

SUPPORTING STATEMENT
Internal Revenue Service
Application for Employer Identification Number
OMB Control No. **1545-0003**

1. CIRCUMSTANCES NECESSITATING COLLECTION OF INFORMATION

Sections 6011 and 6109 of the Internal Revenue Code, section 31.6011(b)-1 of the Employment Tax Regulations, and section 301.6109-1 of the Procedures and Administration Regulations require certain taxpayers to have an employer identification number (EIN), for use on returns, statements, or other documents. An EIN is a nine-digit number (for example, 12-3456789) assigned to sole proprietors, corporations, partnerships, estates, trusts, and other entities for tax filing and reporting purposes.

Form SS-4, *Application for Employer Identification Number (EIN)*, and Form SS-4 (SP), *Solicitud de Número de Identificación del Empleador (EIN)*, are used by these taxpayers to obtain an employer identification number. The information provided on either of these forms will establish the business tax account.

2. USE OF DATA

The information will be used by the IRS to administer and comply with section 6109 and the regulations thereunder, which generally require the inclusion of an employer identification number (EIN) on certain returns, statements, or other documents filed with the Internal Revenue Service. Information on these application forms may be used to determine which federal tax returns will be required to be filed and to provide the taxpayer with related forms and publications.

The IRS will share this form with the Social Security Administration (SSA) for their use in determining compliance with applicable laws. The IRS may also give this information to the Department of Justice for use in civil and/or criminal litigation, and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their tax laws. The IRS may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, and to federal law enforcement and intelligence agencies to combat terrorism.

3. USE OF IMPROVED INFORMATION TECHNOLOGY TO REDUCE BURDEN

Individuals may apply for an EIN online (only for applicants in the U.S. or U.S. possessions), by telephone (only for applicants outside of the U.S. or U.S. possessions), by fax, or by mail, depending on how soon the EIN is needed. Use only one method for each entity to prevent multiple EIN's being assigned to the same entity. The procedures for each method of filing have been included in the Instructions to Form SS-4 and SS-4 (SP).

4. EFFORTS TO IDENTIFY DUPLICATION

The information obtained through this collection is unique and is not already available for use or adaptation from another source.

5. METHODS TO MINIMIZE BURDEN ON SMALL BUSINESSES OR OTHER SMALL ENTITIES

There is minimal to no burden on small businesses or entities by this collection due to the inapplicability of the authorizing statute under sections 6011 and 6109 to this type of entity.

6. CONSEQUENCES OF LESS FREQUENT COLLECTION ON FEDERAL PROGRAMS OR POLICY ACTIVITIES

The information will be used to administer and comply with section 6109 and the regulations thereunder, which generally require the inclusion of an employer identification number

(EIN) on certain returns, statements, or other documents filed with the Internal Revenue Service.

Failure to collect and retain the information outlined would hinder the proper amount of tax collection, increase inaccurate and untimely filing of tax returns, and promote tax avoidance.

7. SPECIAL CIRCUMSTANCES REQUIRING DATA COLLECTION TO BE INCONSISTENT WITH GUIDELINES IN 5 CFR 1320.5(d)(2)

There are no special circumstances requiring data collection to be inconsistent with Guidelines in 5 CFR 1320.5(d)(2).

8. CONSULTATION WITH INDIVIDUALS OUTSIDE OF THE AGENCY ON AVAILABILITY OF DATA, FREQUENCY OF COLLECTION, CLARITY OF INSTRUCTIONS AND FORMS, AND DATA ELEMENTS

Periodic meetings are held between IRS personnel and representatives of the American Bar Association, the National Society of Public Accountants, the American Institute of Certified Public Accountants, and other professional groups to discuss tax law and tax forms. During these meetings, there is an opportunity for those attending to make comments regarding Form SS-4 and SS-4 (SP).

In response to the Federal Register notice dated October 10, 2024, (89 FR 82303), we received no comments during the comment period regarding these forms.

9. EXPLANATION OF DECISION TO PROVIDE ANY PAYMENT OR GIFT TO RESPONDENTS

There are no special circumstances requiring data collection to be inconsistent with Guidelines in 5 CFR 1320.5(d)(2).

