

# For OMB: Card Sort A: Online Data Collection for AHRQ.gov

Form Approved  
(OMB Control Number: #0935-0179)  
Exp. Date \_\_\_\_\_

## Welcome

Welcome to this OptimalSort study, and thank you for agreeing to participate!

The activity shouldn't take longer than **15 minutes** to complete.

Your response will **help us to organize the content on our website**. Find out how on the next page...

## Instructions

### Step 1

Take a quick look at the list of terms/phrases to the left. {OMB please note- The "Cards to Be Sorted" list shown here on page 2 will appear on the left side of the participant's screen}

We'd like you to sort them into groups that make sense to you.

There is no right or wrong answer. Just do what comes naturally.

### Step 2

Drag terms/phrases from the left to the category that fits best. {OMB please note- The "categories" list shown here on pages 2-4 will appear as individual boxes on the right side of the participant's screen and the participant can drag and drop the terms onto the corresponding category to group them}

Use the groups provided or create your own by dragging and dropping an item from the left into the space on the right.

### Step 3

If you created your own groups, click the title to rename your new group.

### Step 4

Add more items to this group by dropping them on top of it.

Make more groups by dropping them in unused spaces.

When you're done click "Finished" at the top right. Have fun!

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0935-0179. The time required to complete this information collection is estimated to average 15 minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you
