**K. Measuring Effective Utilization of 911/E911 Fees**

**K1. Please provide an assessment of the effects achieved from the expenditure of state 911/E911 or NG911 funds, including any criteria your state or jurisdiction uses to measure the effectiveness of the use of 911/E911 fees and charges. If your state conducts annual or other periodic assessments, please email an electronic copy (e.g., Word, PDF) of the latest such report upon submission of this questionnaire to the FCC at [911FeeReport@fcc.gov](mailto:911FeeReport@fcc.gov) or provide links to online versions of such reports in the space below.**

*This system has a text field limit of 20,000 characters, but this system does not provide a character count. If you encounter a character limit error for this question or for other questions, enter "See Supplement." in the response field. Separately, please prepare a supplemental document that names your state or jurisdiction, identifies the affected question number(s), and includes the intended full response(s). Any time after completing and submitting the questionnaire, but before the questionnaire deadline, you may email the supplemental document to [911FeeReport@fcc.gov](mailto:911FeeReport@fcc.gov).*

**IMPORTANT NOTE: Keyboard-only users must use the tab button, then the space bar or enter key to continue to the next page.**

To review earlier responses, use the "Previous" button in the lower left corner of each page. Depending on your web browser settings, if you click on the "Back" button of the web browser or open an embedded link within the same window or tab as the questionnaire, prior responses may not be saved, in which case you will need to start over to retake the questionnaire. We encourage you to carefully review your answer to each question before moving to the next question. It may be helpful to save a copy of each response before continuing to the next question. For example, you may print answers, save answers as a PDF, or take a screen shot of answers before moving to the next question.
