AGENCY DISCLOSURE NOTICE

The public reporting burden for this collection of information, 0704-0610, is estimated to average 1.25 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or burden reduction suggestions to the Department of Defense, Washington Headquarters Services, at whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil. Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to any penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number.

Prevention Survey

Please list your installation or ship name:

Instructions

The purpose of this survey is to assess the expertise needed to conduct primary prevention with military Service members. Primary prevention efforts aim to prevent Service members from dying by suicide; misusing alcohol; assaulting, harassing or bullying others; and engaging in interpersonal violence through programs, education and training, evaluation studies and other activities.

No one person is expected to have expertise in all areas; however, understanding your expertise can help determine how you can best contribute to a larger prevention team. For each item in the survey, you will be asked to rate how knowledgeable you are and how relevant it is to your job or position. There are no right or wrong answers, please just answer based on your experience.

Section 1: Primary Prevention

Rate how knowledgeable you are about each item from 1 (No knowledge) to 5 (Extensive knowledge/expertise) and how relevant each item is to your job or position from 1 (Not relevant) to 5 (Central to my job or position).
