

SUBJECT: PAPERWORK REDUCTION ACT – INFORMATION COLLECTION FOR RULEMAKING

INTRODUCTION

The new information collection for this rule will primarily take the form of Declarations of Conformity, specific authorizations applications, and advisory opinion requests. After the rule is published, the Office of Information and Communications Technology and Services within the Bureau of Industry and Security (BIS) will initially intake Declarations of Conformity, specific authorization applications, and advisory opinion requests via PDF forms that will be transmitted to BIS over e-mail. The PDF forms will be created and accessible on the BIS website after the Final Rule is published. BIS is also currently working to create a web-based portal and will transfer intake to this portal once it has been created. BIS will include the following fields in the PDF forms and subsequent web-based portal for information collection related to Declarations of Conformity, specific authorizations applications, and advisory opinion requests.

PAPERWORK REDUCTION ACT STATEMENT

This information collection meets the requirements of 44 U.S.C. § 3507, as amended by section 2 of the Paperwork Reduction Act of 1995. You do not need to answer these questions unless a valid Office of Management and Budget (OMB) control number is displayed. The OMB control number assigned to this collection is 0694-0145. Send the completed form via the instructions at bis.gov/connected-vehicles.

The public reporting burden for this collection of information is estimated to average 4 hours per response, including the time for reviewing instructions, and completing and reviewing the collection of information. You may send comments regarding the burden hour estimate or any other aspect of this collection to: CV-intake@bis.doc.gov.
