

CMS Quality Payment Program

Submission Form for Eligible Clinician and APM Entity Requests for Other Payer Advanced Alternative Payment Model Determinations (Eligible Clinician Initiated Submission Form)

Purpose

The Eligible Clinician Initiated Submission Form (Form) may be used by Eligible Clinicians and APM Entities (or their authorized representatives) that participate in other payer arrangements to request that CMS determine whether a payment arrangement is an Other Payer Advanced Alternative Payment Model (APM) under the Quality Payment Program as set forth in 42 CFR 414.1420. This process is called the APM Entity or Eligible Clinician Initiated Other Payer Advanced APM Determination Process (Eligible Clinician Initiated Process). The Eligible Clinician Process may be used for payment arrangements under Title XIX (Medicaid), Medicare Health Plans (including Medicare Advantage, Medicare-Medicaid Plans, Cost Plans under sections 1876 and 1833, and Programs of All Inclusive Care for the Elderly (PACE) plans), CMS Multi-Payer Models, or other commercial or private payer payment arrangements.

The Eligible Clinician Initiated Process occurs following the relevant All-Payer QP Performance Period, except in the case of Title XIX (Medicaid) payment arrangements (including Medicaid FFS and Medicaid Managed Care Plans), which must be submitted during the year prior to the relevant performance period. More information about the Quality Payment Program is available at <http://qpp.cms.gov/>.

Note: This Form should only be used when a clinician's payment arrangement does not already appear on the CMS list of approved Other Payer Advanced APMs on the QPP website (<https://qpp.cms.gov/about/resource-library>). If a payment arrangement in which a clinician participates has already been approved by CMS, the clinician does not need to complete this form. Additionally, this form is different from the QPP clinician data submission process, whereby clinicians submit their actual payment and patient data for purposes of Qualified APM Participant (QP) determination. That process occurs near the end of the calendar year in which a clinician participates in a payment arrangement.

Deadlines

This form and the current Eligible Clinician Initiated Process pertain to payment arrangements implemented in calendar year 2024.

The Form Submission Deadline for all non-Medicaid payment arrangements is December 1 of the relevant QP Performance Period (e.g. December 1, 2024 for the 2024 performance period). Forms may be submitted starting in August. CMS intends to review and provide determinations for Forms submitted by September 1 prior to the December 1 Submission Deadline for payment

arrangement participation data for QP determination purposes. CMS will provide determinations for Forms submitted between September 2 and December 1 as soon as practicable after the Submission Deadline.

Forms for payment arrangements authorized under Title XIX (Medicaid) must be submitted prior to the relevant All-Payer QP Performance Period. The deadline for these submissions is November 1 of the calendar year prior to the relevant All-Payer QP Performance Period. CMS intends to make determinations for these payment arrangements prior to the relevant All-Payer QP Performance Period (*e.g.*, in 2023 for the 2024 performance period).

Different payment arrangements must be submitted separately. You must submit the required information pertaining to each payment arrangement you wish to have reviewed.

Additional Information

CMS will review the payment arrangement information in this Form to determine whether the payment arrangement meets the Other Payer Advanced APM criteria. If an APM Entity or eligible clinician submits incomplete information and/or more information is required to make a determination, CMS will notify the APM Entity or eligible clinician and request the additional information that is needed. APM Entities or eligible clinicians must return the requested information no later than 15 business days from the notification date. If APM Entities or eligible clinician do not submit sufficient information within this time period, CMS will not make a determination regarding the payment arrangement. As a result, the payment arrangement would not be considered an Other Payer Advanced APM for the year. These determinations are final and not subject to reconsideration.

Notification

For non-Medicaid payment arrangements, CMS intends to notify the APM Entities and Eligible Clinicians of determination decisions by December 1 for Forms submitted by September 1, and as soon as practicable after the Submission Deadline for Forms submitted by December 1. For Medicaid payment arrangements, CMS intends to notify APM Entities and Eligible Clinicians of determination decisions prior to the relevant All-Payer QP Performance Period. CMS will also post a list of all the payment arrangements determined to be Other Payer Advanced APMs on a CMS website.

Multi-Year Other Payer Advanced APM Determination (if applicable)

I have submitted information that this payment arrangement will be in place for multiple years. I certify that I will review the submission at least once annually, to assess whether there have been any changes to the information since it was submitted, and to submit updated information notifying CMS of any material changes to the payment arrangement that would be relevant to the Other Payer Advanced APM criteria and the determination of the arrangement as an Other Payer Advanced APM, for each successive year of the arrangement. Absent the submission of updated information to reflect material changes to the payment arrangement, I acknowledge that CMS would continue to apply the original Other Payer Advanced APM determination for each successive year of the payment arrangement through the earlier of the end of that multi-year payment arrangement or 5 years.
