

InPort Screenshots (13 Pages)

Form 1: Data Set Identification

The screenshot shows a web browser window with the URL fisheries.noaa.gov/inport/item/64536/mode/dscr/identification/edit. The InPort logo is in the top left, and a search bar is in the top right. The navigation menu includes 'My InPort', 'Organizations', 'Search', 'Stats', 'Admin', and 'Help'. The user 'Michael Chang' is logged in. The breadcrumb trail is 'Home > Catalog Item ID: 64536 > DSCR Mode > Edit Identification Score Fields'. The form title is 'Edit Identification Score Fields' with the subtitle 'Example Data Set'. Below this, it says 'Data Set (DS) | Cat ID: 64536 | Draft'. The form fields are: 'Title' (text input with 'Example Data Set'), 'Data Set Scope Code' (dropdown menu with 'Data Set' selected), 'Abstract' (large text area), 'Purpose' (large text area), 'Creation Date' (dropdown for 'Day' and 'YYYY-MM-DD' with an 'Unknown' checkbox), and 'Status' (dropdown menu). At the bottom are 'Save Changes' and 'Cancel' buttons. A 'Help' sidebar on the right contains an 'Abstract' section with instructions: 'A brief narrative summary. The abstract should clearly reference the specific subject and unique dimensions of the resource being documented, along with explicit consideration of major scientific concepts, keywords, and other descriptive terms to aid system users in searching through the metadata records and identifying relevant ones. The abstract should avoid describing the larger project, system, or study as often as possible.' The footer includes 'InPort Release 4.7.0 (Build FINAL (2021-03-17 16:47 UTC))' and links for 'About InPort', 'Contact', 'Feedback', 'Release Notes', 'System Availability', 'Privacy', and 'Security'.

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0648-0024. Without this approval, we could not conduct this information collection. Public reporting for this information collection is estimated to be approximately 2.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. All responses to this information collection are voluntary. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to the NMFS, Michael.chang@noaa.gov. Geospatial metadata is requested in accordance with Executive Order 12906 and NOAA Administrative Order 212-5.

Privacy Act Statement

Authority: The collection of this information is authorized under 5 U.S.C. § 301, Departmental regulations which authorizes the operations of an executive agency, including the creation, custodianship, maintenance and distribution of records, and 15 U.S.C. 1512, Powers and duties of Department.

Purpose: NOAA collects limited information, such as name, address, phone number, or email address for a variety of purposes. This information will be used to respond to user inquiries or provide services requested by the user.

Routine Uses: Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 552a) to be shared among Department staff for work-related purposes. Disclosure of this information is also subject to all of the published routine uses as identified in the Privacy Act System of Records Notice [COMMERCE/NOAA-11](#), Contact Information for Members of the Public Requesting or Providing Information Related to NOAA's Mission.

Disclosure: Furnishing this information is voluntary. By providing this information, you are consenting to the use of that information only for the purpose for which it is submitted.

Help

Access Constraint

Restrictions and legal prerequisites for accessing the data set. Includes any access constraints applied to assure privacy or intellectual property and any special restrictions on the use of the data.

For data with limitations to public access, a description of the methods by which the data are protected from unauthorized access or disclosure should be provided.

Help

W. Dec. Degrees

The westernmost longitude in which the data was collected.
Format: Real numbers; range from -180.0 to 180.0 longitude.
For data sets that include a complete band of latitude around the earth, the West Bounding Coordinate shall be assigned the value -180.0.

Latitude and Longitude do not apply to every Data Set. Latitude and Longitude can be empty so long as a description of the geographic area is provided in the field below.

Only the first Boundary Box is indexed by the NOAA Data Catalog at this time.
