

Instrument 3: SAVES Center Grantee Meeting T/TA Feedback Survey

Survey 1: Demographics

Consent

Thank you for participating in the SAVES Center Grantee Meeting. To help ensure the quality of our services, we will be collecting a series of feedback surveys after each session. These surveys are voluntary and you do not have to answer any questions if you don't want to. All feedback will be kept private amongst SAVES Center team members. Results will be summarized in a way that cannot identify any individual.

Each survey takes about 5 minutes to complete. Click "Next" at the bottom of the screen to continue.

Survey logistics

On the next page, we will ask you for some of your background characteristics, including professional setting, length of time working in the field, and race/ethnicity. We hope to connect these characteristics to your responses about each session. To do so, we need to create a unique ID for each person, which we will ask you to enter in each satisfaction survey.

You may want to write down or take a screen shot of this number. Please enter your first, middle, and last initial and two-digit year of birth as your unique ID on all surveys. For example, Michelle LaVaughn Obama (born 1/17/64) would enter: MLO64. Please note that we will reassign your unique ID after the meeting so it is not identifiable to you individually. We are using this ID temporarily so people do not need to remember their ID number.

1. Please enter your unique ID here _____

Demographics

Why do we ask for demographic information? These questions are about ways you describe yourself. This information is important to us because we want our training and technical assistance (T/TA) to be useful, meaningful, and respectful for everyone. If we find out something about this event is not as helpful for a particular group, we will be able to improve future T/TA to be sure it is more responsive to that group's needs.

2. What program setting do you work with? (check all that apply)
 - a. State child support agency [CONTINUE TO Q3]
 - b. County or regional child support agency [CONTINUE TO Q3]

The Paperwork Reduction Act Statement: This collection of information is voluntary and will be used to better understand efforts to increase safe access to child support, parenting time, and establishment of parentage services for survivors of domestic violence. Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB number and expiration date for this collection are OMB #: 0970-0531, Exp: 09/30/2025. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to Center for Policy Research; 1570 Emerson Street Denver, Colorado 80218.
