

### Internal Capital Plan Results Submission Template Instructions

Data contained in these worksheets is disclosed to NCUA only.

- 1 When providing information, please refer to information included in the following worksheets:  
[Worksheet Metadata](#)  
[Data Dictionary](#)
- 2 Reported numbers should reflect the start date of your internal capital plan scenario (either a start date of 12/31 of the prior year or the date used as your internal capital plan scenario start date). Data from the "Most Recent Period" column should generally match data in the corresponding Call Report (See Data Dictionary worksheet for more information). Scenario results start thereafter.
- 3 Read the "Formatting Self-Run SST Results" section of the annual self-run stress test instructions (formatting rules are the same for these templates). Follow all the reporting template instructions and formatting guidelines.
- 4 Use this workbook to populate your internal capital plan results for a given scenario. If your credit union's capital policy requires any additional measures of capital not included in the template, you can report them in the section at the bottom of the Balance Sheet worksheet.
- 5 Make sure your data passes all of the in-workbook data validations in the Data Validation worksheet. Reach out prior to submission if you think there is an exception where not passing the validations is warranted. The line below will indicate whether your data has passed all the validations once you enter data (it will change from "Awaiting Data Entry" to "Yes" or "No"). To see the results of the individual data validation checks, please see the Data Validation worksheet.

**All validations passed?**

**Awaiting Data Entry**

- 6 Verify you have populated the information below prior to submitting.

**Credit Union Name:**

**Scenario Start (if not 12/31 of prior year):**

**Scenario Name:**

## Validation Description

All Validations Passed

Should equal sum of cash and cash equivalents (BS1), investments (BS2) net of allowance for credit losses (BS8), Loans and leases (BS9) net of allowance for credit losses (BS10), loans held for sale (BS11), foreclosed and repossessed assets (BS12) and all other assets (BS13).

Should equal balance of total loans reported in Loan Details Item LD100.

Should equal balance of cash and cash equivalents reported in Investments and Derivatives Item ID1.

Should equal balance of investments reported in Investments and Derivatives Item ID2.

Should be equal to the sum of all individual investment components , except for their allowance for credit losses (Items BS3, BS4, BS5, BS6, BS7).

Should equal the sum of borrower money (BS15), shares and deposits (BS16) and all other liabilities (BS23).

Should equal sum of individual share and deposit components (BS17, BS18, BS19, BS20, BS21, BS22).

Should be equal to the sum of individual equity line items (BS26, BS27, BS31, BS32).

Should be equal to assets minus liabilities (BS14 - BS25).

Should equal sum of all accumulated unrealized gains and other comprehensive income components (BS28, BS29, BS30).

Change from prior quarter should equal accumulated unrealized gains and other comprehensive income reported in Income Statement Item IS30.

Earnings and reserves reported in equity and stress test capital sections should match (BS26 = BS35).

Equals sum of Balance Sheet Items BS35, BS36, BS37, BS38.

Equals regulatory net worth net of NCUSIF deposit, subordinated debt included in net worth and section 208 assistance (BS39 minus the sum of BS40 and BS41).

Equals stress test capital with accumulated unrealized gains and other comprehensive income added (BS42 plus BS27).

Equals total assets (BS14) minus NCUSIF deposit (BS40) + CECL Transition Provision (BS38).

Equals 100 multiplied by stress test capital (BS42) divided by total assets less NCUSIF deposit (BS44).

Equals 100 multiplied by stress test capital including accumulated unrealized gains and OCI (BS43) divided by total assets less NCUSIF deposit (BS44).

Should equal interest from cash and cash equivalents (IS2) plus interest from investments (IS3).

Should equal interest from cash and cash equivalents reported in NII Details Item NI1.

Should equal sum of investment interest reported on NII Details (Items NI2-9).

Should equal sum of loan interest income reported on NII Details (NI10, NI11, NI12, NI13, NI14, NI17, NI20).

Should equal other interest income reported on NII Details (NI21).

Should equal interest on borrowed money reported on NII Details (NI23).

Should equal sum of share and deposit interest reported on NII Details (NI24-NI29).

Should be equal to sum of components (IS1, IS4, IS5).

Should be equal to sum of components (IS7 and IS8).

Should equal interest income (IS6) minus interest expense (IS9).

Should equal interest income (NI22) reported in NII Details.

Should equal interest expense (NI30) reported in NII Details.

Should equal net interest income (NI31) reported in NII Details.

Should equal sum of components (IS11, IS12, IS13, IS14, IS16, IS17).

