

**DATE:** December 11, 2024  
**TO:** OMB Deskofficer  
**FROM:** Gopinath Boray, Acting Director, RPMS/PSC  
**SUBJECT:** Change Request – OMB#0937-0191

**CHANGE REQUESTED**

On November 23, 2024, the *Federal Register* published “*Use of Federal Real Property to Assist the Homeless*” (See, *Federal Register*, Vol. 89, Nov. 219, page 89870). This final rule incorporates required statutory changes and current practices pertaining to Title V of the McKinney-Vento Homeless Assistance Act (Title V). It also updates references and terminology that are outdated, and revises procedures for more efficient Title V program administration. To align with the final rule, the Title V application, which on December 4, 2024 OMB approved a “Reinstatement without change of a previously approved collection,” needs to be revised as indicated in redline in the attached “Application Instruction Booklet for the Department of Health & Human Services Federal Real Property Assistance Program, Homeless Assistance.” We are seeking OMB’s approval of these revisions.
