Survivor Access Card FAQs

1. What is the purpose of the IMCOM Form 44?

Section 626 of Public Law, 115-232, the John S. McCann National Defense Authorization Act for Fiscal Year 2019 recognizes Survivors as having long term unescorted access to Army installations. The Survivor Access Card is intended for recognition and installation access to receive services, attend events, view memorials, and similar activities. The Survivor Access Card does not provide additional benefits or entitlements not already authorized to eligible surviving Family members. For example, it does not provide Army and Air Force Exchange Service (AAFES) Exchange or Defense Commissary Agency (DeCA) privileges, and cannot be used to prove eligibility for the Survivor Family Program discount at Armed Forces Recreation Centers (AFRCs).

2. What are the two different types of Survivor Access Cards?

The two different types of Survivors Access Cards are the Digital Automated Installation Entry (AIE) Survivor Access Card and DA Form 1602. Installations that have the Army's Digital AIE system will issue the Digital AIE Survivor Access Card. Otherwise, they will use the DA Form 1602.

3. Who is eligible for the Survivor Access Card?

Eligible surviving Family members are those who meet the criteria to receive the Gold Star Lapel Button or Next of Kin (NOK) Lapel Button including widow or widower, parent, child, stepchild, child through adoption, brother, half-brother, sister and half-sister and step-siblings. Surviving Family members who already have a military identification card granting installation access, such as a DD Form 1173 or Common Access Card (CAC) are not eligible to receive the Survivor Access Card.

4. What documentation is needed to obtain the Survivor Access Card?

In addition to providing personal identification, surviving Family members will need to complete IMCOM Form 44, which is the application for a Survivor Access Card. The information provided on this form will be used to perform a background check prior to issuance of the Survivor Access Card. Surviving Family members are required to provide two forms of identity in original form, in person, at time of Survivor Access Card issue. Refer to page 1 for a complete listing of acceptable forms of identification.

5. How long is the Survivor Access Card valid?

The Survivor Access Card is valid for three years at Army Installations and may be renewed upon expiration.

6. How can Surviving Family members renew their Survivor Access Card after the 3 year period of issuance?

Surviving Family members will need to initiate the renewal process by contacting their Survivor Outreach Service Coordinator to request a new card. Survivors will need to provide the same documentation needed for the initial card request. Expired Survivor Access Cards are required to be turned in before the issuance of a new card.

7. Where do I send my completed application?

Surviving Family members can submit the completed application to their Army Survivor Outreach Service Coordinator. The mailing address of the Survivor Outreach Service Office is located at the Digital Garrison mobile APP. The Digital Garrison App provides information and facilitates access to a full array of on-post services. The app can be downloaded on Android and Apple devices. Within the easy-to-use app, Survivors of the Fallen can access an installation directory, gate information and hours, Survivor Access Card information, Gold Star Lapel Pin and Next of Kin Lapel Button replacement instructions, DFAS MYPay Account instructions and much more.

8. Who can I contact for additional information and to initiate the process?

The Army has a network of Survivor Outreach Service Coordinators at various locations. If you have questions about this form or how to fill it out, please contact the Survivor Outreach Service Coordinator at the installation closest to you by using the Survivor Outreach Service Staff finder located at <https://dcs9.army.mil/safr/sos/sos-find.html> or by scanning the QR code to the right.