Should equal sum of employee compensation and benefits (IS19) and all other operating expenses (IS20).

Should equal non-interest income (IS18) minus non-interest expense (IS21).

Should equal sum of net interest income (IS10) and net non-interest income (IS22).

Should equal pre-provision net revenue (IS23) minus total credit loss expense (IS24).

Should equal net income (IS29) plus accumulated unrealized gains and other comprehensive income (IS30).

Should equal sum of credit loss expense subcomponents (IS25, IS26, IS27, IS28).

Should equal Loan Details Item LD108.

Should equal sum of balance of 1st mortgage, auto, credit card, HE and HELOC, other consumer (total) and commercial loans (total) (LD1, LD10, LD19, LD28, LD55, LD82, LD91).

Should equal sum of prepayments of 1st mortgage, auto, credit card, HE and HELOC, other consumer (total) and commercial loans (total) (LD2, LD11, LD20, LD29, LD56, LD83, LD92).

Should equal sum of originations of 1st mortgage, auto, credit card, HE and HELOC, other consumer (total) and commercial loans (total) (LD3, LD12, LD21, LD30, LD57, LD84, LD93).

Should equal sum of gross charge-offs of 1st mortgage, auto, credit card, HE and HELOC, other consumer (total) and commercial loans (total) (LD5, LD14, LD23, LD32, LD59, LD86, LD95).

Should equal sum of net charge-offs of 1st mortgage, auto, credit card, HE and HELOC, other consumer (total) and commercial loans (total) (LD6, LD15, LD24, LD33, LD60, LD87, LD96).

Should equal sum of allowance for credit losses of 1st mortgage, auto, credit card, HE and HELOC, other consumer (total) and commercial loans (total) (LD8, LD17, LD26, LD35, LD62, LD89, LD98).

Should match Allowance for loan and lease credit losses on Balance Sheet (BS10).

Should equal sum of credit loss expense of 1st mortgage, auto, credit card, HE and HELOC, other consumer (total) and commercial loans (total) (LD9, LD18, LD27, LD36, LD63, LD90, LD99).

Current quarter credit loss expense should equal to the quarterly change in the allowance for credit losses (LD107) plus the quarter's net charge-offs (LD105).

Should equal sum of commercial real and nonreal estate values (LD64 and LD73).

Should equal sum of commercial real and nonreal estate values (LD65 and LD74).

Should equal sum of commercial real and nonreal estate values (LD66 and LD75).

Should equal sum of commercial real and nonreal estate values (LD68 and LD77).

Should equal sum of commercial real and nonreal estate values (LD69 and LD78).

Should equal sum of commercial real and nonreal estate values (LD71 and LD80).

Should equal sum of commercial real and nonreal estate values (LD72 and LD81).

Should equal sum of other secured and unsecured values (LD37 and LD46).

Should equal sum of other secured and unsecured values (LD38 and LD47).

Should equal sum of other secured and unsecured values (LD39 and LD48).

Should equal sum of other secured and unsecured values (LD41 and LD50).

Should equal sum of other secured and unsecured values (LD42 and LD51).

Should equal sum of other secured and unsecured values (LD44 and LD53).

Should equal sum of other secured and unsecured values (LD45 and LD54).

Current quarter change in Earnings and Reserves (BS35) should be equal to current quarter Net Income (IS29).

## Definition

Cash or cash equivalent assets on hand or deposit. Include time deposits in commercial banks, S&Ls, savings banks and other deposits. Should equal Investments and Derivatives Item ID1.

Total of investment security assets and any other investments not included in the cash and cash equivalents category. Should be equal to the sum of all individual investment components, except for their allowance for credit losses (Items BS3, BS4, BS5, BS6, BS7). Should also equal total investments reported in Investments and Derivatives Item ID2.

Fair value of equity securities, including mutual funds.

Investment in trading debt securities held principally for near-term sale.

Investment in debt securities classified as held-for-sale.

Investment in debt securities classified as held-to-maturity.

Include loans to and investments in natural person credit unions, membership and paid-in capital and all other investments in corporate credit unions, etc.

Allowance for Credit Losses on investment securities calculated according to CECL standard.

Outstanding amount of loans and leases. Should equal sum of Loan Details Items LD1, LD10, LD19, LD28, LD55, LD82, LD91. Also should equal Loan Details Item LD100.

Allowance for Credit Losses on loans and leases calculated according to CECL standard. Should equal sum of Loan Details Items LD8, LD17, LD26, LD35, LD62, LD89, LD98. Also should equal Loan Details Item LD107.

