ADMINISTRATIVE REPORT

Version: August 2024

Public reporting burden for this collection of information is estimated to average 20 minutes per response if all applicable sections are completed. To the extent that providers are able to incorporate and obtain much of this information as part of their ongoing client/consumer/participant intake, client record keeping, or follow-up, less time will be required for collection from clients specifically for this collection. Send comments regarding this burden estimate, or any other aspect of this collection of information, to the Substance Abuse and Mental Health Services Administration (SAMHSA) Reports Clearance Officer, Room 15E57B, 5600 Fishers Lane, Rockville, MD 20857. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. The control number for this project is 0930-NEW.
