Shoreside Production Report Data Entry

To create a shoreside production report, you will need to be logged in to the eLandings system located at: <http://elandings.alaska.gov>

- You must be a **registered and activated user** to create a production report in this system.
- You will need to enter your User ID and your password.
 - If you have forgotten your UserID, please reference your copy of the User Agreement or contact eLandings support at elandings@alaska.gov
 - If you have forgotten your password, you can utilize the "Forgot Password" feature on the login page to have a temporary password emailed to you.

An individual user can be associated with one or more **Operations**.

- When the user logs into the eLandings system, they must designate which **Operation** she will be reporting under.
 - Most users will be associated with only one Operation, but if you have access to multiple operations, be careful to select the appropriate one.
- To create a new production report, simply select the correct operation from the operation dropdown, and then click on the **Production Report** button.

TO MAKE A NEW REPORT, please select your operation and choose one of the following:

Operation: THE PISCES PLANT			Grading and Pricing
Groundfish	Salmon	Shellfish	Logbook
Groundfish Landing Report	Salmon Landing Report	Crab Landing Report	Current Year Logbook
Production Report	Troll Landing Report		Prior Year Logbook
Consolidated Report	Mixed Salmon Percentage		Register Logbook

The Production Report Entry page will open.

- The Report Date field defaults to the current day but can be edited if necessary.
- The Number of Observers field is required.
- If you notice that you have the wrong operation selected, you can change it here.

No production / No Deliveries

If you have submitted your Shoreside Processor Check In Report, but had no deliveries and no production for a day, you are still required to submit a Production report for that day, but need to indicate that no deliveries and no production occurred for that calendar day.

To do that, generate your production report from the home screen

TO MAKE A NEW REPORT, please select your operation and choose one of the following:

Operation: THE PISCES PLANT

Groundfish	Salmon	Shellfish	Logbook
<input type="button" value="Groundfish Landing Report"/>	<input type="button" value="Salmon Landing Report"/>	<input type="button" value="Crab Landing Report"/>	<input type="button" value="Current Year Logbook"/>
<input style="color: red; font-weight: bold; font-size: 1.2em;" type="button" value="Production Report"/>	<input type="button" value="Troll Landing Report"/>		<input type="button" value="Prior Year Logbook"/>
<input type="button" value="Consolidated Report"/>	<input type="button" value="Mixed Salmon Percentage"/>		<input type="button" value="Register Logbook"/>

Then indicate there was no production and no deliveries for the day by clicking the check boxes:

Production Report - 20387377

User: Kimberly **Company:** ALWAYS FRESH **PH:** (907) 444-1212 **Email:** Claire.minelga@noaa.gov

Report Date: 02/03/2022 **Operation:** ALWAYS FRESH

Number of Observers: 1

No Production (check if none): **No Deliveries** (check if none):

- Then Save and Submit the report.
- Once the report is successfully submitted, you can click on the View PDF to review the Production report.

When are production reports required to be submitted?

Any shoreside processor is required to submit a daily shoreside production report once they have submitted a Shoreside Processor Check-in Report, until the time that a Shoreside Processor Check-out Report is submitted.

All FMP Groundfish listed in Table 2a must be accounted for.

Halibut is not an FMP groundfish species and does not need to be included on shoreside production reports.

Production reports must be submitted by 12:00 pm AKST each day to record the previous day's production information.

If you are not taking deliveries over a weekend, you may submit the production report for Saturday and Sunday by 12:00 pm the following Monday.
