Columns Header Definitions	
Program Objective / Key Result Area	A general statement about a program's purpose or goal. Note: Multiple performance measures may be used to assess impact of a given program.
Performance Measure Title	The title of the performance measure. It should be specific and measurable. It should be aligned with the program's purpose or goal.
Regulation Targeted	The regulation or regulations that the performance measure is intended to assess. For example, "SA.1.1 Control health care quality by monitoring and reporting on health care quality".
Unit of Measurement	The unit of measurement for the performance measure. For example, "Percentage", "Number of patients", "Number of providers".
Numerator	The numerator of the performance measure. It should be a specific and measurable quantity.
Denominator	The denominator of the performance measure. It should be a specific and measurable quantity.
Reporting Frequency	The frequency with which the performance measure is reported. For example, "Quarterly", "Annually", "Monthly".
Reporting Period	The period of time for which the performance measure is reported. For example, "Quarterly", "Annually", "Monthly".
Report Level	The level at which the performance measure is reported. For example, "Statewide", "Local", "Regional".
Report Agency or Owner	The agency or organization responsible for reporting the performance measure. For example, "Health Care Quality", "Health Care Quality".
Data Source	The source of data for the performance measure. For example, "Health Care Quality", "Health Care Quality".
Agency or Owner	The agency or organization responsible for the performance measure. For example, "Health Care Quality", "Health Care Quality".
Reporting Period	The period of time for which the performance measure is reported. For example, "Quarterly", "Annually", "Monthly".
Baseline Year	The year in which the performance measure was first reported. For example, "2010", "2010".
Target Year	The year in which the performance measure is to be achieved. For example, "2012", "2012".
Target Value	The value that the performance measure is to reach by the target year. For example, "95", "95".
