

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number:0935-0179)

TITLE OF INFORMATION COLLECTION:

Request for Opioid Project Information from Patient Safety Organizations (PSOs)

PURPOSE:

The Agency for Healthcare Research and Quality (AHRQ) seeks feedback from AHRQ-listed PSOs (see respondent description below) on their interest in and current participation in opioid-related projects. The information gathering sheet will aid in the planning of a one-day PSO Summit on Opioid tools and projects in November of 2018. The Summit is a closed meeting of PSOs. Opioids are a top priority of the department, and both AHRQ and the AHRQ-listed PSOs are interested in finding ways to improve the crisis we now face across the country.

DESCRIPTION OF RESPONDENTS:

All respondents will be currently-listed AHRQ PSOs, and no personally identifiable individual information will be collected. Currently there are 82 PSOs nationwide; a sub-set are interested in or are currently working on opioid-related projects. We expect about 40 PSOs to respond with information on opioid projects they are or have worked on in the past. The majority of respondents are likely to be those attending the Summit in November. Since all respondents will be AHRQ-listed PSOs, AHRQ already has the contact information for each of these entities which is required for listing by AHRQ.
