NOTICE: SAMPLE EEO-4 REPORT

As discussed in the 30-day Notice published in the Federal Register on December 6, 2024, the EEOC created the Office of Enterprise Data and Analytics (OEDA) in May 2018 with the goal of creating a modern data and analytics organization at the agency. Since its creation, OEDA, which administers the agency's EEO data collections, including the EEO-4, has worked to modernize the collections and improve the quality of data collected. OEDA has also streamlined functions, such as providing additional self-service options, resource materials, and an online support message center.

As part of its ongoing modernization efforts and in response to feedback from filers in prior collections, OEDA has redesigned the format of the certified report generated by the *EEO-4 Online Filing System (OFS)*. The report, which filers will be able to download and save as a PDF, contain several enhancements to how information provided by filers is displayed. For example, the updated report now has delineated sections and headers that clearly identify the information being displayed and filers' answers to reporting questions such as eligibility.

<u>Please Note</u>: This is a "sample" EEO-4 report generated by the EEOC's <u>EEO-4 Online Filing System (OFS)</u>. Filers are not permitted to submit EEO-4 workforce demographic data using this sample. The EEOC requires electronic submission of EEO-4 reports through the *OFS*, the agency's web-based data collection application (i.e., portal). The OFS is accessible at [LINK WILL BE INSERTED BY EEOC FOR EACH DATA COLLECTION YEAR].

The EEOC will only accept EEO-4 reports submitted and certified through the *OFS*. The EEOC will not accept reports submitted via paper or through other non-OFS electronic means (e.g., email, CD-ROM). The EEOC will consider filers submitting reports outside of the OFS to be non-compliant for purposes of their mandatory EEO-4 filing obligation.
