

**Request for Nonsubstantive Change**

**ICR 0579-0101**

**January 31, 2025**

APHIS conducted a review of VS Forms 5-29 and 5-29A and requests approval for nonsubstantive changes.

The changes includes terminology and instructions. The changes do not affect response time or burden.

**FORM: VS 5-29 Scrapie Test Record (3 changes)**

**Change 1: Reasons 6 changed from "IMPORTED" TO "IMPORT/EXPORT".**

**CURRENT**

REASON FOR TEST	
1 SURVEILLANCE	7 SUSPECTED
2 POSITIVE	8 EXPOSED
3 SFCP	9 INFECTED OR SOURCE RSSS POS.
4 HIGH RISK TRACE TO FLOCK	10 INFECTED OR SOURCE (NOT RSSS)
5 OWNER'S REQUEST	11 MISSING EXPOSED EWE (ME)
6 IMPORTED	12 RETEST/ OTHER

**CHANGE**

REASON FOR TEST	
1 SURVEILLANCE	7 SUSPECTED
2 POSITIVE	8 EXPOSED
3 SFCP	9 INFECTED OR SOURCE RSSS POS.
4 HIGH RISK TRACE TO FLOCK	10 INFECTED OR SOURCE (NOT RSSS)
5 OWNER'S REQUEST	11 MISSING EXPOSED EWE (ME)

**Change 2: Changed "(circle one #)" to "(Type one #)"**

**CURRENT**

Rectal Biopsy Sample Loc (circle one #) <sup>3</sup>

**CHANGE**

Rectal Biopsy Sample Loc (Type one #) <sup>3</sup>

### Change 3: Two changes

1. Left side, changed “DSE Name” to “DSE/VMO Name”.
2. Right side, instruction item 3, changed “circle the quadrant where the biopsy sample was collected” to “type the quadrant number in the space next to the diagram”.

#### CURRENT

<p><b>NOTE:</b> Sample numbers on specimens must be the same as listed on this form.</p> <p>DSE Name:</p>	<p><sup>1</sup>Referral Number Format: State abbreviation, collector's initials, collection date.</p> <p><sup>2</sup>For farms where a scrapie risk factor questionnaire was completed, check appropriate box.</p> <p><sup>3</sup>For animals that may be sampled multiple times, e.g. SFCP or Exposed animals, circle the quadrant where the biopsy sample was collected.</p>
---	--

#### CHANGE

<p><b>NOTE:</b> Sample numbers on specimens must be the same as listed on this form.</p> <p>DSE/VMO Name:</p>	<p><sup>1</sup>Referral Number Format: State abbreviation, collector's initials, collection date.</p> <p><sup>2</sup>For farms where a scrapie risk factor questionnaire was completed, check appropriate box.</p> <p><sup>3</sup>For animals that may be sampled multiple times, e.g. SFCP or Exposed animals, type the quadrant number in the space next to the diagram.</p>
---	--

### FORM 2: VS 5-29A Continuation Sheet - Scrapie Test Record (2 changes)

Change 1: Changed “(circle one #)” to “(Type one #)”

#### CURRENT

<p>Rectal Biopsy Sample Loc (circle one #)<sup>1</sup></p>

#### CHANGE

<p>Rectal Biopsy Sample Loc (Type one #)<sup>1</sup></p>

Change 2: Changed “circle the quadrant where the biopsy sample was collected” to “type the quadrant number in the space next to the diagram”.

#### CURRENT

<sup>1</sup>For animals that may be sampled multiple times, e.g. SFCP or Exposed animals, circle the quadrant number where the rectal biopsy sample was taken for each animal.

#### CHANGE

<sup>1</sup>For animals that may be sampled multiple times, e.g. SFCP or Exposed animals, type the quadrant number in the space next to the diagram.
