A. Justification

1. Need and Legal Basis

The Office of Federal Financial Management (OFFM) leads efforts in government-wide grants management to assure that Federal grants to non-Federal entities are managed properly and spent in accordance with laws and regulations. Working cooperatively with Federal grant-making agencies and non-Federal entities, OFFM establishes policies and guidelines through OMB's Uniform Administrative Requirements via 2 CFR Part 200, which establishes uniform administrative requirements, cost principles, and audit requirements for Federal awards to non-Federal entities. Grants.gov serves as a repository for Federal grant-related forms.

OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards establish the reporting requirements fulfilled by this form. This collection also partially fulfills OFFM responsibilities under Pub. L. 109-282, Sec 2590, Federal Funding Accountability and Transparency Act of 2006, and Pub. L 106-107, Sec 468, Federal Financial Assistance Management Improvement Act of 1999.

The Federal Funding Accountability and Transparency Act of 2006 (FFATA) required, among other things, that grant financial assistance awards be displayed on a publicly accessible and searchable website, USAspending.gov. The Digital Accountability and Transparency Act (DATA Act), Pub. L. 113-101, expanded on the FFATA by establishing governmentwide standards and holding agencies accountable for the quality of the data.

Not applicable since there are no sensitive questions.

12. Burden Estimate

Section A. Estimated Annualized Burden Hours to Respondents

As this is a Common Form, burden is reported only for HHS. Agencies may elect to use the form for future use. Agencies electing future use of the form will be added through a change request. All agencies with grant programs that award grants to organizations are eligible to use this form.

HHS received 40,000 submissions in FY2013 and estimate that it takes applicants approximately one hour on average to complete this form. Cumulatively, these organizations report the total burden to applicants to be 40,000 hours.

**SF-271 Outlay Report and Request for Reimbursement Form Estimated
Annualized
Burden to Respondents**

AGENCY	SF-271 Outlay Report and Request for Reimburse- ment Number of Annual	Number of Responses per Respondent	Total Annual Responses	in Hours	Total Burden Hours
HHS	40,000	1	40,000	1	40,000
TOTAL	40,000		40,000		40,000

Section B. Burden Cost

**SF-424 (Mandatory) Form Estimated Annualized
Cost to Respondents**

Cost To Respondents				
AGENCY	Type of Respondent	Hourly Wage Rate	Total Burden Hours	Total Respondent Cost
HHS	Grant Writer	\$ 30.00	40,000	\$ 1,200,000
TOTAL			40,000	\$ 1,200,000

The Estimated Annualized Cost to Respondents assumes that the hourly wage rate for a grant writer is \$30. The Total Burden Hours times the Hourly Wage Rate produces the Total Respondent Cost which is \$1,200,000.

13. Capital Costs

There is no cost burden to respondents and record keepers associated with the use of the SF-271 Outlay Report and Request for Reimbursement for Construction Programs form.

14. Cost to the Federal Government

There is no projected incremental increase in the cost burden to the Federal Government. Each agency currently has existing personnel, systems, and processes (or other resources) in place to receive and review their agency-specific grant applications. Any additional cost for agency system development, maintenance and enhancements should not be attributed to use of the SF-271 Outlay Report and Request for Reimbursement form, and therefore its use is not expected to alter annualized Federal costs.

Total Annual Responses	Agency Personnel Time to Review (Hours)	Total Burden Hours on Agency Personnel	Average Grants Administrative Hourly Salary	Estimated Annual Cost to Federal Government for Form Review
40,000	1	40,000	\$49.00	1,960,000

Agency personnel time to review the form is estimated at 1 hours per form. Based on 40,000 responses per year, then 40,000 hours are estimated personnel hours to review. Grants administrative personnel generally are in the GS9 -15 range. Based on a step one average of these grades, an average hourly salary is \$49 per hour. Therefore, 40,000 hours x \$49 = \$1,960,000 of estimated annual cost to the federal government to review the form.

15. Program or Burden Changes

Not applicable as there were no program nor burden changes.

16. Publication and Tabulation Dates

Not applicable since there are no publication plans.
