

**National Credit Union Administration  
Justification for Non-substantive/not material change**

**Capital Planning and Stress Testing  
12 CFR Part 702, Subpart E  
OMB No. 3133-0199**

NCUA found a minor typo error in the reporting template to be used for reporting supervisory stress testing results and is making a non-substantive change to the Self-Run Stress Testing Reporting Template to correct a heading.

The change made to the reporting template is as follows:

Self-Run Stress Testing Template:

- In the first worksheet entitled “Overview” the heading in the first row incorrectly read “Internal Capital Plan Results Submission Template Instructions”. **It should have said** “Self Run Stress Testing Results Submission Template Instructions”.

No other changes were made and this change does not impact burden hours.
