Quarterly Program Update (QPU)

Welcome to the DP22-2022 National Breast and Cervical Cancer Early Detection Program (NBCCEDP) Quarterly Program Update. In this short survey, you will report information related to spending, staff vacancies, program successes, and program challenges. Information you provide will be used to inform CDC's technical assistance efforts. Refer to the QPU folder (click link to open in new tab/window) in the Program Guidance area of the RESOURCES tab for more information on the content and how to access and complete the survey.

If you have content-related questions, please contact Kristy Kenney at hsl7@cdc.gov or 770-488-0963. If you have technical issues, please contact IMS at support@nbccedp.org.

Public reporting burden of this collection of information is estimated to average 32 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-1046).

Test Program 8 – Program year 3, quarter 1

Any unsaved answers will be lost if you are idle for more than 30 minutes, navigate away from the site, or close the browser. If you change an answer to "No", all sub-questions that are skipped will be set to blank.

Section 1. Respondent Information

Respondent Role:

Section 2. Award Spending

How much of your total CDC DP22-2202 NBCCEDP federal award funds for program year (PY) 3 have you spent as of the end of this quarter (09/30/2024)?

Include funds spent since the beginning of the program year, that is, cumulative since July 1 of the current PY. Spending refers to funds that have actually been paid out (expenditures) or funds that are obligated during the time period of interest but currently unspent (i.e., unpaid bills). Do not include funds that you plan to spend in the future or funds for services that are not yet rendered. Likewise, do not include funds spent from sources other than the NBCCEDP federal award. Finally, only report spending on the current Program Year's award, and do NOT include any spending of unobligated or DP17-1701 carryover funds.

Have you experienced any challenges in spending your DP22-2202 NBCCEDP federal funds?

○ Yes ○ No
