### Coast Guard

[Docket No. USCG–2024–0439]

#### Issuance of Maritime Security (MARSEC) Directive 105–5; Cyber Risk Management Actions for Ship-to-Shore Cranes Manufactured by People’s Republic of China Companies

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of availability.

**SUMMARY:** The Coast Guard announces the availability of Maritime Security (MARSEC) Directive 105–5, which outlines cyber risk management requirements for ship-to-shore cranes manufactured by People’s Republic of China (PRC) companies. These requirements are in addition to those previously promulgated via MARSEC Directive 105–4. The Directive contains security-sensitive information and, therefore, cannot be made available to the general public. Owners or operators of ship-to-shore (STS) cranes manufactured by PRC companies should immediately contact their local Coast Guard Captain of the Port (COTP) or District Commander for a copy of MARSEC Directive 105–5.

**DATES:** MARSEC Directive 105–5 has been available since November 13, 2024.

**FOR FURTHER INFORMATION CONTACT:** For information about this document call or email Brandon Link, Commander, U.S. Coast Guard, Office of Port and Facility Compliance; telephone 202–372–1107, email [Brandon.M.Link@uscg.mil](mailto:Brandon.M.Link@uscg.mil).

**SUPPLEMENTARY INFORMATION:****Background and Purpose**

MARSEC Directive 105–5 outlines requirements in addition to those previously promulgated via MARSEC Directive 105–4 on cyber risk management actions for owners or operators of STS cranes manufactured by PRC companies. MARSEC Directive 105–4 was issued on February 21, 2024 and was announced in a notice of availability published on February 23, 2024. 89 FR 13726 (February 23, 2024). Owners or operators of STS cranes manufactured by PRC companies should immediately contact their local COTP or cognizant District Commander for a copy of MARSEC Directive 105–5.

The Maritime Transportation Security Act's implementing regulations in 33 CFR parts 101–105 are designed to protect the maritime elements of the national transportation system. Under 33 CFR 101.405, the Coast Guard may set forth additional security measures to respond to a threat assessment or to a specific threat against those maritime elements. In addition, per 33 CFR 6.14–1, the Commandant “may prescribe such conditions and restrictions relating to the safety of waterfront facilities and vessels in port as the Commandant finds to be necessary under existing circumstances.”

STS cranes manufactured by PRC companies make up the largest share of the global ship-to-shore crane market and account for nearly 80% of the STS cranes at U.S. ports. By design, these cranes may be controlled, serviced, and programmed from remote locations, and those features potentially leave STS cranes manufactured by PRC companies vulnerable to exploitation, threatening the maritime elements of the national transportation system.

As such, additional measures are necessary to prevent a Transportation Security Incident in the national transportation system due to the prevalence of STS cranes manufactured by PRC companies in the U.S., threat intelligence related to the PRC's interest in disrupting U.S. critical infrastructure, and the built-in vulnerabilities for remote access and control of these STS cranes.

**Procedural**

Owners and operators of STS cranes manufactured by PRC companies must contact their local COTP or cognizant District Commander to acquire a copy of MARSEC Directive 105–5. COTPs or cognizant District Commanders may provide this MARSEC Directive to appropriate owners and operators via email, mail or fax in accordance with

Sensitive Security Information (SSI) handling procedures.

Pursuant to 33 CFR 101.405, we consulted with the Department of State, Department of Defense, Department of Transportation/Maritime Administration, Department of Homeland Security, Transportation Security Administration, Cybersecurity and Infrastructure Security Agency, and National Maritime Intelligence-Integration Office.

All MARSEC Directives issued pursuant to 33 CFR 101.405 are marked as SSI in accordance with 49 CFR part 1520. COTPs and District Commanders will require individuals requesting a MARSEC Directive to prove that they meet the standards for a “covered person” under 49 CFR 1520.7, have a “need to know” the information, as defined in 49 CFR 1520.11, and that they will safeguard the SSI in MARSEC Directive 105–5 as required in 49 CFR 1520.9.

This notice is issued under authority of 33 CFR 6.14–1 and 101.405(a)(2) and 5 U.S.C. 552(a).

Dated: November 13, 2024.

**Notice of Inventory Completion:  
Peabody Museum of Archaeology and  
Ethnology, Harvard University,  
Cambridge, MA**

**AGENCY:** National Park Service, Interior.  
**ACTION:** Notice.

**SUMMARY:** In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Peabody Museum of Archaeology and Ethnology, Harvard University (PMAE) has completed an inventory of human remains and has determined that there is a cultural affiliation between the human remains and Indian Tribes or Native Hawaiian organizations in this notice. The human remains were collected at the U.S. Indian Vocational School, Bernalillo County, NM.

**DATES:** Repatriation of the human remains in this notice may occur on or after December 19, 2024.

**ADDRESSES:** Jane Pickering, Peabody Museum of Archaeology and Ethnology,

Harvard University, 11 Divinity Avenue  
Cambridge, MA 02138, telephone (617)  
496–2374, email [jpickering@fas.harvard.edu](mailto:jpickering@fas.harvard.edu).

**SUPPLEMENTARY INFORMATION:** This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the PMAE, and additional information on the determinations in this notice, including the results of consultation, can be found in the inventory or related records. The National Park Service is not responsible for the determinations in this notice.

**Abstract of Information Available**

Based on the information available, human remains representing, at minimum, two individuals were collected at the U.S. Indian Vocational School, Bernalillo County, NM. The human remains are hair clippings collected from one individual who was recorded as being 14 years old and one individual who was recorded as being 13 years old and identified as “San Felipe.” Reuben Perry took the hair clippings at the U.S. Indian Vocational School between 1930 and 1933. Perry sent the hair clippings to George Woodbury, who donated the hair clippings to the PMAE in 1935. No associated funerary objects are present.

**Cultural Affiliation**

Based on the available information and the results of consultation, cultural affiliation is clearly identified by the information available about the human remains described in this notice.

**Determinations**

The PMAE has determined that:

- The human remains described in this notice represent the physical remains of two individuals of Native American ancestry.

- There is a reasonable connection between the human remains described in this notice and the Pueblo of San Felipe, New Mexico.

**Requests for Repatriation**

Written requests for repatriation of the human remains in this notice must be sent to the Responsible Official identified in **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or