10. ASSURANCE OF CONFIDENTIALITY OF RESPONSES

Generally, tax returns and tax return information are confidential as required by 26 USC 6103.

11. JUSTIFICATION OF SENSITIVE QUESTIONS

A privacy impact assessment (PIA) has been conducted for information collected under this request as part of the "Business Master File (BMF)" system and a Privacy Act System of Records notice (SORN) has been issued for this system under IRS 24.046-Customer Account Data Engine Business Master File. The Internal Revenue Service PIAs can be found at <http://www.irs.gov/uac/Privacy-Impact-Assessments-PIA>.

Title 26 USC 6109 requires inclusion of identifying numbers in returns, statements, or other documents for securing proper identification of persons required to make such returns, statements, or documents and is the authority for social security numbers (SSNs) in IRS systems.

12. ESTIMATED BURDEN OF INFORMATION COLLECTION

Sections 6011 and 6109 of the Internal Revenue Code, section 31.6011(b)-1 of the Employment Tax Regulations, and section 301.6109-1 of the Procedures and Administration Regulations require certain taxpayers to have an employer identification number (EIN), for use on returns, statements, or other documents.

13. ESTIMATED TOTAL ANNUAL COST BURDEN TO RESPONDENTS

From our Federal Register notice dated October 10, 2024, no public comments were received on the estimates of cost burden that are not captured in the estimates of burden hours, i.e., estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. As a result, estimates of these cost burdens are considered nominal.

14. ESTIMATED ANNUALIZED COST TO THE FEDERAL GOVERNMENT

The estimated annualized cost to the Federal Government is based on a model that considers the following three factors for each information product: aggregate labor costs for development, including annualized start-up expenses, operating and maintenance expenses, and distribution of the product that collects the information.

The government computes cost using a multi-step process. First, the government creates a weighted factor for the level of effort to create each information collection product based on variables such as complexity, number of pages, type of product and frequency of revision. Second, the total costs associated with developing the product such as labor cost, and operating expenses associated with the downstream impact such as support functions, are added together to obtain the aggregated total cost. Then, the aggregated total cost and factor are multiplied together to obtain the aggregated cost per product. Lastly, the aggregated cost per product is added to the cost of shipping and printing each product to IRS offices, National Distribution Center, libraries, and other outlets. The result is the Federal Government estimated annualized cost per product.

The federal government estimated annualized cost is as follows:

Product	Aggregate Cost per Product (factor applied)		Printing and Distribution		Government Cost Estimate per Product
Form SS-4	25,071	+	0	=	25,071
Instructions-SS-4	6,268	+	0	=	6,268
Form SS-4 (SP)	19,285	+	0	=	19,285
Instructions SS-4 (SP)	5,625	+	0	=	5,625
Grand Total	56,249	+	0	=	56,249
Table costs are based on 2023 actuals obtained from IRS Chief Financial Office and Media and Publications					

15. REASONS FOR CHANGE IN BURDEN

Changes in the burden methodology will result in an increase of estimated filers and time per response. This will increase the paperwork burden previously approved by 66,017,633 hours. We are making this submission to update and renew the OMB approval.

	Requested	Program Change Due to New Statute	Program Change Due to Agency Discretion	Change Due to Adjustment in Agency Estimate	Change Due to Potential Violation of the PRA	Previously Approved
Annual Number of Responses	7,953,950	0	0	1,988,215	0	5,965,735
Annual Time Burden (Hr.,)	69,358,445	0	0	66,017,633	0	3,340,812

Also, we are making this submission for renewal purposes.

16. PLANS FOR TABULATION, STATISTICAL ANALYSIS AND PUBLICATION

There are no plans for tabulation, statistical analysis, and publication.

17. REASONS WHY DISPLAYING THE OMB EXPIRATION DATE IS INAPPROPRIATE

IRS believes that displaying the OMB expiration date is inappropriate because it could cause confusion by leading taxpayers to believe that the regulation sunsets as of the expiration date. Taxpayers are not likely to be aware that the IRS intends to request renewal of OMB approval and obtain a new expiration date before the old one expires.

18. EXCEPTIONS TO THE CERTIFICATION STATEMENT

There are no exceptions to the certification statement.
