(a) Spirits tax-determined before January 1, 1980. Claims for spirits tax-determined before January 1, 1980, must be supported by a copy of each related dump and batch record, bottling tank report, and/or package gauge report covering the processing, bottling, and/or packaging of the spirits. Claims on spirits bottled in bond on bonded premises before January 1, 1980, must be supported by a copy of ATF Form 179 covering the tax-determination of the spirits. These supporting documents must be identified in the appropriate columns in Part II, along with the drawback rate for each product. If a standard drawback rate was established prior to January 1, 1980, the date of approval of the formula and the number must be shown in any available space in Part II.
