# Corporate Background and Financial Report

### General Information and Instructions

This *Background and Financial Report* (report) is used by a company or corporation in conjunction with other corporate filings to the appropriate regulatory agency. This report is **not** a stand alone document.

### Preparation

Use of this report is not mandatory. Alternative formats, if used, however, must provide all requested information, including the certification of accuracy. All questions must be answered with complete and accurate information that is subject to verification. If the answer is "none," "not applicable," or "unknown," so state. Answers of "unknown" should be explained.

The questions are not intended to duplicate information supplied on another form or in an exhibit; a cross reference to the information is acceptable. If this report is used, questions should be answered in the space provided. Use additional sheets as necessary. If the report is not complete, the OCC may either request additional information or return the filing.

Financial statements submitted with this report must be based on current market value in United States dollars, rounded to the nearest thousand dollars, and agree with any totals in the supplementary schedules. In addition to the sample financial schedules, the applicant may wish to provide supplementary schedules for other items on the financial statements.

Generally, a company seeking to charter a new national bank or acquire control of a national bank should complete this report. Other companies (for example, a company sponsor for a proposed new bank) also may be required to complete applicable portions of the biographical report. Each filer must report promptly any material change in the biographical report and/or financial condition that occurs during the review period for this filing.

#### **Financial Statement**

In general, corporations must file financial data for the previous two fiscal periods. The OCC may review FR Y-6 reports, SEC 10-K reports, Annual Reports to Stockholders, reports of examination, financial statements, and any other information available to it in its supervisory capacity. Audited financial information may be requested. The OCC specifically reserves the right to require up to five years of financial data from any acquiring corporation.

## Confidentiality

Any Applicant desiring confidential treatment of specific portions of the application must submit a request in writing with the application. The request must discuss the justification for the requested treatment. Applicant's reasons for requesting confidentiality should demonstrate specifically the harm (for example, loss of competitive position, invasion of privacy) that would result from public release of information (5 USC 552). Information for which confidential treatment is requested should be: (1) specifically identified in the public portion of the application (by reference to the confidential section; (2) separately bound; and (3) labeled "Confidential."

Applicant should follow the same procedure to request confidential treatment for the filing of supplemental information to the application.

The OCC will determine whether the information submitted as confidential will be so regarded and will advise the applicant of any decision to make available to the public information labeled as "Confidential."
