There should be hard time served for the architects of 2016 CDC guidelines.

I'm calling on jail time for the fraud perpetuated on the American people. These guidelines were written in secret with no studies or evidence to back there publishing and becoming law. The CDC does not belong in the treatment of patients. I hope RFK guts this department and brings back common

Sense healthcare. The Suboxone hoax is over and you have blood on your hands for hundreds of thousand died to medical collapse. I want justice