Outstanding amount of loans identified as held for sale (either at origination or subsequently classified as being held for sale).

Long-lived assets where the credit union acquired the asset through or in lieu of, foreclosure or repossession and intends to sell the asset.

Include fixed assets, intangible assets, NCUSIF Deposit, accrued interest, account receivables, prepaid expenses and any other assets not previously included

Total assets. Should equal sum of cash and cash equivalents (BS1), investments (BS2) net of allowance for credit losses (BS8), Loans and leases (BS9) net of allowance for credit losses (BS10), loans held for sale (BS11), foreclosed and repossessed assets (BS12) and all other assets (BS13).

Include draws against lines of credit, notes and interest payable, borrowing repurchase transactions, subordinated debt, FHLB Advance, etc.

All member shares and deposits and nonmember deposits. Should equal sum of individual share and deposit components (BS17, BS18, BS19, BS20, BS21, BS22).

Member share draft accounts volume.

Share account volume.

Money market share account volume.

Share Certificate volume.

IRA/KEOGH account volume.

Volume of any other share accounts not previously included and nonmember deposits.

Include all non-interest-bearing liabilities and any other interest-bearing liabilities not previously included.

Allowance for credit losses for off-balance sheet credit exposures.

Credit Union's total liabilities. Should be equal to the sum of aggregate liability categories (BS15, BS16, BS23).

Realized earnings and reserves. Include undivided earnings, other reserves, net income (unless already included in undivided earnings), and appropriation for non-conforming investments (State Credit Union only). Equals Balance Sheet Item BS35.

Accumulated unrealized gains (losses) and other comprehensive income that is not included in net income. Equals sum of Balance Sheet Items BS28, BS29, BS30. Change from prior quarter should equal Income Statement Item IS30.

Amount of the effective portion of the accumulated change in the fair value on derivatives designated and qualifying as cash flow hedges (per ASC 815).

Amount of cumulative unrealized gains (losses) on available for sale debt securities.

Amount of any other comprehensive income not already reported in Balance Sheet Items BS28 or BS29. For example, income impacts related to a single-employer defined benefit retirement plan may be reported in this category.

Amount of fair value equity acquired at the date of an acquisition measured consistent with GAAP.

Amount of equity of all consolidated subsidiaries held by other parties (i.e., the equity in a credit union subsidiary not attributable to the credit union).

Credit Union's total equity. Should be equal to the sum of individual equity line items (BS26, BS27, BS31, BS32) and also equal to assets minus liabilities (Item BS14 - BS25).

Total liabilities and equity. Should equal sum of liabilities and equity (BS25 + BS33) and also equal to total assets (BS14).

Realized earnings and reserves. Include undivided earnings, other reserves, net income (unless already included in undivided earnings), and appropriation for non-conforming investments (State Credit Union only). Equals Balance Sheet Item BS26.

Amount of subordinated debt that is included in net worth.

Total amount of adjusted retained earnings from business combinations. Includes prior quarter-end adjusted retained earnings acquired through business combinations with another credit union, any adjustments made to retained earnings acquired through business combinations in the current quarter or adjusted gains from bargain purchases during the current quarter.

Phase in of one time adjustment to undivided earnings stemming from the adoption of ASC Topic 326 - Financial Instruments - Credit Losses (CECL). Reported value should be calculated in accordance with 702.703(c).

Total regulatory net worth as reported on Call Report Schedule G. Also equal to Call Report accounts 940 + 602 + 658 + 668 + 925A + 1004 + NW0004. Equals sum of Balance Sheet Items BS35, BS36, BS37, BS38.

Amount of assistance pursuant to section 208 of the Federal Credit Union Act

NCUA Share Insurance Fund (NCUSIF) capitalization deposit.

Stress test capital means net worth (less assistance provided under Section 208 of the Federal Credit Union Act, subordinated debt included in net worth, and NCUSIF deposit) under stress test scenarios. Equals Balance Sheet Item BS39 minus the sum of Balance Sheet Items BS40 and BS41.

Fair value of equity securities, including mutual funds.

Total assets excluding the NCUSIF capitalization deposit. Equals total assets (BS14) minus NCUSIF deposit (BS40).

Stress test capital divided by total consolidated assets less NCUSIF deposit. Equals Balance Sheet Item BS42 divided by Balance Sheet Item BS44.

Stress test capital ratio that includes accumulated other comprehensive income in the numerator. Equals Balance Sheet item BS43 divided by Balance Sheet Item BS44.

