Other change:

This submission includes a series of non-substantive changes to the surveys and interviews that are part of the Green and Resilient Retrofit Program (GRRP) Application Study. The proposed changes to the instruments have been made based on feedback from the study contractor. Changes have been approved by the Institutional Review Board (IRB). Proposed edits have been made to enhance participant comprehension and streamline the survey response process. We do not anticipate these revisions to affect either the annual reporting and recordkeeping hour burden or the annual reporting and recordkeeping cost burden for the data collection. Please see the second page for details on the proposed changes to each item.
