SECURITIES AND EXCHANGE COMMISSION

[OMB Control No. 3235-0425]

Submission for OMB Review; Comment Request; Extension: Form TH

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("PRA"), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") this request for extension of the previously approved collection of information discussed below.

Form TH (17 CFR 239.65, 17 CFR 249.447, 269.10 and 17 CFR 274.404) under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*), the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*), the Trust Indenture Act of 1939 (15 U.S.C. 77aaa *et seq.*) and the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) is used by registrants to notify the Commission that an electronic filer is relying on the temporary hardship exemption for the filing of a document in paper form that would otherwise be required to be filed electronically as required by Rule 201(a) of Regulation S-T (17 CFR. 232.201(a)) (hereinafter "Rule 201(a)"). Form TH is a public document and is filed on occasion. Except for certain identified exclusions listed in Rule 201(a), Form TH must be filed every time an electronic filer experiences unanticipated technical difficulties preventing the timely preparation and submission of an electronic filing. Approximately 0 filers file Form TH each year and it takes an estimated 0.33 hours per response to complete Form TH. For administrative convenience, we are estimating an annual burden of 1 hour (as the nearest whole number above zero) to reflect the possibility that one or more filers may submit a Form TH.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

Written comments are invited on: (a) whether this collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden imposed

by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

The public may view and comment on this information collection request at: https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202412-3235-027 or send an email comment to MBX.OMB.OIRA.SEC_desk_officer@omb.eop.gov within 30 days of the day after publication of this notice by April 7, 2025.

Dated: March 4, 2025.

Assistant Secretary.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB’s regulation (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) how to enhance the quality, utility, and clarity of the information to be collected; and (d) how to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. In compliance with these requirements, NHTSA asks for public comments on the following proposed collection of information for which the agency is seeking approval from OMB.