Interest and dividend income earned on cash, cash equivalents and investments. Should equal sum of NII Details Items NI1-NI9.

Interest income earned on cash and cash equivalents. Include interest income and dividends on time deposit assets in commercial banks, S&Ls, savings banks and other deposit assets. Should equal NII Details Item NI1.

Interest and dividend income earned on investments. Should equal sum of NII Details Items NI2-NI9.

Interest income earned on loans and leases. Should equal sum of loan and lease interest income by portfolio type as reported in NII Details (NI10, NI11, NI12, NI13, NI14, NI17, NI20).

Interest income earned on all other sources except loans, cash, cash equivalents and investments. Should equal NII Details Item NI21.

Total interest and dividend income. Should equal sum of Income Statement Items IS1, IS4, IS5. Should also equal NII Details Item NI22.

Interest costs on borrowed money. Should equal NII Details Item NI23.

Dividend and interest expenses incurred on shares and deposits. Should equal sum of NII Details Items NI24-NI29.

Total interest and dividend expenses. Should equal sum of Income Statement Items IS7 and IS8. Should also equal NII Details Item NI30.

Total interest income net of total interest expenses. Should equal interest income (IS6) minus interest expense (IS9). Should also equal NII Details Item NI31.

All fee income. Include interchange income, overdraft fees, ATM fees, credit card fees and other fees charged for services

Amount of gain (loss) on loan sales. A primary example is gain from selling real estate loans on the secondary market, but the gain (loss) on other loan sales is also included.

Amount of gain or loss from the sale or other disposition of all equity and trading debt securities.

Amount of gain (loss) on all investments. Include OTTI losses recognized in net earnings (e.g., credit losses), which are also reported separately in Income Statement Item IS15. OTTI losses not recognized in net earnings should be included in other comprehensive income (Income Statement Item IS30).

OTTI losses recognized in net earnings (e.g., credit losses) and reported as part of Gain (Loss) from All Other Investments.

Amount of gain or loss from derivative activities exclusive of interest and premium amortization. For fair value hedges, the change in fair value for the period along with any other derivative gain or loss should be reflected here.

Any other non-interest income (excluding fee income and gain/loss on loan sales and investments) recognized in net income.

All non-interest income. Equals sum of non interest income component items (IS11, IS12, IS13, IS14, IS16, IS17).

Total employee compensation costs, including salaries, benefits, pension plan costs, employer taxes, etc.

All other operating expenses besides employee compensation. This includes travel and conference expenses, office occupancy and operation expenses, loan servicing expenses, and any other operating fees and expenses.

Total non-interest (i.e., operating) expenses. Equals sum of employee compensation and benefits (IS19) and all other operating expenses (IS20).

Total non-interest income net of total non-interest expenses. Equals non-interest income (IS18) minus non-interest expense (IS21).

Net income before credit loss expenses. Equals sum of net interest income (IS10) and net non-interest income (IS22).

Total credit loss expenses. Should equal sum of credit loss expense subcomponents (IS25, IS26, IS27, IS28).

Credit loss expenses for loans and leases. Should equal sum of Loan Details Items LD9, LD18, LD27, LD36, LD63, LD90, LD99. Also should equal Loan Details Item LD108.

Credit loss expenses for available for sale debt securities.

Credit loss expenses for held to maturity debt securities.

Credit loss expenses for off-balance sheet exposures.

Total income net of expenses. Should equal pre-provision net revenue (IS23) minus total credit loss expense (IS24).

Interest income (NI22) less interest expense (NI30). Should also equal Income Statement Item IS10.

Outstanding loan balance attributable to 1st Mortgage Loans portfolio.

Prepayment of loan balance attributable to 1st Mortgage Loans portfolio.

New origination or draw attributable to 1st Mortgage Loans portfolio.

Outstanding balance of loans at default attributable to 1st Mortgage Loans portfolio.

Gross loan charge-offs attributable to 1st Mortgage Loans portfolio.

Net loan charge-offs attributable to 1st Mortgage Loans portfolio.

Average loss severity for 1st Mortgage Loans portfolio. Should be calculated as losses divided by default balance. Components of loss severity include difference between default UPB and collateral value at liquidation and liquidation expenses (in the case of a mortgage loan, the liquidation expense includes appraisal and title search fees, legal fees, taxes, sales commissions, insurance, property taxes, maintenance expenses and marketing cost, etc.), minus any recoveries.

Allowance for loan losses attributable to 1st Mortgage Loans portfolio.

Credit loss expense attributable to 1st Mortgage Loans portfolio.

