INVESTMENT JUSTIFICATION INSTRUCTIONS

Please review the entire Notice of Funding Opportunity (NOFO) announcement before writing the Investment Justification (IJ). This is critical to ensuring accuracy, completion, and abating possible errors for program funding.

As part of the TSGP application process, applicants must develop one formal IJ for each proposed project including funding and M&A costs. An agency may submit up to eight projects/IJs per region. Agencies may also submit up to five additional projects/IJs for law enforcement providers dedicated to the transit organization. Each IJ must demonstrate how a proposed project addresses gaps and deficiencies in current programs and capabilities. The IJ must demonstrate the ability to provide enhancements consistent with the purpose of the program and guidance provided by DHS/FEMA. Applicants must ensure that the IJ is consistent with all applicable requirements outlined in this application kit.

IJ Submission and File Naming Convention

All application submissions in ND Grants must be electronic file attachments to the grant application. Applicants must use this file naming convention to identify their investment(s):

Example: Chicago_XYZTA_IJ_1

If submitting multiple encrypted documents, you must use the same password for all files.
