potato Production Down 2 Percent

All potato production in 2021 totaled 410 million cwt, down 2 percent from the 2020 crop. Harvested area, at 923,600 acres, was up 1 percent from 2020. The average yield of 444 cwt per acre was down 17 cwt from the previous year.

The value of all potatoes sold in 2021, at \$3.91 billion, increased 7 percent from the previous year. The average price, at \$10.20 per cwt, was up \$0.90 from 2020. The quantity of potatoes sold from the 2021 crop totaled 383 million cwt, down 2 percent from 2020. Quantity sold accounted for 93 percent of 2021 production, unchanged from the previous year.

Growers from the 13 estimating States sold 268 million cwt of raw potatoes to processors from the 2021 crop, down 1 percent from 2020. Table stock sales totaled 94.4 million cwt, down 7 percent from last season. Seed sales of 19.1 million cwt for 2021 were down 1 percent from 2020. Sales for livestock feed, at 1.24 million cwt for 2021 were up 5 percent from 2020.

Shrinkage and loss was estimated at 23.4 million cwt for 2021, down slightly from 2020. Growers kept 3.58 million cwt for seed, livestock feed, and home use on their own farms, down 21 percent from 2020.

United States potatoes used for processing totaled 281 million cwt, up slightly from 2020. Potatoes used for chips and shoestrings totaled 60.3 million cwt, up 2 percent from the previous year. Frozen french fries and other frozen products utilized 171 million cwt of raw potatoes, up 2 percent from 2020. Potatoes used for dehydrating totaled 40.6 million cwt, down 10 percent from 2020. Canning use, at 2.18 million cwt, was down 16 percent from the previous year. Other products made from potatoes utilized 7.20 million cwt of potatoes, an 11 percent increase from 2020.

Potato Utilization – Program States: 2019-2021

Utilization items	Crop year		
	2019 (1,000 cwt)	2020 (1,000 cwt)	2021 (1,000 cwt)
Sales			
Table stock	97,865	101,195	94,399
Processing	275,725	270,250	268,099
Other sales			
Livestock feed	1,528	1,173	1,236
Seed	19,677	19,399	19,149
Other Sales Total	21,205	20,572	20,385
Total sales	394,795	392,017	382,883
Non-sales			
Seed used on farms where grown	3,995	3,949	3,027
Household use and used for feed on farms where grown	613	601	552
Shrinkage and loss	25,016	23,453	23,367
Total non-sales	29,624	28,003	26,946
Total production	424,419	420,020	409,829

Statistical Methodology

Survey Procedures: Potato estimates are the results of a variety of surveys. Potatoes are included in the June and December Quarterly Agricultural Surveys, but also follow Grower Special Surveys. Special grower disposition surveys are conducted at the end of each season to provide additional details about the crop. Telephone follow-up of mail survey non-respondents is used to ensure adequate coverage.

Estimating Procedures: Information obtained from the special grower disposition surveys and federal administrative data is used to establish estimates of acreage, production, amount sold, and usage on farm where grown. These estimates are reviewed for errors, reasonableness, and consistency with historical estimates.

Revision Policy: All estimates for the previous crop year can be revised at this time. End-of-season estimates of production are made following harvest and are subject to revision the following year based on a thorough review of all available data.

Reliability: Survey results are subject to non-sampling errors such as omission, duplication, imputation for missing data, and mistakes in reporting, recording, and processing the data. These errors cannot be measured directly, but they are minimized through rigid quality controls in the data collection process and a careful review of all reported data for consistency and reasonableness.

Information Contacts

Listed below are the commodity statisticians in the Crops Branch of the National Agricultural Statistics Service to contact for additional information. E-mail inquiries may be sent to nass@usda.gov

Lance Honig, Chief, Crops Branch.....	(202) 720-2127
Fleming Gibson, Head, Fruits, Vegetables and Special Crops Section	(202) 720-2127
Deonne Holiday – Almonds, Asparagus, Carrots, Coffee, Cranberries, Onions, Plums, Prunes, Sweet Corn, Tobacco.....	(202) 720-4288
Robert Little – Apricots, Dry Beans, Lettuce, Macadamia, Maple Syrup, Nectarines, Pears, Snap Beans, Spinach, Tomatoes	(202) 720-3250
Krishna Rizal – Artichokes, Cauliflower, Celery, Garlic, Grapefruit, Kiwifruit, Lemons, Mandarins and tangerines, Mint, Mushrooms, Olives, Oranges, Pistachios.....	(202) 720-5412
Chris Singh – Apples, Blueberries, Cucumbers, Hazelnuts, Potatoes, Pumpkins, Raspberries, Squash, Strawberries, Sugarbeets, Sugarcane, Sweet Potatoes	(202) 720-4285
Antonio Torres – Cantaloupes, Dry Edible Peas, Green Peas, Honeydews, Lentils, Papayas, Peaches, Sweet Cherries, Tart Cherries, Walnuts, Watermelons	(202) 720-2157
Chris Wallace – Avocados, Bell Peppers, Broccoli, Cabbage, Chickpeas, Chile Peppers, Dates, Floriculture, Grapes, Hops, Pecans	(202) 720-4215

Access to NASS Reports

For your convenience, you may access NASS reports and products the following ways:

- All reports are available electronically, at no cost, on the NASS web site: www.nass.usda.gov.
- Both national and state specific reports are available via a free e-mail subscription. To set-up this free subscription, visit www.nass.usda.gov and click on “National” or “State” in upper right corner above “search” box to create an account and select the reports you would like to receive.
- Cornell’s Mann Library has launched a new website housing NASS’s and other agency’s archived reports. The new website, <https://usda.library.cornell.edu>. All email subscriptions containing reports will be sent from the new website, <https://usda.library.cornell.edu>. To continue receiving the reports via e-mail, you will have to go to the new website, create a new account and re-subscribe to the reports. If you need instructions to set up an account or subscribe, they are located at: <https://usda.library.cornell.edu/help>. You should whitelist notifications@usda-esmis.library.cornell.edu in your email client to avoid the emails going into spam/junk folders.

For more information on NASS surveys and reports, call the NASS Agricultural Statistics Hotline at (800) 727-9540, 7:30 a.m. to 4:00 p.m. ET, or e-mail: nass@usda.gov.

The U.S. Department of Agriculture (USDA) prohibits discrimination against its customers, employees, and applicants for employment on the basis of race, color, national origin, age, disability, sex, gender identity, religion, reprisal, and where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or all or part of an individual's income is derived from any public assistance program, or protected genetic information in employment or in any program or activity conducted or funded by the Department. (Not all prohibited bases will apply to all programs and/or employment activities.)

If you wish to file a Civil Rights program complaint of discrimination, complete the [USDA Program Discrimination Complaint Form](#) (PDF), found online at www.ascr.usda.gov/filing-program-discrimination-complaint-usda-customer, or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at program.intake@usda.gov.
