

Appendix D

Agency for Healthcare Research and Quality TeamSTEPPS® for Long-Term Care List of Module Names to be Used in Focus Groups

Each Module being tested in the focus groups includes an instructor guide and PowerPoint slide desk, and most include one or more video files. Not all Modules will be shown to all the groups, and not all videos available for a particular Module will be used. Since final video selections have not yet been made, we've provided a link to a page on the AHRQ Web site to show most of the possibilities. <http://www.ahrq.gov/professionals/education/curriculum-tools/teamstepps/longtermcare/video/index.html>

Here is the list of TeamSTEPPS for Long-Term Care Modules from which final focus group materials will be chosen:

- Module 2 – Team Structure
- Module 3 – Communication
- Module 4 – Leading Teams
- Module 5 – Situation Monitoring
- Module 6 – Mutual Support
- Module 8 – Change Management
- Module 10 – Measurement
- Module 11 – Implementation