Outstanding loan balance attributable to Auto Loans portfolio.

Prepayment of loan balance attributable to Auto Loans portfolio.

New origination or draw attributable to Auto Loans portfolio.

Outstanding balance of loans at default attributable to Auto Loans portfolio.

Gross loan charge-offs attributable to Auto Loans portfolio.

Net loan charge-offs attributable to Auto Loans portfolio.

Average loss severity for Auto Loans portfolio. Should be calculated as losses divided by default balance. Components of loss severity include difference between default UPB and collateral value at liquidation and liquidation expenses (in the case of a mortgage loan, the liquidation expense includes appraisal and title search fees, legal fees, taxes, sales commissions, insurance, property taxes, maintenance expenses and marketing cost, etc.), minus any recoveries.

Allowance for loan losses attributable to Auto Loans portfolio.

Credit loss expense attributable to Auto Loans portfolio.

Outstanding loan balance attributable to Credit Card Loans portfolio.

Prepayment of loan balance attributable to Credit Card Loans portfolio.

New origination or draw attributable to Credit Card Loans portfolio.

Outstanding balance of loans at default attributable to Credit Card Loans portfolio.

Gross loan charge-offs attributable to Credit Card Loans portfolio.

Net loan charge-offs attributable to Credit Card Loans portfolio.

Average loss severity for Credit Card Loans portfolio. Should be calculated as losses divided by default balance. Components of loss severity include difference between default UPB and collateral value at liquidation and liquidation expenses (in the case of a mortgage loan, the liquidation expense includes appraisal and title search fees, legal fees, taxes, sales commissions, insurance, property taxes, maintenance expenses and marketing cost, etc.), minus any recoveries.

Allowance for loan losses attributable to Credit Card Loans portfolio.

Credit loss expense attributable to Credit Card Loans portfolio.

Outstanding loan balance attributable to HE and HELOC portfolio.

Prepayment of loan balance attributable to HE and HELOC portfolio.

New origination or draw attributable to HE and HELOC portfolio.

Outstanding balance of loans at default attributable to HE and HELOC portfolio.

Gross loan charge-offs attributable to HE and HELOC portfolio.

Net loan charge-offs attributable to HE and HELOC portfolio.

Average loss severity for HE and HELOC portfolio. Should be calculated as losses divided by default balance. Components of loss severity include difference between default UPB and collateral value at liquidation and liquidation expenses (in the case of a mortgage loan, the liquidation expense includes appraisal and title search fees, legal fees, taxes, sales commissions, insurance, property taxes, maintenance expenses and marketing cost, etc.), minus any recoveries.

Allowance for loan losses attributable to HE and HELOC portfolio.

Credit loss expense attributable to HE and HELOC portfolio.

Outstanding loan balance attributable to Other Unsecured Consumer Loans portfolio.

Prepayment of loan balance attributable to Other Unsecured Consumer Loans portfolio.

New origination or draw attributable to Other Unsecured Consumer Loans portfolio.

Outstanding balance of loans at default attributable to Other Unsecured Consumer Loans portfolio.

Gross loan charge-offs attributable to Other Unsecured Consumer Loans portfolio.

Net loan charge-offs attributable to Other Unsecured Consumer Loans portfolio.

Average loss severity for Other Unsecured Consumer Loans portfolio. Should be calculated as losses divided by default balance. Components of loss severity include difference between default UPB and collateral value at liquidation and liquidation expenses (in the case of a mortgage loan, the liquidation expense includes appraisal and title search fees, legal fees, taxes, sales commissions, insurance, property taxes, maintenance expenses and marketing cost, etc.), minus any recoveries.

Allowance for loan losses attributable to Other Unsecured Consumer Loans portfolio.

Credit loss expense attributable to Other Unsecured Consumer Loans portfolio.

Outstanding loan balance attributable to Other Secured Consumer Loans portfolio.

Prepayment of loan balance attributable to Other Secured Consumer Loans portfolio.

New origination or draw attributable to Other Secured Consumer Loans portfolio.

Outstanding balance of loans at default attributable to Other Secured Consumer Loans portfolio.

Gross loan charge-offs attributable to Other Secured Consumer Loans portfolio.

Net loan charge-offs attributable to Other Secured Consumer Loans portfolio.

Average loss severity for Other Secured Consumer Loans portfolio. Should be calculated as losses divided by default balance. Components of loss severity include difference between default UPB and collateral value at liquidation and liquidation expenses (in the case of a mortgage loan, the liquidation expense includes appraisal and title search fees, legal fees, taxes, sales commissions, insurance, property taxes, maintenance expenses and marketing cost, etc.), minus any recoveries.

