TITLE OF INFORMATION COLLECTION

OFCCP Digital Engagement Subscriber Questions

PURPOSE

The Office of Federal Contract Compliance Programs (OFCCP) is an agency within the U.S. Department of Labor that administers and enforces three equal employment opportunity mandates: Executive Order 11246, as amended; Section 503 of the Rehabilitation Act of 1973, as amended; and the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended, 38 U.S.C. 4212. These mandates prohibit covered federal contractors and subcontractors (hereafter collectively referred to as "contractors") from discriminating based on race, color, religion, sex, sexual orientation, gender identity, national origin, disability, or status as a protected veteran. Additionally, contractors are prohibited from taking adverse employment actions against applicants and employees for asking about, discussing, or sharing information about their pay or the pay of their co-workers, subject to certain limitations.

OFCCP offers the public the option to subscribe to e-mail updates from the agency. The information subscribers provide to OFCCP with regard to their subscription preferences includes name, location, industry type (*i.e.*, advocacy, business, financial, government, healthcare, non-profit, consultants, construction, education, other), type of stakeholder/subscriber (*i.e.*, contractor, federal contracting officers, human resource professional or compliance officer, contractor association or consultant, community based organization, job training or referral entity, civil rights group, Native American Organization, worker, other), type of contractor - if they selected that option (*i.e.*, new and small, construction, supply and service, or university), and areas of interest on OFCCP protections (*i.e.*, race, color, religion, sex, sexual orientation, gender identity, national origin, veteran status, disability, compensation and wages, Native American employment rights). OFCCP uses this information to issue e-mail blasts announcing press releases, regulatory updates, guidance updates, and general matters of interest to the subscribers.
