APPENDIX A

LAND USE FEE EXEMPTION FOR FACILITIES AND EQUIPMENT ON NATIONAL FOREST SYSTEM LANDS THAT RUS DEEMS ELIGIBLE FOR FINANCING UNDER THE REA

Section 504(g) of the Federal Land Policy and Management Act (FLPMA), 43 U.S.C. 1764(g), states that "rights-of-way shall be granted, issued, or renewed, without rental fees, for electric or telephone facilities eligible for financing pursuant to the Rural Electrification Act of 1936, as amended...."

1. Telecommunications Infrastructure Loan Program (Title II and III of the Rural Electrification Act of 1936, for telephone service in rural areas

Rural area. An area not included within the boundaries of any incorporated or unincorporated city, village or borough having a population exceeding 5,000 inhabitants. The population figure is obtained from the most recent data available, such as from the Bureau of the Census and Rand McNally and Company. For purposes of the "rural area" definition, the character of an area is determined as of a time the initial loan for the system is made.

2. Rural Broadband Loan Program (Title VI of the Rural Electrification Act of 1936) for broadband service as defined in section A of this form in rural areas.

Rural area is any area, as confirmed by the latest decennial census by the U.S. Census Bureau, which is not located within:

- (a) City, town, or incorporated area that has a population of more than 20,000 people; or
- (b) An urbanized area contiguous and adjacent to a city or town with a population of more than 50,000 people. An urbanized area comprises a densely populated territory as defined in the latest decennial census)

Applicants and authorization holders are eligible for financing if their facilities or equipment serve subscribers in a service area that meets the following requirements:

- (a) The service area is completely contained within a rural area;
- (b) At least 25 percent of the households in the service area are underserved households. Broadband borrowers that apply to upgrade existing broadband facilities in its existing service area are exempt from this requirement;
- (c) No part of the service area has three or more incumbent broadband service providers. Incumbent service providers, including borrowers and grantees, which apply to upgrade existing broadband facilities in existing service territories are exempt from the requirement unless they are eligible for funding under Titles II and III of the RE Act; and
- (d) No part of the funded service area overlaps with the service area of current RUS borrowers and grantees.