Allowance for loan losses attributable to Other Secured Consumer Loans portfolio.

Credit loss expense attributable to Other Secured Consumer Loans portfolio.

Outstanding loan balance attributable to Student Loans portfolio.

Prepayment of loan balance attributable to Student Loans portfolio.

New origination or draw attributable to Student Loans portfolio.

Outstanding balance of loans at default attributable to Student Loans portfolio.

Gross loan charge-offs attributable to Student Loans portfolio.

Net loan charge-offs attributable to Student Loans portfolio.

Average loss severity for Student Loans portfolio. Should be calculated as losses divided by default balance. Components of loss severity include difference between default UPB and collateral value at liquidation and liquidation expenses (in the case of a mortgage loan, the liquidation expense includes appraisal and title search fees, legal fees, taxes, sales commissions, insurance, property taxes, maintenance expenses and marketing cost, etc.), minus any recoveries.

Allowance for loan losses attributable to Student Loans portfolio.

Credit loss expense attributable to Student Loans portfolio.

Outstanding loan balance attributable to Commercial Real Estate Loans portfolio.

Prepayment of loan balance attributable to Commercial Real Estate Loans portfolio.

New origination or draw attributable to Commercial Real Estate Loans portfolio.

Outstanding balance of loans at default attributable to Commercial Real Estate Loans portfolio.

Gross loan charge-offs attributable to Commercial Real Estate Loans portfolio.

Net loan charge-offs attributable to Commercial Real Estate Loans portfolio.

Average loss severity for Commercial Real Estate Loans portfolio. Should be calculated as losses divided by default balance. Components of loss severity include difference between default UPB and collateral value at liquidation and liquidation expenses (in the case of a mortgage loan, the liquidation expense includes appraisal and title search fees, legal fees, taxes, sales commissions, insurance, property taxes, maintenance expenses and marketing cost, etc.), minus any recoveries.

Allowance for loan losses attributable to Commercial Real Estate Loans portfolio.

Credit loss expense attributable to Commercial Real Estate Loans portfolio.

Outstanding loan balance attributable to Commercial Non-Real Estate Loans portfolio.

Prepayment of loan balance attributable to Commercial Non-Real Estate Loans portfolio.

New origination or draw attributable to Commercial Non-Real Estate Loans portfolio.

Outstanding balance of loans at default attributable to Commercial Non-Real Estate Loans portfolio.

Gross loan charge-offs attributable to Commercial Non-Real Estate Loans portfolio.

Net loan charge-offs attributable to Commercial Non-Real Estate Loans portfolio.

Average loss severity for Commercial Non-Real Estate Loans portfolio. Should be calculated as losses divided by default balance. Components of loss severity include difference between default UPB and collateral value at liquidation and liquidation expenses (in the case of a mortgage loan, the liquidation expense includes appraisal and title search fees, legal fees, taxes, sales commissions, insurance, property taxes, maintenance expenses and marketing cost, etc.), minus any recoveries.

Allowance for loan losses attributable to Commercial Non-Real Estate Loans portfolio.

Credit loss expense attributable to Commercial Non-Real Estate Loans portfolio.

Outstanding loan balance attributable to Other Consumer Loans (Total) portfolio. Should equal sum of Loan Details Items LD37 and LD46.

Prepayment of loan balance attributable to Other Consumer Loans (Total) portfolio. Should equal sum of Loan Details Items LD38 and LD47.

New origination or draw attributable to Other Consumer Loans (Total) portfolio. Should equal sum of Loan Details Items LD39 and LD48.

Outstanding balance of loans at default attributable to Other Consumer Loans (Total) portfolio. Should equal sum of Loan Details Items LD40 and LD49.

Gross loan charge-offs attributable to Other Consumer Loans (Total) portfolio. Should equal sum of Loan Details Items LD41 and LD50.

Net loan charge-offs attributable to Other Consumer Loans (Total) portfolio. Should equal sum of Loan Details Items LD42 and LD51.

Average loss severity for Other Consumer Loans (Total) portfolio. Should be calculated as losses divided by default balance. Components of loss severity include difference between default UPB and collateral value at liquidation and liquidation expenses (in the case of a mortgage loan, the liquidation expense includes appraisal and title search fees, legal fees, taxes, sales commissions, insurance, property taxes, maintenance expenses and marketing cost, etc.), minus any recoveries.
